El Vuelo Espejo De Argentina:

A Lexicon of Terror Marguerite Feitlowitz, 1999-10-07 We were all out in la charca and there they were coming over the ridge a battalion ready for war against a schoolhut full of children Tanks roaring over farmlands pregnant mothers tortured their babies stolen and sold on the black market homes raided in the dead of night ordinary citizens kidnapped and never seen again such were the horrors of Argentina s Dirty War Now in *A Lexicon of Terror* Marguerite Feitlowitz fully exposes the nightmare of sadism paranoia and deception the military dictatorship unleashed on the Argentine people a nightmare that would claim over 30 000 civilians from 1976 to 1983 and whose leaders were recently issued warrants by a Spanish court for the crime of genocide Feitlowitz explores the perversion of language under state terrorism both as it s used to conceal and confuse The Parliament must be disbanded to rejuvenate democracy and to domesticate torture and murder Thus citizens kidnapped and held in secret concentration camps were disappeared torture was referred to as intensive therapy prisoners thrown alive from airplanes over the ocean were called fish food Based on six years of research and moving interviews with peasants intellectuals activists and bystanders *A Lexicon of Terror* examines the full impact of this catastrophic period from its inception to the present in which former torturers having been pardoned and released from prison live side by side with those they tortured Passionately written and impossible to put down Feitlowitz shows us both the horror of the war and the heroism of those who resisted and survived their courage their endurance their eloquent refusal to be dehumanized in the face of torments even Dante could not have imagined

A Lexicon of Terror Marguerite Feitlowitz, 2011-04 Tanks roaring over farmlands pregnant women tortured 30 000 individuals disappeared these were the horrors of Argentina s Dirty War This updated edition features a new epilogue that chronicles major political legal and social developments in Argentina since the book s initial publication

A History of Political Murder in Latin America W. John Green, 2015-04-27 A sweeping study of political murder in Latin America This sweeping history depicts Latin America s pan regional culture of political murder Unlike typical studies of the region which often focus on the issues or trends of individual countries this work focuses thematically on the nature of political murder itself comparing and contrasting its uses and practices throughout the region W John Green examines the entire system of political murder the methods and justifications the perpetrators employ the victims and the consequences for Latin American societies Green demonstrates that elite and state actors have been responsible for most political murders assassinating the leaders of popular movements and other messengers of change Latin American elites have also often targeted the potential audience for these messages through the region s various dirty wars In spite of regional differences elites across the region have displayed considerable uniformity in justifying their use of murder imagining themselves in a class war with democratic forces While the United States has often been complicit in such violence Green notes that this has not been universally true with US support waxing and waning A detailed appendix exploring political murder country by country provides an additional resource for readers

The

International Political Economy of Transformation in Argentina, Brazil and Chile Since 1960 E. Pang, 2002-09-06

This book is about how the three most important countries in South America have responded to the challenges of globalization since the mid 1960s the first OPEC price hike the Third World debt crisis leading to the lost decade for the continent and finally bold but often ill planned neo liberal reforms of the 1990s Latin America will experience another cycle of structural changes in the coming decades as the reforms of the 1980s and 1990s failed to produce the desired effects social justice fair income distribution sustainable growth and consolidation of democracy La Memoria Del Espejo

