Economic Restructuring Technology Transfer And Human Resource Development:

Economic Restructuring, Technology Transfer, and Human Resource Development B. R. Virmani, Kala Rao, 1999-01-01

Economic Restructuring, Technology Transfer and Human Resource Development B R Virmani, Kala Rao, 1997 In this volume the authors use a detailed study of four countries Singapore Malaysia Thailand and India to analyse the relationship between economic development the transfer of technology and human resource management Economic Restructuring and Human Resource Development Margaret Black, Marcus Powell, 2024-11-01 This title was first published in 2003 An analysis of education and training issues from the perspective of a planner this book is the culmination of three years research stemming from a concern by governments over how they can manage change and what contribution education and training policies play in this **Developing the Global South** Paulos Milkias, 2010 For four decades the UN has attempted to foster development in the countries of the global south The book provides a synopsis of these efforts from the Brandt Commission Report to Boutros Boutros Ghali s Agenda for Development Prof Milkias presents opposing arguments in allotting responsibility for the growing gap between the North and the South and details the Millennium Development Goals and assesses their successes and failures so far He provides suggestions for closing the gap for removing the debt burden that is currently crushing the nations of the South and for relieving the poverty ignorance and disease that plague so much of humanity Industrial Restructuring in East Asia Seiichi Masuyama, Donna Vandenbrink, Chia Siow Yue, 2001-12-01 This book is about the restructuring of industry in ten East Asian economies at the start of the twenty first century It examines the dynamic aspects of the region s industrial structures the changes occurring with globalisation fuelled by liberalisation and by a paradigm shift from industrial technology to information technology The traditional flying geese concept is less relevant to explaining the economic and industrial development in the region as the pattern has become less predictable Enhancing Competitiveness in Small Developing States Robert A Stoddard, 2024-08-15 This book is designed to help students practitioners and policy makers gain an understanding of the existential challenges that confront small developing states that have resulted in several economic fallouts to the extent that some countries have experienced the demise of many of their traditional industries It also presents a compendium of approaches tools and policies that can assist in resolving some of the lingering challenges faced by these countries It is envisaged that these approaches will invariably increase their competitiveness and thereby contribute to economic growth The book also analyzed the policy and regulatory environment in several small developing states and has developed approaches that are critical to strengthening the institutional capacity in support of the SME sector This is an imperative in their quest to become more productive and competitive and thereby create opportunities for sustained economic growth Emanating from a regional study of the industrial status in the CARICOM Member States it proposes new and revised approaches to public policy on many development issues The book is replete with insights inspiring real life cases and offers alternative approaches to development *Liberalisation and Human Resource*

Management Arun Monappa, Mahrukh Engineer, 1999 Liberalisation and Human Resource Management examines current issues in economic policy related to the management of human resources now and in the future Arun Monappa and Marukh Engineer reflect on the implications of economic liberalisation in India organisational restructuring including privatisation alliances and mergers Indian labour policy different management strategies future changes projecting to the year 2020 such as diversity and technology

Towards a New Era M. L. Sondhi, 2001

Global Technology Transfer John Chumack, 2002 Governments the world over fret continuously about the low level of transfer of technology especially within their own countries The general problem is military to industry although the variations are numerous Problems of presentation offering and support complicate an already byzantine world Yet somewhere within this dilemma lie the seeds of tomorrow's economic uptick Besides the nontrivial problems involved here the reluctance of the people having the technology to share it with someone who can profit from it stands out This book presents the issues and offers a comprehensive bibliography for easy access

Sustaining Growth and Performance in East Asia Charles Harvie, Boon-Chye Lee, 2005-01-01 This third book in the series focuses on how small and medium sized enterprises SMEs contribute to achieving and sustaining growth and performance in their economies as well as the ways in which governments can assist and enhance that contribution This is of particular concern given the trauma suffered by East Asian economies in the wake of the financial and economic crisis of 1997-98 Faced with the need to restructure and reform their economies and thereby achieve a firm foundation for future sustainable growth many East Asian countries actively pursued SME growth focusing on the encouragement of entrepreneurialism in the private sector Drawing on the insights of a wide range of SME experts the book provides a broad coverage of important aspects of SMEs including the contribution of micro enterprises to economic recovery and poverty alleviation measurement and evaluation issues managing knowledge development ethical values in SMEs the internationalisation process entry mode decisions in export markets technological sourcing and use of the Internet Presenting a contemporary analysis of SME developments in East Asia both academics and policymakers will find *Sustaining Growth and Performance in East Asia* of great interest

Virmani,K.

