The Changing German Voter Rüdiger Schmitt-Beck, Sigrid Roßteutscher, Harald Schoen, Bernhard Weßels, Christof Wolf, 2022 The Changing German Voter examines the massive changes that German voters behavior underwent during the second decade of the 21st century

Party Transformations in European Democracies André Krouwel, 2012-12-01 Political parties regularly change and adapt in response to ever changing circumstances Until now these changes have frequently prompted both scholars and the media to suggest a whole new type of political party and over time the number of models and types has proliferated to the point of confusion contradiction and a loss of explanatory power In this sophisticated yet accessible study Andr Krouwel rejects this m lange of models as inadequate He utilizes a wide range of data sources to analyze the ideological organizational and electoral change undergone by more than one hundred European parties in fifteen different countries from Scandinavia to the Iberian Peninsula between 1945 and 2010 The result is one of the most comprehensive empirically grounded studies to date of the genesis development and transformation of political parties in advanced democratic states

Social Democracy Hans Keman, 2017-06-14 The Social Democratic party family is a central part of political life in the West This book focuses on this party family as well as a unique political force in the industrialised world It provides a critical comparative survey of when where how and why Social Democracy developed within established capitalist democracies The book explains the electoral fortunes of Social Democratic parties the influence of the party system dynamics and co operation between parties in government It examines the ideological tensions within Social Democratic parties between socialists and reformists and its ramifications for pursuing a better and kinder world This study also discusses the recent state of affairs and its mission in the 21st century The book features a comparative analysis of 21 cases from Australia Austria Belgium Canada Denmark Finland France Germany Greece Ireland Italy Japan Netherlands New Zealand Norway Portugal Spain Sweden Switzerland the UK and the United States It will be of key interest to students

and scholars of public policy comparative politics party politics and democracy studies **Explaining American Politics**

Robert Williams, 2024-02-29 First published in 1990 Explaining American Politics looks at substantial and specific problems in American politics Focusing on the key issues in contemporary American government the contributors give lively and provocative interpretations of controversial topics such as the New Right perceptions of the Presidency the alleged irresponsibility of Congress the workings of bureaucracy Supreme Court activism and the decline of political parties This book will be indispensable to all students of American politics as well as to the reader who wants to understand what is really happening in the world's most complex and fascinating political system Party Brands in Crisis Noam Lupu, 2016-01-15

Party Brands in Crisis offers a new way of thinking about how the behavior of political parties affects voters attachments

The Marshall Plan in Austria Gunter Bischof, Anton Pelinka, Dieter Stiefel, 2018-12-20 Perhaps no country benefitted more from the Marshall Plan for assistance in reconstruction of Europe after World War II than Austria On a per capita basis each American taxpayer invested 80 per person in the Plan each Austrian received 133 from the European recovery program more than any other of the sixteen participating countries Without the Marshall Plan the Austrian economic miracle of the 1950s would have been unthinkable Despite this contemporary Austria seems to have forgotten this essential American contribution to its postwar reconstruction This volume in the Contemporary Austrian Studies series examines how the plan affected Austria and how it is perceived today The political context of the Marshall Plan in Austria is addressed in essays by Jill Lewis and Matthew Berg Dieter Stiefer describes the vast Soviet economic exploitation of their Austrian occupation zone Andrea Komlosy shows how the Marshall Plan helped complete the division of Europe Siegfried Beer suggests the secret involvement of the CIA in the Marshall Plan while Hans Jörgen Schröder analyzes the effectiveness of Marshall Plan propaganda programs in Germany and Austria The macroeconomic impact of Marshall Plan funds on Austrian economic policy is outlined by Hans Seidel Kurt Tweraser Georg Rigele and Günter Bischof suggest the microeconomic importance of funds for the steel electricity and tourist sectors of the Austrian economy Wilhelm Kohler's sweeping analysis compares the American transfer of funds to postwar Europe with current debates about the cost of European Union enlargement The legacy of the Marshall Plan is addressed by former Austrian Finance Minister Ferdinand Lacina Kurt Löffler and Hans Fubenegger summarize the activities of the Economic Recovery Program Fund Coming on the heels of the fiftieth anniversary of the Marshall Plan this compelling overview of the Plan and its impact will be important for historians those interested in international politics and Austrian scholars Günter Bischof is professor of history and associate director of Center Austria at the University of New Orleans Anton Pelinka is professor of political science at the University of Innsbruck and director of the Institute of Conflict Research in Vienna Dieter Stiefel is professor of social and economic history at the University of Vienna and executive secretary of the Schumpeter Society in Vienna This volume offers a collection of articles mostly by contemporary Austrian born historians touching on various phases of the Marshall Plan administered through the European

