## **El Hombre Deshabitado:**

**Rafael Alberti's «El Hombre Deshabitado»** Richard Andrew Cardwell, 1970      **Rafael Alberti et les avant-gardes**

Serge Salaün, Zoraida Carandell, 2004 l'occasion du centième anniversaire de la naissance de Rafael Alberti 1902-1999 le colloque organisé en décembre 2002 par le CREC et dont les PSN publient ici les actes tenait rendre hommage à une des principales personnalités des lettres espagnoles dont l'œuvre monumentale en poésie théâtre prose mais aussi peinture et dessin ce que l'on connaît moins couvre plus de trois quarts de siècle et se caractérise par une exceptionnelle vitalité et la qualité permanente d'une esthétique.

**El hombre deshabitado** Rafael Alberti, 1956      *Teatro María Teresa León, 2003*      **The Cultural Politics of Twentieth-Century Spanish Theater** Carey Kasten, 2012-02-16 The Cultural Politics of Twentieth-Century Spanish Theater argues that twentieth century artists used the Golden Age Eucharist plays called autos sacramentales to reassess the way politics and the arts interact in the Spanish nation's past and present and to posit new ideas for future relations between the state and the national culture industry. The book traces the phenomenon of the twentieth century auto to show how theater practitioners revisited this national genre to manifest different oftentimes opposing ideological and aesthetic agendas. It follows the auto from the avant garde stagings and rewritings of the form in the early twentieth century to the Francoist productions by the Teatro Nacional de la Falange to postmodern parodies of the form in the era following Franco's death to demonstrate how twentieth century Spanish dramatists use the auto in their reassessment of the nation's political and artistic past and as a way of envisioning its future.

Published by Boydell Brewer Inc      **Teatro** R. Alberti, 1956      **Madrid's Forgotten Avant-Garde** Silvina Schammah Gesser, 2016-04-01 This book explores the role played by artists and intellectuals who constructed and disseminated various competing images of national identity which polarized Spanish society prior to the Civil War. The convergence of modern and essentialist discourses and practices especially in literature and poetry in what is conventionally called in Spanish letters The Generation of 27 created fissures between competing views of aesthetics and ideology that cut across political affiliation. Silvina Schammah exposes the paradoxes facing Madrid's cultural vanguards as they were torn by their ambition for universality cosmopolitanism and transcendence on the one hand and by the centripetal forces of nationalistic ideologies on the other. Taking upon themselves roles to become the disseminators and popularizers of radical positions and world views first elaborated and conducted by the young urban intelligentsia their proposed aim of incorporating diverse identities embedded in different cultural constructions and discourse was to have very real and tragic consequences as political and intellectual lines polarized in the years prior to the Spanish Civil War.

Kahn,2015-10-05 In this volume experts on the Spanish Golden Age from the United Kingdom Ireland and the United States offer analyses of contemporary works that have been influenced by the classics from the sixteenth and seventeenth centuries Part of the formation of a sense of national identity always a problematic concept in Spain is founded in the recognition and appreciation of what has come beforehand and no other era in the history of Spanish literature and drama represents the talent and fascination that Spaniards and non Spaniards alike possess with the artistic legacy of this country In order to establish properly a context for the study of literature or history one cannot always study the works writers or era in isolation rather performing scholarly studies on these topics as a continuation of what has come before reveals that many thoughts concepts character types criticisms and social issues have been thoroughly explored by our literary ancestors This era is referred to as the Golden Age not only because of the voluminous production of art literature drama and poetry but also because writers such as Miguel de Cervantes Lope de Vega and Pedro Calder n de la Barca influenced by the re birth of the Classical masters presented the reading and viewing public with genuine human emotions and experiences in a more comprehensive manner than in previous eras In the twentieth century Spain faced a series of political crises the Spanish Civil War 1936 39 and the Franco Dictatorship 1939 75 followed by the Transition and the concept of historical memory have provided contemporary Spanish writers with the impetus and freedom to express their views A frequent source of inspiration has been the Golden Age that epoch of history that produced such political and religious upheaval and this book explores the manner in which contemporary Spaniards have reached into the past to connect with their present world     Juan Ramón, Alberti Diego

Martínez Torró, 2006     **Diccionario Akal de Teatro** Manuel Gómez García, 1998-01-02 Este libro pretende comprender el conjunto de las artes y ciencias del espectáculo trascendiendo lo que pudiera ser específicamente teatral desde un criterio restrictivo para abarcar también matices como el circo y la danza. Sus referencias biográficas y terminológicas totalizan más de 20 000 palabras o locuciones agrupadas en torno a numerosos conceptos y en particular a los siguientes: actor, argot teatral, autor, baile, comedia, director, drama, escenario, espectáculo, iluminación, interpretación, movimientos espirituales, etc. Síntesis personaje público, puesta en escena, teatro, texto, tragedia y vestuario. Caracterizada por el rigor en su elaboración, la obra centra su análisis en el conjunto de la escena mundial a lo largo de la historia; si bien se presta especial atención al teatro español y particularmente a nuestros autores, actores y directores contemporáneos.

**Theorizing Modernisms** Steve Giles, 2002-09-11 At a time when postmodernism seems to have achieved a dominant position in cultural and critical theory, the contributors to this volume present a much-needed corrective to the misleading images of modernism which have dominated recent debate. Theorizing Modernisms includes an account of European modernism and analysis of the work of Apollinaire and Aberti, Wyndham Lewis and Mike Johnson and Kert Schwitters. Steve Giles provides a much-needed overview of the relationship between modernism and the avant-garde, postmodernism and modernity.
