Electoral College And The American Idea Of Democracy:

Why the Electoral College Is Bad for America George C. Edwards III, 2023-11-23 Shows how the electoral college violates fundamental principles of democracy and has no benefits for the American polity **Why the Electoral College is Bad for America** George C. Edwards, 2005-05-12 A distinguished political scientist critiques arguments in favor of the electoral college and offers a persuasive argument for direct election of the president With excellent descriptions of how the electoral system actually works this is the most cogent and up to date criticism I have read Alexander Keyssar New York Review of Books This crisp handbook outlines the origins of the electoral college and demonstrates the many ways it violates democratic norms New Yorker Timely and relevant Edwards s principal lines of argument deserve extensive debate in both the news media and the Congress Lewis H Lapham Harper s Compelling and meticulous Glenn C Altschuler New York Observer *Leo Strauss, The Straussians, and the Study of the American Regime* Kenneth L. Deutsch, John A. Murley, 1999-09-28 Responding to volatile criticisms frequently leveled at Leo Strauss and those he influenced the prominent contributors to this volume demonstrate the profound influence that Strauss and his students have exerted on American liberal democracy and contemporary political thought By stressing the enduring vitality of classic books and by articulating the theoretical and practical flaws of relativism and historicism the contributors argue that Strauss and the Straussians have identified fundamental crises of modernity and liberal democracy This book emphasizes the broad range of Strauss s influence from literary criticism to constitutional thought and it denies the existence of a monolithic Straussian political orthodoxy Both critics and supporters of Strauss thought are included All political theorists interested in Strauss s extraordinary impact on political thought will want to read this book **The Electoral College and Direct Election** United States. Congress. Senate. Committee on the Judiciary, 1977 **The Electoral College and Direct Election** United States. Congress. Senate. Committee on the Judiciary. Committee on the Judiciary, 1977 **Debating Reform** Richard J. Ellis, Michael Nelson, 2019-12-20 Getting students away from spouting opinions about highly charged partisan issues Debating Reform Fourth Edition looks at key questions about reforming political institutions with contributed pieces written by top scholars specifically for the volume Each pro or con essay considers a concrete proposal for reforming the political system By focusing on institutions rather than liberal or conservative public policies students tend to leave behind ideology and grapple with claims and evidence to draw their own conclusions and build their own arguments Students will explore how institutions work in their American government text but this reader helps them to understand how they can be made to work better Conservative Thought and American Constitutionalism Since the New Deal Johnathan O'Neill, 2022-11-29 In this work of intellectual history the author identifies

four transformations in federal government that followed the New Deal the rise of the administrative state the erosion of federalism the ascendance of the modern presidency and the development of modern judicial review He then considers how schools of conservative thought traditionalists neoconservatives libertarians Straussians responded to each transformation
