El Pulso De La Democracia Participacion Y Descentralizacion En Bolivia:

Popular Participation, Decentralisation, and Local Power Relations in Bolivia Denis Lucy Avilés Irahola, 2005 Impasse in Bolivia Benjamin Kohl, Linda C. Farthing, 2013-07-04 Bolivia has experienced two decades of unprecedented popular resistance to the consequences of neoliberal policies resulting in the resignation and flight of its president in October 2003. This unusual book uncovers the reasons and processes behind the rising opposition mirrored in country after country in Latin America to this currently fashionable internationally prescribed approach to economic development. It explores the problems faced by governments in reproducing global strategies at the national level, the tensions between markets and democracy, state restructuring, citizenship and property rights. It points to the problems inherent in retaining neoliberalism as the dominant paradigm in Latin America for the foreseeable future and the unlikely prospect of it putting down real roots of approval and legitimacy. Decentralization in Asia and Latin America Paul J. Smoke, Eduardo J. Gómez, George E.

Peterson, 2006-11-28 Public sector decentralization has emerged prominently in many Asian and Latin American countries as a strategy to promote development and political reform. Results in both cases have been mixed. Despite broad similarities in intent and outcome, contextual differences between the regions have led to striking differences in the way decentralization has been structured and implemented. This volume takes an atypically historical and interdisciplinary perspective on decentralization, highlighting how fiscal and political forces together have been shaping its evolution in the two regions.

Descentralización y poder local en Chuquisaca Denis L. Avilés Irahola, 2010 Estado, región y poder local en América Latina, siglos XIX-XX Pilar García Jordán, 2007 Este volumen recoge los trabajos presentados en el simposio Estado, región y poder local en América Latina desarrollado en Barcelona el 29 y 30 de noviembre de 2006 por investigadores interesados en analizar y debatir desde una mirada interdisciplinaria cuestiones relativas a las características del estado nacional, el surgimiento y la articulación de diversos espacios regionales y la conformación de los poderes locales en la construcción de los estados latinoamericanos. La convocatoria fue organizada por el Taller de Estudios e Investigaciones Andino Amazónicas TEIAA, grupo de investigación consolidado de la Universitat de Barcelona 2005SGR 00250 que desde 1991 ha promovido diversas reuniones científicas ya en la Universidad de Barcelona ya en congresos nacionales e internacionales AHILA e ICA, fundamentalmente además de haber organizado un seminario permanente con la participación de investigadores de diversas disciplinas humanísticas y de las ciencias sociales y de estudiantes de postgrado. *Towards Democratic Viability* J.

Crabtree, L. Whitehead, 2015-12-22 The book traces the twin processes of economic liberalization and political democratization in Bolivia since the 1980s, placing both in their historical context. By focusing on the issue of democratic viability, it seeks to raise the broader question of the relationship between democratization and the socio-economic context in which it takes place. In particular, it examines the institutional reforms of the early 1990s praised by the World Bank and others and considers their achievements and limitations. **Experiencias De Atención A La Pobreza Y Municipalización**

En El Desarrollo Rural Sostenible , El pulso de la democracia Bolivia. Ministerio de Desarrollo Humano. Secretaría Nacional de Participación Popular,1997 *Struggle for Indigenous Rights in Latin America* Nancy Grey Postero,2004-09-01 The Indian question has come to the forefront of political agendas in contemporary Latin America In the process indigenous movements have emerged as important social actors raising a variety of demands on behalf of native peoples Regardless of the situation of Indian groups as small minorities or significant sectors many Latin American states have been forced to consider whether they should have the same status as all citizens or whether they should be granted special citizenship rights as Indians This book examines the struggle for indigenous rights in eight Latin American countries Initial studies of indigenous movements celebrated the return of the Indians as relevant political actors often approaching their struggles as expressions of a common generic agenda This collection moves the debate forward by acknowledging the extraordinary diversity among the movements composition goals and strategies By focusing on the factors that shape this diversity the authors offer a basis for understanding the specificities of converging and diverging patterns across different countries The case studies examine the ways in which the Indian question arises in each country with reference to the protagonism of indigenous movements in the context of the threats and opportunities posed by neoliberal policies The complexities posed by the varying demographic weight of indigenous populations the interrelation of class and ethnicity and the interplay between indigenous and popular struggles are discussed **Estado, identidades territoriales y autonomías en la región amazónica de Bolivia** Wilder Molina Argandoña,Cynthia Vargas Melgar,Pablo Soruco Claure,2008 **Movimientos indígenas identidad y nación en Bolivia y Ecuador** Cruz Rodríguez, Edwin,2013-02-06 Una de las transformaciones más importantes en la América Latina contemporánea es el reconocimiento del Estado plurinacional en las nuevas constituciones políticas de Bolivia y Ecuador Este trabajo realiza una genealogía del proceso que condujo a tal declaración remontándose a la fundación de ambas repúblicas a principios del siglo XIX Analiza las luchas en torno al significado de estas naciones en distintos momentos la forma como los proyectos hegemónicos de nación agenciados por las elites de ambos países intentaron articular los indígenas pero también la manera en que los indígenas resistieron esos intentos se articularon persiguiendo sus propios intereses o plantearon sus propios proyectos de nación **La descentralización que se viene** ,2003 Descentralización ya: conceptos, historia y agenda Esteban Valenzuela Van Treek,2024-10-01 Bajo el contexto de que actualmente en Chile el proceso de regionalización ha sido declarativo formal y burocrático enmarcado en políticas de descentralización según el autor adornadas con un falso discurso regionalista y que han constituido en esencia un reforzamiento del centralismo por la vía de la desconcentración administrativa el libro nos presenta los testimonios de las regiones y su constante pugna por combatir el centralismo chileno Las disputas a las cuales se refiere la obra abordan la cooptación versus la autonomía que implica la elección democrática de los representantes el poder político la devolución de recursos económicos significativos por ley y las potestades reales de autogobierno en competencias relevantes entre otros

