Serious Poetry Peter McDonald, 2002 Do we want to read poetry or just like having a few poets to talk about The history of poetry in twentieth century Britain and Ireland is one which ends with the assimilation of successful poets into a media culture it is also however another history one of form and authority in which certain poets found modes and pitches of resistance to the seeming inevitabilities of their times In this history it is the authority of poetry and not the media processed poet which is at stake in the integrity of poetic form Serious Poetry Form and Authority from Yeats to Hill offers a controversial reading of twentieth century British and Irish poetry centred on six figures all of whom are critics as well as poets W B Yeats T S Eliot W H Auden Louis MacNeice Seamus Heaney and Geoffrey Hill Yeats's centrality to twentieth century poetry and the problem many poets and critics had or still have with that centrality is a major focus of the book Serious Poetry argues that it is in the strengths possibilities perplexities and certainties of the poetic form that poetry's authority in a distrustful cultural climate remains most seriously alive

Romantic Geography M. Wiley, 1998-09-28 Grounded in historical sources and informed by recent work in cultural sociological geographical and spatial studies Romantic Geography illuminates the nexus between imaginative literature and geography in William Wordsworth's poetry and prose It shows that eighteenth century social and political interest groups contested spaces through maps geographical commentaries and travel literature and that by configuring utopian landscapes Wordsworth himself participated in major social and political controversies in post French Revolutionary England

The Great War in Irish Poetry Fran Brearton, 2003 The Great War in Irish Poetry explores the impact of the First World War on the work of W B Yeats Robert Graves and Louis MacNeice in the period 1914 45 and on three contemporary Northern Irish poets Derek Mahon Seamus Heaney and Michael Longley Its concern is to place their work and memory of the Great War in the context of Irish politics and culture in the twentieth century The historical background to Irish involvement in the Great War is explained as are the ways in which issues raised in 1912 20 still reverberate in the politics of remembrance in Northern Ireland particularly through such events as the Home Rule cause the loss of the Titanic the Battle of the Somme the Easter Rising While the Great War is perceived as central to English culture and its literature holds a privileged position in the English literary canon the centrality of the Great War to Irish writing has seldom been recognised This book shows first that despite complications in Irish domestic politics which led

to the repression of memory of the Great War Irish poets have been drawn throughout the century to the events and images of 1914 18 This engagement is particularly true of those writing in the troubled Northern Ireland of the last thirty years The second main concern is the extent to which recognition of the importance of the Great War in Irish writing has itself become a casualty of competing versions of the literary canon
