Economic Dimensions Of National Security

Minjie Lin

Economic Dimensions Of National Security:

The Economic Dimensions of National Security Carl Richard Neu, Charles Wolf, United States. Department of Defense. Office of the Secretary of Defense, Rand Corporation, 1994 The end of the Cold War and the associated dramatic changes in the geopolitical environment have led many observers to conclude that much of our past thinking about U S national security interests and policies is now outmoded and that a fundamental rethinking of these interests and policies is required In particular the notion is becoming widespread that economic factors and concerns will play a more prominent role in defining and pursuing U S national security objectives The authors aim in convening the conference was to advance understanding of the emerging economic dimensions of U S national security policymaking The aim of this report is the same It is meant as a contribution to the task of defining a useful frame of reference for what will undoubtedly be a continuing discussion of the relation between economics and national security Although it is not intended as a summary of conference proceedings this report draws heavily on the ideas and hypotheses put forward during the conference In accordance with the ground rules established at the conference the authors have not attributed any of the ideas noted in this report to particular conference participants They have tried to retain the exploratory and speculative tone of the conference discussions

National Security Michael Renner, 1989 **National Security : Emerging Dimensions and Threats** Navniit Gandhi, 2010 There is a visible change in the outlook towards security all over the world probably because of the increasing complexity of global problems and their repercussions for millions of people all over the world Insecurity is not just all pervasive but is reiterating its alarming overtones more forcefully than during the cold war era There are now threats very different from a military attack on a nation s territory The concept of National Security hence needs to be redefined The gamut of its perceptions has undergone a paradigm shift The context against which the policy makers seek to establish national security is undergoing tumultuous changes While not downplaying the relevance of strategic means of maintaining national security this book explores the emerging non strategic threats to national security with the obvious grave consequences on human security This book attempts to address several questions Can the concepts of National Security and Human Security be reconciled meaningfully Can their approaches and objectives be inter twined so that we can live a fuller life Can the nations and citizenry both feel equally secure at the same time

Economic Security Neglected Dimension of National Security? ,

The Political Economy of National Security Ethan B. Kapstein, 1992 **Economic Security** Sheila R. Ronis, 2011

Revisiting National Security Prabhakaran Paleri, 2022-05-10 This book examines the evolving concept of national security and how human systems could be governed in an ever turbulent and dynamic world It takes a revised look at the concept of national security previously researched and identified by the author based on the present context but with a futuristic appreciation of governance primarily national but extended to global perspectives in the modern and dynamically shifting world The book emphasises the need for governments to maximise national security for the well being of their people

The concept of national security is taken as the key subject of national governance which is extendable to global governance wherein national security is not only the physical or military security alone but also the overall well being of the people of a nation This book explores how national security can be achieved by balancing its various elements in different terrains where the game of governance is played in national as well as global perspective It also presents additional findings and observations to show that the approach is transformative redefining the key knowledge paradigms This book is relevant for policy makers students researchers and academics who wish to explore and rethink their approach towards governing the human systems whose well being is the responsibility of governments

Russia's National Security in Aleksandr Dugin's Neo-Eurasianism Marcin Skladanowski, 2023-09-05 Aleksandr Dugin is an extremely radical thinker Nevertheless it is worth dealing with his thought because it shows in an exaggerated form how the evolution of social and political ideas took place in the history of Russia which led to Putin's contemporary neo imperialism This book presents the Russian discourse on national security against a broader background of global academic reflection takes a closer look at the sources and ideological basis of the concept of Russia's security developed by Dugin discusses the subject and main dimensions of Russia's national security in Dugin's works and shows the importance of Russia's foreign policy for the creation of its national security

National Security and Immigration Christopher Rudolph, 2006 Includes statistical tables and graphs

National Security Council Richard A. Best, 2010-11 The Nat Security Council NSC was established in 1947 to create an inter departmental body to advise the President with respect to the integration of domestic foreign and military policies relating to the national security This report traces the evolution of the NSC from its creation to the present The organization and influence of the NSC have varied significantly from one Administration to another from a highly structured and formal system to loose knit teams of experts The NSC staff should be organized to meet the particular goals and work habits of an incumbent President The history of the NSC provides ample evidence of the advantages and disadvantages of different types of policymaking structures

National Security Measures Sebastian Farnham, AI, 2025-02-21 National Security Measures examines the core principles that bolster a nation's resilience in an era of evolving threats It explores the multifaceted strategies underpinning national defense drawing from defense studies security reports and historical analyses The book argues that a robust national security framework extends beyond military strength integrating diplomatic economic intelligence and technological capabilities Readers gain insights into the evolution of threat assessment the dynamics of resource allocation in defense spending and the crucial role of international cooperation The book begins by introducing fundamental concepts and historical developments in national security It progresses through analyzing threat landscapes evaluating resource optimization strategies and investigating international alliances For instance it addresses balancing military spending with investments in cybersecurity and infrastructure The book uses primary source documents statistical data and expert interviews presenting complex information in an accessible manner It emphasizes proactive security measures over reactive

strategies offering a framework applicable to real world contexts and addressing debates like balancing security with civil liberties Intelligence Policy and National Security Robert L. Pfaltzgraff, Uri Ra'anan, Warren Milberg, 1981-06-18

