Beyond Service Core Competency United States. Congress. House. Committee on Armed Services. Oversight and Investigations Subcommittee, 2010

My Imagination and Art Have Sustained M.J. O'Brien, 2012-02-18 I was born illegitimate with eye sight problems I was adopted from a Catholic infant home Because of the constant early separations that resulted from being bounced back and forth between the infant home and my home I developed emotional problems My insecure volatile mother reacted badly to my problems She often abused me physically and verbally My father a timid man who adored his wife offered me very little support By the time I was seven I embarked on a path that would take me from one institution to another occasionally spending several months at home which made me worse The authorities didn't know what went on in the home but they did know that a visually impaired run away made them nervous When I was twelve I was diagnosed as semi autistic Because of this and my compulsion to run away I wound up in a very controversial treatment center in Maine Then at age seventeen my life began to improve I was enrolled

in the Perkins School for the blind in Massachusetts I fell in love with the school and wanted to spend a long time there However Perkins was seen as a finishing school for me After two years I reluctantly graduated and entered the world totally unprepared for what life had to offer It wasn't until I was in my forties that I followed through on something I had always wondered about My adoption records were opened allowing me to learn many things about my birth mother and family Together with the few details my adopted father gave me I was able to make contact with my family **Peterson's**

Frustrated with the flood of news articles and opinion pieces that were skeptical of minority students imagined campus microaggressions Micere Keels a professor of comparative human development set out to provide a detailed account of how racial ethnic identity structures Black and Latinx students college transition experiences Tracking a cohort of more than five hundred Black and Latinx students since they enrolled at five historically white colleges and universities in the fall of 2013 Campus Counterspaces finds that these students were not asking to be protected from new ideas Instead they relished exposure to new ideas wanted to be intellectually challenged and wanted to grow However Keels argues they were asking for access to counterspaces safe spaces that enable radical growth They wanted counterspaces where they could go beyond basic conversations about whether racism and discrimination still exist They wanted time in counterspaces with likeminded others where they could simultaneously validate and challenge stereotypical representations of their marginalized identities and develop new counter narratives of those identities In this critique of how universities have responded to the challenges these students face Keels offers a way forward that goes beyond making diversity statements to taking diversity actions *Internationalising Higher Education* Elspeth Jones,Sally Brown,2007-05-14

Introduction to New and Alternative Religions in America William M. Ashcraft, Eugene V. Gallagher, 2006-10-30 Most new or alternative religious are gravely misunderstood by members of the religious mainstream Labeled cults or sects groups and their members are often ridiculed or otherwise disregarded as weird and potentially dangerous by the populace at large Despite their efforts at educating the general public the various anti and counter cult activists have in fact promoted much more mis understanding than accurate understanding of the religious lives of some of their fellow citizens Consequently they have helped to create a very hostile environment for anyone whose religious practices do not fit within a so called mainstream This set rectifies the situation by presenting accurate comprehensive authoritative and accessible accounts of various new and alternative religious movements that have been and are active in American society and it addresses ways of understanding new and alternative religions within a broader context Determining what actually constitutes a new or alternative religion is a subject of constant debate Questions arise as to a new faith s legitimacy beliefs methods of conversion and other facets of a religious movement s viability and place in a given culture How a religion gains recognition by the mainstream which often labels such new movements as cults is fraught with difficulty tension and fear Here experts delineate the boundaries and examine the various groups beliefs movements and other issues related to new faiths and alternative beliefs Readers will come away with a fuller understanding of the religious landscape in America today Volume 1 History and Controversies discusses the foundations of new and alternative religions in the United States and addresses the controversies that surround them This volume helps readers better understand what makes a new or alternative belief system a religion and the issues involved Volume 2 Jewish and Christian Traditions explores the various new religions that have grown out of these two Abrahamic faiths Groups such as the Shakers the People s Temple the Branch Davidians Jehovah s Witnesses and others are examined Volume 3 Metaphysical New Age and Neopagan Movements looks at Shamanism Spiritualism Wicca and Paganism among other movements as they have developed and grown in the U S These faiths have found new and devoted followers yet are often

misunderstood Volume 4 Asian Traditions focuses on those new and alternative religions that have been inspired by Asian religious traditions From Baha i to Soka Gakkai from Adidam to the Vedanta Society contributors look at a full range of groups practicing and worshiping in the U S today Volume 5 African Diaspora Traditions and Other American Innovations examines the various traditions linked to the African diaspora such as Rastafarianism Santeria and the Nation of Islam alongside traditions that are truly American incarnations like Scientology UFO religions and Heaven s Gate Some of the new and alternative religions covered in these pages include Shamanism Wicca Black Israelites Santeria Scientology Elan Vital Hare Krishna Soka Gakkai and many more
