## **Elbow Room:**

Elbow Room James Alan McPherson, 1986-10-12 A beautiful collection of short stories that explores blacks and whites today Elbow Room is alive with warmth and humor Bold and very real these twelve stories examine a world we all know but find difficult to define Whether a story dashes the bravado of young street toughs or pierces through the self deception of a failed preacher challenges the audacity of a killer or explodes the jealousy of two lovers James Alan McPherson has created an array of haunting images and memorable characters in an unsurpassed collection of honest masterful fiction The Space of Technicity Robert Gorny, Stavros Kousoulas, Dulmini Perera, Andrej Radman, 2024-04-15 Desperate times demand optimistic transdisciplinary measures This volume unites a select group of thinkers who courageously traverse disciplinary boundaries What brings them together is the least stratified component a shared problem It is a widely recognised that a problem gets the solution it merits However only a few acknowledge that a problem seldom neatly fits within a single discipline nor does it conform to the principle of general equivalence Handling its irreducibility and non entailment is a skill possessed by very few Even fewer take the quasi causal capacity of what we term the space of technicity seriously The space of technicity the shared problem of this volume is a consequence of immanence Each configuration of surfaces comprising the built environment produces an intangible effect acting as a quasi cause It can be referred to as downward causation or the timely rediscovery of neo finalism In this volume it is approached it from the perspective of axiology The space of technicity allows us to evade techno determinism without adopting an anything goes attitude That which has become manifest could have individuated differently However the potential of a body cannot be discerned before intervening in the causal fabric of agential reality to extract the singular points that make certain outcomes more likely than others surpassing mere probability When operating within the ethico aesthetic paradigm where sense becomes intricately dependent on sensibility and vice versa the volume s attitude might be said to approximate the Spinozian third kind of knowledge that intuit design and its space of technicity beyond mere imagination or reason This edited volume was inspired by a virtual round table that exhibited a high degree of resonance among the participants [www.youtube.com/watch?v=cBiBAgx5FM](https://www.youtube.com/watch?v=cBiBAgx5FM)

*Yesterday's Self* Andreea Deciu Ritivoi, 2002 In *Yesterday's Self* Andreea Ritivoi explores the philosophical and historical dimensions of nostalgia in the lives of immigrants forging a connection between current trends in the philosophy of identity and intercultural studies The book considers such questions as Does attachment to one s native culture preclude or merely influence adaptation into a new culture Do we fashion our identity in interdependence with others or do we shape it in a non contingent frame Is it possible to assimilate in an unfamiliar world without risking self alienation Ritivoi s response nostalgia is both the poison and the cure in such situations **The Columbia Guide to Contemporary African American Fiction** Darryl Dickson-Carr, 2005-10-14 From Ishmael Reed and Toni Morrison to Colson Whitehead and Terry McMillan Darryl Dickson Carr offers a definitive guide to contemporary African American literature This volume the only reference work

devoted exclusively to African American fiction of the last thirty five years presents a wealth of factual and interpretive information about the major authors texts movements and ideas that have shaped contemporary African American fiction In more than 160 concise entries arranged alphabetically Dickson Carr discusses the careers works and critical receptions of Alice Walker Gloria Naylor Jamaica Kincaid Charles Johnson John Edgar Wideman Leon Forrest as well as other prominent and lesser known authors Each entry presents ways of reading the author s works identifies key themes and influences assesses the writer s overarching significance and includes sources for further research Dickson Carr addresses the influence of a variety of literary movements critical theories and publishers of African American work Topics discussed include the Black Arts Movement African American postmodernism feminism and the influence of hip hop the blues and jazz on African American novelists In tracing these developments Dickson Carr examines the multitude of ways authors have portrayed the diverse experiences of African Americans The Columbia Guide to Contemporary African American Fiction situates African American fiction in the social political and cultural contexts of post Civil Rights era America the drug epidemics of the 1980s and 1990s and the concomitant war on drugs the legacy of the Civil Rights Movement the struggle for gay rights feminism the rise of HIV AIDS and racism s continuing effects on African American communities Dickson Carr also discusses the debates and controversies regarding the role of literature in African American life The volume concludes with an extensive annotated bibliography of African American fiction and criticism Diversity Workbook Andre Koen,

Byerman,2010-08-01 In Fingering the Jagged Grain Keith E Byerman discusses how black writers such as Toni Morrison Ishmael Reed and Ernest Gaines have moved away from the ideological rigidity of the black arts movement that arose in the 1960s to create a more expressive imaginative and artistic fiction inspired by the example of Ralph Ellison s Invisible Man Combining a strong concern for technique and craftsmanship with elements of African American heritage including jazz blues spirituals cautionary tales and voodoo these writers have created a vital fiction that celebrates the strength and resilience of the black American voice as it recounts the painful details and brutal episodes of black experience      The Road to Monticello Kevin J. Hayes,2012-06-01 Thomas Jefferson was an avid book collector a voracious reader and a gifted writer a man who prided himself on his knowledge of classical and modern languages and whose marginal annotations include quotations from Euripides Herodotus and Milton And yet there has never been a literary life of our most literary president In The Road to Monticello Kevin J Hayes fills this important gap by offering a lively account of Jefferson s spiritual and intellectual development focusing on the books and

ideas that exerted the most profound influence on him Moving chronologically through Jefferson's life Hayes reveals the full range and depth of Jefferson's literary passions from the popular small books sold by traveling chapmen such as *The History of Tom Thumb* which enthralled him as a child to his lifelong love of Aesop's Fables and Robinson Crusoe his engagement with Horace Ovid Virgil and other writers of classical antiquity and his deep affinity with the melancholy verse of Ossian the legendary third century Gaelic warrior poet Drawing on Jefferson's letters journals and commonplace books Hayes offers a wealth of new scholarship on the print culture of colonial America reveals an intimate portrait of Jefferson's activities beyond the political chamber and reconstructs the president's investigations in such different fields of knowledge as law history philosophy and natural science Most importantly Hayes uncovers the ideas and exchanges which informed the thinking of America's first great intellectual and shows how his lifelong pursuit of knowledge culminated in the formation of a public offering the academic village which became UVA and his more private retreat at Monticello Gracefully written and painstakingly researched *The Road to Monticello* provides an invaluable look at Jefferson's intellectual and literary life uncovering the roots of some of the most important and influential ideas that have informed American history