Rao,1997 **Labor Market Policies in Canada and Latin America: Challenges of the New Millennium** R. Albert Berry,2013-03-14 Canada and the countries of Latin America are in the midst of major changes and choices in the area of labor markets and related social policy These decisions are likely to have profound consequences for the quality of life of workers throughout the hemisphere Labor Market Policies in Canada and Latin America Challenges of the New Millennium reviews the evidence of Canada and Latin America on three major labor policy instruments unemployment insurance minimum wages and training and on the effects of the payroll taxes which are the main means of funding the unemployment insurance system and other components of social expenditure This is the first study attempting an in depth comparison of these labor policy instruments between Canada and Latin America The useful juxtaposition of Canadian and Latin American experiences comes at a time when the trend in Canada is to back away from the perhaps overly generous or ineffectively administered elements of the labor legislation social security net and when Latin American countries have undertaken significant reforms of their past systems but require further changes to move toward the sorts of legislation and support systems that characterize developed countries The experiences of Canada and Latin America are mutually relevant since all are small economies forced to adjust to events at the world or hemispheric level and most are inclined to approach policy in an intermediate fashion which falls between the more market oriented American and the more interventionist European models Together with its comparative aspect this volume attempts a more balanced and in depth assessment in each of the policy areas than has hitherto been available The gradually increasing base of available empirical data on the period after the reforms has been used in the studies which provide thorough syntheses of the available research for Canada and Latin America **Journal of Social and Economic Development** ,2001 With reference to India **Multinational Enterprises and the Global Economy** John H. Dunning,Sarianna M. Lundan,2008-01-01 For many years to come this volume is surely going to be the ultimate reference work on international business thanks to Dunning and Lundan have at their disposal a wealth of relevant data as well as theoretical and empirical analyses which will enable them to assess the capabilities contributions and challenges posed by the multinational enterprises to the global economy Seev Hirsch International Business Review Multinational Enterprises and the Global Economy has become a classic in international business Yet the book s second edition is even better than the first in part because of Professor Dunning s wise decision to choose Dr Lundan as his co author and to draw upon her deep knowledge of various strands of research on business government relations and the societal effects of firm behaviour In addition to being a remarkably useful reference book Multinational Enterprises and the Global Economy is the first book any IB doctoral student should read to understand the significance and richness of IB scholarship as it has developed over the past 50 years Alain Verbeke Journal of International Business Studies The second edition of Multinational Enterprises and the Global Economy provides unparalleled coverage not only of the literature relevant to IB research but also of the evolution of IB in the world economy Dunning and Lundan offer powerful insights into

the societal effects of MNEs and the role of business government relations in the IB context Journal of International Business Studies This wonderful book offers the definitive synthesis of the modern literature on the economic aspects of international business It is encyclopedic yet full of incisive insights It is a creative masterpiece which unbundles the DNA of the multinational enterprise and shows how it is the cornerstone of the field of international business Alan M Rugman University of Reading UK The rise of the multinational enterprise and the consequent globalisation of the world economy was arguably the single most important phenomenon of the second half of the twentieth century This magisterial book written by two leading authorities examines this phenomenon in depth It explains how foreign investment by multinationals diffused advanced technologies and novel management methods driving productivity growth in Europe Asia and North America however economic inequalities were reinforced as rich countries attracted more foreign investment than poor ones This new edition of a classic work is not only an authoritative guide to contemporary multinational business but a major historical resource for the future Mark Casson University of Reading UK This thoroughly updated and revised edition of a widely acclaimed classic text will be required reading for academics policymakers and advanced students of international business worldwide Employing a distinctive and unified framework this book draws together research across a range of academic fields to offer a synthesis of the determinants of MNE activity and its effects on the economic and social well being of developed and developing countries Unique to the new edition is its focus on the institutional underpinnings of the resources and capabilities of MNEs and the role of MNE activity in transmitting and facilitating institutional change Since the initial publication of this book more than a decade ago the economic managerial and social implications of globalisation and technological advancement have become even more varied and prominent Accompanying these developments there has been a rise in scholarly interest in interdisciplinary research addressing the important challenges of an ever changing physical and human environment Drawing on articles and books from international business and economics as well as economic geography political economy and strategic management a systematic overview of the developments in scholarly thinking is prese
