Older Adult Mental Health Patrick Ryan, Barry J. Coughlan, 2013-03 This book examines the issues and implications that mental health professionals face when dealing with ageing and older adults The book focuses on the biological psychological and cultural influences that impact on the work of mental health practitioners who work with this client group Based on current empirical research and evidence based practical issues this book explores topics including ageing and dementia elder abuse caring for older adults depression and ageing the paradox of ageing how older adults are key to the success of future generations Throughout the book the contributors emphasise the notion of healthy ageing and the importance and significance of this concept as part of the life cycle process As such Ageing and Older Adult Mental Health will be key reading not only for mental health professionals but also for those involved in policy making for older adults Handbook of Mental Health and Aging James E. Birren, Gene D. Cohen, R. Bruce Sloane, Barry D. Lebowitz, Donna E. Deutchman, May Wykle, Nancy R. Hooyman, 2013-10-22 This book is a thorough revision of one of the most comprehensive reference volumes for persons working in the area of aging and mental health The thrust of the work is interdisciplinary and discusses research on both clinical and practical issues in aging and mental health The multidisciplinary nature of this book and the inclusion of subject matter from the professional as well as research realm result in a level of comprehensiveness which is distinct in the field of mental health and aging Each chapter contains a comprehensive bibliography the compilation of which represents a definitive reference source in the field The chapters review state of the art research in the biological behavioral and social sciences and represent the cutting edge of current practice in psychiatry neurology social work nursing psychology and pharmacology among other professions The compilation of prevalence data is a much needed addition to the current literature The multidisciplinary nature of this book and the inclusion of both clinical and practical issues makes the book distinctively comprehensive

Mental Health in Older People Across Cultures Nhi-Ha Trinh, Iqbal Ahmed, Dinesh Bhugra, 2024-12-27 As people across all nations around the world are beginning to live longer the World Health Organization estimates the number of older adults will double to 1.5 billion by 2050 This presents visible increases in older adult mental health issues and it is therefore vital that we understand the cross cultural impact of social determinants of health in psychiatric illness and care in aging adults As part of the Oxford Cultural Psychiatry series Mental Health in Older People Across Cultures provides a detailed overview of the diverse factors including socioeconomic and systemic factors within and across countries that impact the process of ageing mental health and illnesses of older adults and their care This unique resource provides a necessary clinical understanding of factors on ageing and the varied roles that families and caregivers have on the ageing process with an emphasis on highlighting similarities and differences across cultures The second half of the book then focuses on specific disorders in older adults across the globe affected by these factors the nuances impacting diagnosis and treatment of these disorders as well as research and development of healthcare policy Written by experts in the field from across the world this comprehensive book will be of great interest to a diversity of readers from psychiatrists to

trainees general practitioners to social workers and many other mental health providers From epidemiology to economics and substance use disorders and from East Asia to Africa and the Americas this valuable addition to the field of mental health in older adults provides a world of fascinating insight **Mental Health and the Elderly** ,1979 **Mental Health and the Elderly**