Recovery Program ERP and its successors counterfunds assistance to the present A splendid introduction followed by the key thirteen articles on the plan is augmented by several nontopical essays and book reviews along with a survey of Austrian politics in 1998 A number of articles emanated from a 1998 conference at the University of New Orleans Both novice and specialist will appreciate this book **The Historian** **The Strain of Representation** Robert Rohrschneider, Stephen Whitefield, 2012-08-30 The Strain of Representation examines the quality of democratic representation in Europe focusing on the way that political parties channel the preferences of different groups of citizens into government policies **A Social History of Twentieth-Century Europe** Béla Tomka, 2013-03-12 A Social History of Twentieth Century Europe offers a systematic overview on major aspects of social life including population family and households social inequalities and mobility the welfare state work consumption and leisure social cleavages in politics urbanization as well as education religion and culture It also addresses major debates and diverging interpretations of historical and social research regarding the history of European societies in the past one hundred years Organized in ten thematic chapters this book takes an interdisciplinary approach making use of the methods and results of not only history but also sociology demography economics and political science B la Tomka presents both the diversity and the commonalities of European societies looking not just to Western European countries but Eastern Central and Southern European countries as well A perfect introduction for all students of European history **The Personal and the Political** S. Kumlin, 2004-06-25 This study investigates the extent to which personal welfare state experiences affect general political orientations and attitudes What are the political effects when a person is discontent with some aspect of say the particular health services or the public kindergartens that she has been in personal contact with Do they lose faith in the welfare state or in leftist ideas about large scale state intervention in society Do they take their negative experiences as a sign that the political system and its politicians are not functioning satisfactorily Will their inclination to support the governing party drop And if so how strong are the political effects of personal welfare state experiences compared to those of other more well known explanatory factors Addressing these and other questions this study develops a theoretical framework that incorporates insights from a multitude of research traditions including research on the welfare state voting behaviour social psychology rational choice theory political psychology and institutional theory The framework is tested empirically using Swedish primary survey data collected under the auspices of the 1999 West Sweden SOM Survey and the 1999 Swedish European Parliament Election Study Sacred and Secular Pippa Norris, Ronald Inglehart, 2011-10-17 This book develops a theory of existential security It demonstrates that the publics of virtually all advanced industrial societies have been moving toward more secular orientations during the past half century but also that the world as a whole now has more people with traditional religious views than ever before This second edition expands the theory and provides new and updated evidence from a broad perspective and in a wide range of countries This confirms that religiosity persists most strongly among vulnerable populations especially in poorer

nations and in failed states Conversely a systematic erosion of religious practices values and beliefs has occurred among the more prosperous strata in rich nations

Economic Voting Han Dorussen, Michael Taylor, 2003-09-02 Economic voting is a phenomenon that political scientists and economists can hardly overlook There is ample evidence for a strong link between economic conditions and government popularity However not everything is that simple and this edited collection focuses on the comparative puzzle of economic voting Economic Voting emphasises the importance of comparative research design and argues that the psychology of the economic voter model needs to be developed further

Understanding the Transformation of Germany's CDU Simon Green, Ed Turner, 2016-02-05 This book analyses the Christian Democratic Union of Germany CDU one of Europe's most successful and influential political parties The CDU might have been expected to struggle in the circumstances of a more diverse secular reunified Germany yet it has prospered to an extent almost unparalleled in western Europe Chapters consider the CDU's policies the factors driving them their variation across Germany the relationship to women and the welfare state its organisational development and change and its position within the party system Contributors particularly emphasise the diversity of the CDU and the way it varies across Germany's regions The CDU is compared to other Christian Democratic parties and special consideration is given to the CDU's Bavarian sister party the Christian Social Union CSU This book was published as a special issue of German Politics

