El Zahir:

You Might be Able to Get There from Here Mark F. Frisch, 2004 This book details the immense impact that Jorge Luis Borges has had on the thinking and writing of the twentieth century and how many have misunderstood that impact It highlights how his symbols techniques parody irony and artful ambiguity in his fiction essays and poems force us to question what we can know with certainty what is real and what is dream and who we are and thus define what has become the core of the postmodern vision The book explores Borges s distinctly Latin American postmodern pluralism It details how this pluralism has informed the postmodern discussions of the self love history feminism and politics and has influenced writers in the U S and Latin America Throughout it argues that the Argentine writer avoids the nihilism and chaos of a radical relativism that many have come to associate with postmodernism Rather his vision affirms values and a search for positive knowledge Mark Frisch is Associate Professor in the Department of Modern Languages and Literatures at Duquesne University

The Woman in Latin American and Spanish Literature Eva Paulino Bueno, María Claudia André, 2014-01-10 Noted scholars of Latin American and Spanish literature here explore the literary history of Latin America through the representation of iconic female characters Focusing both on canonical novels and on works virtually unknown outside their original countries the essays discuss the important ways in which these characters represent nature history race and sex the effects of globalization and the unknowable other They examine how both male and female writers portray Latin American women reinterpreting the dynamics between the genders across boundaries and historical periods Drawing on recent theories in literary criticism gender and Latin American studies these essays illuminate the women characters as conduits for the appreciation of their countries and cultures

Borges Beyond the Visible Max Ubelaker Andrade, 2019-04-16 Borges Beyond the Visible presents radically new readings of some of Jorge Luis Borges's most celebrated stories Max Ubelaker Andrade shows how Borges employed intertextual puzzles to transform his personal experiences with blindness sexuality and suicide while allowing readers to sense the transformative power of their own literary imaginations In readings of *Tl n Uqbar* *Orbis Tertius* *El Aleph* and *El Zahir* Ubelaker Andrade argues that Borges considering his own impending blindness borrowed from Islam's prohibitions on visual representation to create a literary theology a religion focused on the contradictions of literary existence and the unstable complexities of a visual world perceived without everyday sight Embracing these contradictions allowed Borges to transform his relationships with sex sexuality and family in multilayered stories such as *Emma Zunz* *La intrusa* and *El jard n de senderos que se bifurcan* Yet these liberating transformations sometimes offered to the reader as a paradoxical gift of death are complicated by *La salvaci n por las obras* a story built around Borges's relationship with a suicidal reader and the woman to whom they were both connected The epilogue presents *M sticos del Islam* an unpublished essay draft by Borges as a key source of insight into an irreverent iconoclastic writing practice based on a profound faith in fiction Compelling and clear Borges Beyond the Visible is a revelatory examination of the work of one of the most influential authors of the twentieth century It opens up exciting areas of inquiry for scholars students and readers of Borges **A History of Egypt** Sir William

Heroic Poets, Poetic Heroes Dwight Fletcher Reynolds, 1995 An astonishingly rich oral epic that chronicles the early history of a Bedouin tribe the *Sirat Bani Hilal* has been performed for almost a thousand years In this ethnography of a contemporary community of professional poet singers Dwight Fletcher Reynolds reveals how the epic tradition continues to provide a context for social interaction and commentary Reynolds's account is based on performances in al Bakatush the northern Egyptian village in which he himself studied as an apprentice to a master epic singer The author explores in detail the narrative structure of the *Sirat Bani Hilal* as well as the tradition of epic singing and he pays particular attention to the relationship between today's singers and their wider community Focusing on the sahra or private evening performance Reynolds sees both living epic poets and fictional epic heroes as figures engaged in an ongoing dialogue with audiences concerning such vital issues as ethnicity religious orientation codes of behavior gender roles and social hierarchies By placing performance at the center of the process of composition Reynolds is able to discern how the social dimensions of the past have been embedded in the modern text