Volumen 5 Poemas/ the Memory of the Mirror Volume 5 Poems Claudio Serra Brun, 2015-07-15 I must say that this book and disk in the first edition is the result of two years of reflection and maturation but that its genesis its booster traces back to a decade ago to the days in which I climbed the hills of the Andean Mountains in the frontier between Bolivia and Argentina when I was doing an investigative report about those peasants whose job was to cut the salt leafs at heights as much as 4500 meters above sea level dried residue of an old sea enclosed in geologic times when the earth was growing indefinitely towards the sky and was raising an entire sea between its arms of mountains in a spectacle that is not within the reach of human time and imagination Thus was I going through those mountains as I was saying with the sight lost in the horizons crystalline line with the secret intuition of having crossed the threshold of a new vision of having found the sudden and flashing bond of odd facts lengthily meditated in previous years There are times in which chances shows us the vivid face of our thoughts the driving thread of our dreams Yo aquel da en un pueblo del Altiplano de los Andes vivificado por el color y la msica de la gente comprend que la vida se teje con los hilos del azar pero que los puentes entre los hombres se hacen con hilos de palabras que enlazan los corazones en parbolas lejansimas alentadas al vuelo por una msica que se encuentra en todos nosotros y que nos alimenta y nos acompaa siempre Yo quise en este trabajo de poemas y msica traerles a ustedes el silencio de las alturas retener para el futuro un acorde el rumor del viento por las alamedas una voz y unas lneas escritas un pensar Dedico con humildad este trabajo de poemas y msica a los paisanos de Jujuy de La Pampa de Bolivia a los paisanos de la Meseta Eterna Castellana y a Juan Larrea y a Csar Vallejo a su fraternal concepcin de nuestra cultura Y a todos los caminantes de sueos por un mundo mejor ClaudioSerraBrun 2002 2015 In the Wake of Neoliberalism Karen Ann

Faulk, 2012-11-21 Understanding the various meanings given to human and citizenship rights in Argentina is an important task particularly so given the nation s prominence in global discussions An exporter of tactics ideas and experts Argentina has become a site of innovation in the field of human rights This book investigates two prominent Buenos Aires protest organizations Memoria Activa and the BAUEN workers cooperative to consider how each has framed its demands within a language of rights Fundamentally this book is concerned with the complex interrelationship between the discourse of human rights and the neoliberal project In exploring the way in which rights talk is used and adapted locally by various activist groups the book looks at the mutually formative and contentious interactions between ideas of human rights rights of

citizenship and the concrete and envisioned social relationships that form the basis for social activism in the wake of neoliberalism

Humanities Lawrence Boudon, 2002-08-01 Beginning with volume 41 1979 the University of Texas Press became the publisher of the Handbook of Latin American Studies the most comprehensive annual bibliography in the field Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines the Handbook alternates from year to year between social sciences and humanities The Handbook annotates works on Mexico Central America the Caribbean and the Guianas Spanish South America and Brazil as well as materials covering Latin America as a whole Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas The Handbook of Latin American Studies is the oldest continuing reference work in the field Lawrence Boudon became the editor in 2000 The subject categories for Volume 58 are as follows Electronic Resources for the Humanities Art History including ethnohistory Literature including translations from the Spanish and Portuguese Philosophy Latin American Thought Music *Activists beyond Borders* Margaret E. Keck, Kathryn Sikkink, 2014-01-17 In *Activists beyond Borders* Margaret E. Keck and Kathryn Sikkink examine a type of pressure group that has been largely ignored by political analysts networks of activists that coalesce and operate across national frontiers Their targets may be international organizations or the policies of particular states Historical examples of such transborder alliances include anti slavery and woman suffrage campaigns In the past two decades transnational activism has had a significant impact in human rights especially in Latin America and advocacy networks have strongly influenced environmental politics as well The authors also examine the emergence of an international campaign around violence against women

Transitional Justice, Corporate Accountability and Socio-Economic Rights Laura García Martín, 2019-07-25 This book explores the intersection of two emergent and vibrant fields of study in international human rights law transitional justice and corporate accountability for human rights abuses While both have received significant academic and political attention the potential links between them remain largely unexplored This book addresses the normative question of how international human rights law should deal with corporate accountability and violations of economic social and cultural rights in transitional justice processes Drawing on the Argentinian transitional justice process the book outlines the theoretical and practical challenges of including corporate accountability in transitional justice processes through existing mechanisms Offering specific insights about how to deal with those challenges it argues that consideration of the role of all actors and the whole spectrum of human rights violated is crucial to properly address the root causes of violence and conflict as well as to contribute to a sustainable and positive peace This interdisciplinary book will be of interest to students and scholars of transitional justice human rights law corporate law and international law