temas El autor además enfatiza los casos de Jos Miguel Infante como estandarte del hroe disidente el mito rebelde de la población de habitantes de Atacama entre otros temas referentes a la elección de los presidentes en Chile Voces críticas de la descentralización, 2004 El Alto, Rebel City Sian Lazar, 2008-01-04 El Alto Rebel City combines ethnography and political theory to explore the astonishing political power exercised by the indigenous citizens of El Alto Bolivia in the past decade **Sustaining Civil Society** Philip Oxhorn, 2015-08-21 South America is not the poorest continent in the world but it may very well be the most unjust This statement by Ricardo Lagos then president of Chile at the Summit of the Americas in January 2004 captures nicely the dilemma that faces Latin American countries in the wake of the transition to democracy that swept across the continent in the last two decades of the twentieth century While political rights are now available to citizens at unprecedented levels social and economic rights lag far behind and the fledgling democracies struggle with long legacies of poverty inequality and corruption Key to understanding what is happening in Latin America today is the relationship between the state and civil society In this ambitious book Philip Oxhorn sets forth a theory of civil society adequate for explaining current developments in a way that such controversial neoconservative theories as Francis Fukuyama's liberal triumphalism or Samuel Huntington's clash of civilizations cannot Inspired by the rich political sociology of an earlier era and the classic work of T H Marshall on citizenship Oxhorn studies the process by which social groups are incorporated or not into national socioeconomic and political development through an approach that focuses on the social construction of citizenship **Gobiernos Locales y Desarrollo Rural Sostenible en los andes: Casos y experiencias**,

Now We Are Citizens Nancy Grey Postero, 2007 The book traces current Indian activism in Bolivia arguing that a new social formation is emerging to challenge racism and the harsh effects of the dominant neoliberal economic model

Changing Paths Peter P. Houtzager, Michael Peter Moore, 2009-12-14 After two decades of marketizing an array of national and international actors have become concerned with growing global inequality the failure to reduce the numbers of very poor people in the world and a perceived global backlash against international economic institutions This new concern with poverty reduction and the political participation of excluded groups has set the stage for a new politics of inclusion within nations and in the international arena The essays in this volume explore what forms the new politics of inclusion can take in low and middle income countries The contributors favor a polity centered approach that focuses on the political capacities of social and state actors to negotiate large scale collective solutions and that highlights various possible strategies to lift large numbers of people out of poverty and political subordination The contributors suggest there is little basis for the radical polycentrism that colors so much contemporary development thought They focus on how the political capabilities of different societal and state actors develop over time and how their development is influenced by state action and a variety of institutional and other factors The final chapter draws insightful conclusions about the political limitations and opportunities presented by current international discourse on poverty Peter P Houtzager is a Fellow at the Institute of

Development Studies University of Sussex He has been a visiting scholar at the Center for Latin American Studies University of California Berkeley visiting lecturer at Stanford University and lecturer at St Mary's College A political scientist with broad training in comparative politics and historical institutional analysis he has written extensively on the institutional roots of collective action Mick Moore is a Fellow at the Institute of Development Studies University of Sussex as well as Director of the Centre for the Future State He has been a visiting professor at the Massachusetts Institute of Technology His professional interests include political and institutional aspects of poverty reduction and of economic policy and performance the politics and administration of development and good government