Power, Economics, And Security Henry Bienen, 2019-10-16 This volume is dedicated to the memory of Klaus E Knorr This is fitting for a number of reasons The collaborative work here was done under the auspices of the Center of International Studies at Princeton University which Klaus Knorr directed from 1961 until 1968 The concerns of this book are to analyze the relationships among economic and military power and national security to explore the ways economic power and economic decline relate to international hegemony and to examine our understanding of concepts such as power security and burden sharing These concerns ranked high on Klaus Knorr's research agenda during his productive and fruitful life **The Cold**

War: National security policy planning from Truman to Reagan and from Stalin to Gorbachev Lori Lyn Bogle, 2001 This volume is a comprehensive collection of critical essays on *The Taming of the Shrew* and includes extensive discussions of the play's various printed versions and its theatrical productions Aspinall has included only those essays that offer the most influential and controversial arguments surrounding the play The issues discussed include gender authority female autonomy and unruliness courtship and marriage language and speech and performance and theatricality **National**

Security and Investment Controls Jens Hillebrand Pohl, Thomas Papadopoulos, Janosch Wiesenthal, 2024-09-16 This third volume in the Springer Studies in Law and Geo-economics series continues to advance the interdisciplinary field of investment control With a primary focus on geo-economic strategies this book examines the evolving legal and regulatory frameworks that govern foreign direct investment (FDI) The volume addresses critical issues such as investment screening foreign subsidies and the balance between national security and economic interests By exploring these themes through an international transnational and comparative law perspective the book offers valuable insights into the mechanisms and implications of investment controls in a globalized economy Contributors provide a detailed analysis of current practices and propose innovative approaches to the challenges posed by FDI in contemporary geopolitical contexts This book is an essential resource for policymakers legal scholars and practitioners involved in the regulation of international investments

National Security Affairs Conference, 1978 *Bank Lending to Warsaw Pact Nations* United States. Congress. House. Committee on Banking, Finance, and Urban Affairs. Subcommittee on International Finance, Trade, and Monetary Policy, 1988 Israeli National Security Charles D. Freilich, 2018-03-08 The most comprehensive study to date of Israel's national security It combines an exhaustive analysis of the military diplomatic demographic and societal challenges Israel faces with the responses it has developed to present a detailed proposal for an overall new national security strategy the first such Israeli strategy ever published *The Palgrave Handbook of National Security* Michael Clarke, Adam Henschke, Matthew Sussex, Tim Legrand, 2021-09-28 This handbook provides a comprehensive analysis of the contemporary theory practice and themes in the study of national security Part 1 Theories examines how national security has been

conceptualised and formulated within the disciplines international relations security studies and public policy Part 2 Actors shifts the focus of the volume from these disciplinary concerns to consideration of how core actors in international affairs have conceptualised and practiced national security over time Part 3 Issues then provides in depth analysis of how individual security issues have been incorporated into prevailing scholarly and policy paradigms on national security While security now seems an all encompassing phenomenon one general proposition still holds national interests and the nation state remain central to unlocking security puzzles As normative values intersect with raw power as new threats meet old ones and as new actors challenge established elites making sense out of the complex milieu of security theories actors and issues is a crucial task and is the main accomplishment of this book

The Economic Security of Business Transactions Professor Konrad Raczkowski ,Professor Friedrich Schneider ,2013-10-15 Summary The Economic Security of Business Transactions covers such aspects as management in the economic system commercial risk in domestic and international transactions an assessment of partners unofficial economy and the state budget economic security business the role and importance of law in business The book looks at the threats and risks arising from international trade and operating leading businesses plus the role of the State It examines the required new forms methods and approaches for management This has significant implications for the businesses concerned and the State s role The Economic Security of Business Transactions includes coverage of internal company factors tax evasion and tax avoidance the book also looks at the level of involvement of the State especially the EU s Common Market This leads to abuses and distortions in the area of the competitiveness of enterprises and countries competitiveness it also changes the perception of contemporary economic security This book is an attempt to point to the example of single countries the European Community and on a global scale what is the efficiency of national economic systems and how the associated risks impact upon economic trade disorders Key Features Contains contributions from some of the world s leading researchers Has an interdisciplinary character based on economics management and law Shows and defines real threats and risks which occur in economic trade The Authors Konrad Raczkowski is Professor of Management who specializes in the unofficial economy public finances and management in the economic system He is a Director of Economic Institute in University of Social Sciences in Warsaw he was Head of the Department of the Economic Security Management Between 2003 and 2013 he worked in the finance department He was also the advisor and consultant to governmental institutions entrepreneurs and the European Anti Fraud Office in Brussels OLAF He has qualifications as an internal auditor of integrated management systems Professor Raczkowski is a member of British Academy of Management and since 2008 he has been an associate of the Institute for Security and Development Policy in Stockholm Friedrich Schneider is Professor of Economics at the Department of Economics at the Johannes Kepler University of Linz in Austria He is recognized as a leading authority in the field of studies on the shadow world economy He has conducted research and lectures among institutions such as the Universities of Yale Princeton Virginia Stockholm Zurich