Parties, Politics, and Democracy in the New Southern Europe P. Nikiforos Diamandouros, Richard Gunther, 2001-06-11 In the acclaimed Politics of Democratic Consolidation Nikiforos Diamandouros Richard Gunther and their co authors showed how democratization unfolded in Greece Italy Portugal and Spain culminating in consolidated democratic regimes This volume continues that analysis posing the basic question What kind of democratic politics emerged in those countries It presents systematic analyses of the basic institutions of government and of the dynamics of electoral competition in the four countries set in comparative context alongside several other democracies as well as detailed studies of the evolution of the major parties their electorates their ideologies and their performances in government over the past twenty years The authors reach two major conclusions First the new democracies salient features are moderation centripetalism and the democratization of erstwhile antisystem parties on the Right and Left Second no single Southern European model has emerged the systems differ from one another about as much as do the other established democracies of Europe Contributors P Nikiforos Diamandouros University of Athens Richard Gunther Ohio State University Thomas C Bruneau Naval Postgraduate School Monterey Arend Lijphart University of California at San Diego Leonardo Morlino University of Florence Risa A Brooks Stanford University Jos R Montero Autonomous University of Madrid Giacomo Sani University of Pavia Paolo Segatti University of Trieste Gianfranco Pasquino University of Bologna Takis S Pappas College Year Athens Hans Jrgen Puhle Goethe University Frankfurt am Main Anna Bosco University of Trieste

Authoritarian Regimes and their Islamist Rivals Miaad A. Hassan, 2024-10-31 This book explores the political trajectories of various countries in the Middle East and North Africa MENA region tracing the shifts in party systems and regime transitions along a model like trajectory that spans from revolutionism to authoritarianism and electoral Islamism Adopting a comparative perspective this book places patterns of party formation and developments in authoritarian and semi authoritarian systems within a historical and regional context It argues that during distinct periods such as the prevalence of nationalism in the 1920s pre independence era the flourishing of pan Arabism in the 1950s and the rise of Islamism in the 1970s ideologies have played a pivotal role in shaping the political landscape While secular nationalism initially wielded a significant influence on political social and cultural change in the MENA region the author argues that political Islam emerged as its primary rival Even as secular leaders in MENA guided their republics through top down reforms to establish a unified national ideology many though not all eventually incorporated Islam to address popular demands This book s key contribution lies in conceptualizing Islamism as a form of dialectical ideology This book offers an in depth analysis of politics party systems and regime transitions in the MENA region It is poised to resonate with students and researchers in political science history and Middle East studies

When Political Parties Die Charles S. Mack, 2010-08-11 This book presents a theory of political disalignment and a revised theory of party realignment using four case studies from the United States Canada Great Britain and Italy to illustrate these concepts Why do major political parties die The shelf life of minor parties in democracies tends to be short but major parties tend to be highly durable The Democratic Party of the United States and the Conservative Party of the United Kingdom have been going strong for two centuries Major parties perpetuate themselves by maintaining a consistent ideology on major national issues even at the cost of periodic defeats at the polls In American politics ideological polarization maintains the vitality of the two major parties and renders them almost immune to threats from new parties even as it impedes consensus and compromise on public issues Spectacular instances of sudden death in major parties have nevertheless occurred in the United States the United Kingdom Canada and Italy and they all exhibit similar characteristics The fatal event which author Charles S Mack calls disalignment occurs when a schism opens between party leaders and traditional core base voters on an issue of overriding national importance Major parties survive periodic defeats but they cannot survive disalignment

Democracy, Intermediation, and Voting on Four Continents Richard Gunther, Jose Ramon Montero, Hans-Jürgen Puhle, 2007-02-08 This book presents the results of systematic comparative analyses of electoral behavior and support for democracy in 13 countries on four continents It is based on national election surveys held in old and new democracies in Europe Germany Britain Spain Greece Italy Portugal Bulgaria North and South America the United States Chile and Uruguay and Asia Hong Kong between 1990 and 2004 It is methodologically innovative notwithstanding the fact that its core concern with political intermediation i e the flow of political information from parties and candidates to voters through the mass communications media membership in secondary associations and direct face to

face contacts within interpersonal networks was first introduced to the study of electoral behavior by Paul Lazarsfeld and his collaborators in the 1940s. In addition to reviving that long neglected analytical framework, this book breaks new ground by systematically exploring the impact of socio-political values on electoral behavior. It also analyzes the role of political intermediation in forming basic attitudes towards democracy, which are crucial for the consolidation of new democracies and in turn channeling those orientations into various forms of political behavior. Some of the findings presented in this volume are dramatic and clearly reveal that these channels of information are among the most powerful factors influencing the development of political attitudes and partisan electoral behavior. So too are socio-political values in some countries, particularly the United States. This volume is the first book-length product of the now 18-country Comparative National Elections Project.
