The Digitalization of Financial Markets Adam Marszk,Ewa Lechman,2021-10-10 The book provides deep insight into theoretical and empirical evidence on information and communication technologies ICT as an important factor affecting financial markets It is focused on the impact of ICT on stock markets bond markets and other categories of financial markets with the additional focus on the linked FinTech services and financial institutions Financial markets shaped by the adoption of the new technologies are labeled digital financial markets With a wide ranging perspective at both the local and global levels from countries at varying

degrees of economic development this book addresses an important gap in the extant literature concerning the role of ICT in the financial markets The consequences of these processes had until now rarely been considered in a broader economic and social context particularly when the impact of FinTech services on financial markets is taken into account The book s theoretical discussions empirical evidence and compilation of different views and perspectives make it a valuable and complex reference work The principal audience of the book will be scholars in the fields of finance and economics The book also targets professionals in the financial industry who are directly or indirectly linked to the new technologies on the financial markets in particular various types of FinTech services Chapters 2 5 and 10 of this book are available for free in PDF format as Open Access from the individual product page at www.routledge.com They have been made available under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license

Investment Secrets from PIMCO's Bill Gross Timothy Middleton,2010-12-29 Praise For Investment Secrets From PIMCO s Bill Gross No investor is held in higher regard by his peers than Bill Gross His understanding of the markets and his insights on how to profit from them are unparalleled Now Tim Middleton takes you into Gross s world for an insider s view on how the world of finance really works If this book were a bond it would be AAA rated with a double digit yield DON PHILLIPS Managing Director Morningstar Inc The secret to investment success is discipline In bonds nobody has displayed better discipline than Bill Gross And nobody has done a better job of explaining Gross s methods and instructing private investors how they can exploit his approach than Tim Middleton JON MARKMAN Columnist CNBC on MSN Money Warren Buffett John Neff Bill Miller Peter Lynch the stock market has always had dominant personalities whose long term success becomes legend In the bond market that dominant personality is Gross FORTUNE Bill Gross is the Emeril Lagasse of bond managers FORBES If you want to get a stock mutual fund manager steamed ask why his fund can t beat bond guru Bill Gross USA TODAY [Japan's Far More Female Future](#) Bill Emmott,2020-09-25 The Japan on show in the 2019 Rugby World Cup was an admirably safe stable resilient and efficient society However that appearance disguises crucial vulnerabilities and social ailments including an ageing and shrinking population slow productivity growth a new low wage insecure workforce declining marriage and fertility rates and an extreme level of gender inequality Within this gender gap lies the key both to the ailments and the cure A deterioration in the use of human capital and a decline in family formation have become entrenched thanks to discrimination against the female half of the population Yet gradual change is occurring thanks not only to demographic necessity but also to a significant rise in female access to university education since the 1990s and the emergence of a wide range of role models to inspire and empower the next generation Analysis of trends and policy options combined with interviews with 21 role models spanning fields from business to the arts diplomacy to politics music to e commerce provides ample grounds for optimism Japan is becoming a nation with an increasing number of potential female leaders If this rise can be accelerated by both public policy and private action Japan could achieve much greater social justice and sustainable prosperity in the decades to come

Europe in Crisis Tibor Iván Berend, 2013 This book analyzes the European Great Recession of 2008 12 its economic and social causes its historical roots and the policies adopted by the European Union to find a way out of it It contains explicit debates with several economists and analysts on some of the most controversial questions about the causes of the crisis and the policies applied by the European Union It presents the cases of Iceland Greece and Ireland the countries that first declined into crisis in Europe each of them in a different way Iceland is a case study for reckless banking practices Greece of reckless public spending and Ireland of reckless household indebtedness At least seven other countries mostly from the peripheries of Europe had similarly reckless banking and spending practices In the center of the book are the economic and social causes of the crisis Contemporary advanced capitalism became financialized de industrialized and globalized and got rid of the straitjacket of regulations Solid banking was replaced by high risk casino type activity The European common currency also had a structural problem monetary unification without a federal state and fiscal unification The other side of the same coin is European hyper consumerism A new lifestyle emerged during two super prosperous periods in the 1950s to 1960s and during the 1990s to 2006 Trying to find an exit policy the European Union turned to strict austerity measures to curb the budget deficit and indebtedness This book critically analyzes the debate around austerity policy The creation of important supra national institutions and of a financial supervisory authority and stability mechanisms strengthens integration The correction of the euro s structural mistake by creating a quasi fiscal unification is even more important The introduction of mandatory fiscal rules and their supervision promises a long term solution for a well functioning common currency These measures meanwhile create a two tier European Union with a fast track core This book suggests that the European Union will emerge stronger from the crisis This book will be of particular interest to students and researchers of economics history political science and international finance but will also prove profitable reading for practitioners and the interested public
