*Pepysian Meditations on the Passion of Christ* Mayumi Taguchi, Yoko Iyeiri, 2019-05-07

The Middle English prose *Pepysian Meditations on the Passion of Christ* PMPC survives uniquely in Cambridge Magdalene College MS Pepys 2125 and has not previously been published It is one of several Middle English translations of the Passion sequence of the pseudo Bonaventuran Latin *Meditationes Vitae Christi* MVC This part of the MVC circulated independently and in this form is known in modern scholarship as the *Meditationes de Passione Christi* MPC The editors argue that although the Middle English version in Pepys 2125 followed the model of the MPC it is probable that the translation derives directly from a recension of the MPC Although the translator handles the original with a degree of freedom the text is not indebted to other sources The Introduction includes an extensive description of the manuscript which is a late medieval devotional miscellany and a detailed account of the language of the PMPC It also addresses the textual tradition out of which the PMPC grew and the work of the translator The edited text is followed by a commentary glossary and bibliography

**Reading in the Wilderness** Jessica Brantley, 2008-09-15

Just as twenty first century technologies like blogs and wikis have transformed the once private act of reading into a public enterprise devotional reading experiences in the Middle Ages were dependent upon an oscillation between the solitary and the communal In *Reading in the Wilderness* Jessica Brantley uses tools from both literary criticism and art history to illuminate Additional MS 37049 an illustrated Carthusian miscellany housed in the British Library This revealing artifact Brantley argues closes the gap between group spectatorship and private study in late medieval England Drawing on the work of W J T Mitchell Michael Camille and others working at the image text crossroads *Reading in the Wilderness* addresses the manuscript's texts and illustrations to examine connections between reading and performance within the solitary monk's cell and also outside Brantley reimagines the medieval codex as a site where the meanings of images and words are performed both publicly and privately in the act of reading

[Knowing Poetry](#) Adrian

Armstrong, Sarah Kay, 2011-05-15 In the later Middle Ages many writers claimed that prose is superior to verse as a vehicle of knowledge because it presents the truth in an unvarnished form without the distortions of meter and rhyme Beginning in the thirteenth century works of verse narrative from the early Middle Ages were recast in prose as if prose had become the literary norm Instead of dying out however verse took on new vitality In France verse texts were produced in both French and Occitan with the explicit intention of transmitting encyclopedic political philosophical moral historical and other forms of knowledge In *Knowing Poetry* Adrian Armstrong and Sarah Kay explore why and how verse continued to be used to transmit and shape knowledge in France They cover the period between Jean de Meun's *Roman de la rose* c 1270 and the major work of Jean Bouchet the last of the grands rhétoriciens c 1530 The authors find that the advent of prose led to a new relationship between poetry and knowledge in which poetry serves as a medium for serious reflection and self reflection on subjectivity embodiment and time They propose that three major works the *Roman de la rose* the *Ovide moralisé* and Boethius' *Consolation of Philosophy* form a single influential matrix linking poetry and intellectual inquiry metaphysical insights and eroticized knowledge The trio of thought world contingency poetically represented by Philosophy Nature and Fortune grounds poetic exploration of reality poetry and community [The Routledge Handbook of French History](#) David Andress, 2023-12-22

Aimed firmly at the student reader this handbook offers an overview of the full range of the history of France from the origins of the concept of post Roman Francia through the emergence of a consolidated French monarchy and the development of both nation state and global empire into the modern era forward to the current complexities of a modern republic integrated into the European Union and struggling with the global legacies of its past Short incisive contributions by a wide range of expert scholars offer both a spine of chronological overviews and a diverse spectrum of up to date insights into areas of key interest to historians today From the ravages of the Vikings to the role of gastronomy in the definition of French culture from Caribbean slavery to the place of Algerians in present day France from the role of French queens in medieval diplomacy to the youth culture explosion of the 1960s and the explosions of France's nuclear weapons program this handbook provides accessible summaries and selected further reading to explore any and all of these issues further in the classroom and beyond

**Gender, Writing, and Performance** Helen J. Swift, 2008-02-28 This book explores the poetics of literary defences of women written by men in late medieval and early modern France It fills an important lacuna in studies of this polemic in imaginative literature by bridging the gap between Christine de Pizan and a later generation of women writers and male Neo Platonist writers who have recently all received due critical attention Whereas male authored defences composed between 1440 and 1538 have previously been dismissed as insincere or mere intellectual games Swift formulates reading strategies to overcome such critical stumbling blocks and engage with the particular rhetorical and historical contexts of these works Edited and as yet unedited texts by Martin Le Franc Jacques Milet Pierre Michault and Jean Bouchet catalogues of women allegorical narratives and debate poems are brought together and analysed in detail for the first time in order to explore for

example how such works address the misogynistic spectre of Jean de Meun's *Roman de la rose* The book seeks to understand the contemporary popularity of the case for women la querelle des femmes as literary subject matter It investigates the publication history across this period from manuscript to print of Le Franc's *Le Champion des dames* Swift further aims to show how these texts hold interest for modern audiences A nexus of theoretical concerns centred on performance Judith Butler's gender performativity Derrida's re-working of Austin's linguistic performativity through spectrality and dramatic performance is enlisted to articulate the interpretative engagement expected by querelle writers of their audience The reading strategies proposed foster a nuanced and enriched perspective on the question of a male author's sincerity when writing in defence of women

**L'écriture du spectacle** Véronique Lochert, 2009 Lochert compares the uses of stage directions by French Italian English and Spanish dramatists during a true golden age of European drama and shows that sixteenth and seventeenth century stage directions have much to say about the stakes in dramatic writing She takes into account theoretical debates as well as the diverse stage direction practices to study their many functions and stylistic and typographic forms Didascalia contribute to the development of a specific dramatic mise en page with the argument list of dramatis personae and act and scene division They truly play a useful part in the dialogue and their efficacy originates in their brevity and relative rarity As they encourage us to link stage practices to editorial practices stage directions cast an original light on the making of the performance as well as on the reading process and give a new insight into important subjects such as the contribution of spectacle to the play's meaning the affirmation of the author and the specific mechanisms of theater reading French text
