Ecstatic Occasions Expedient Forms Poems And Commentary By 65 Of Americas Greatest Poets:

Ecstatic Occasions, Expedient Forms David Lehman, 1987 *International Who's Who in Poetry* 2005 Europa Publications, 2004-08-02 The 13th edition of the *International Who's Who in Poetry* is a unique and comprehensive guide to the leading lights and freshest talent in poetry today. Containing biographies of more than 4 000 contemporary poets worldwide, this essential reference work provides truly international coverage. In addition to the well-known poets, talented up-and-coming writers are also profiled. Contents: Each entry provides full career history and publication details. An international appendices section lists prizes and past prize winners, organizations, magazines, and publishers. A summary of poetic forms and rhyme schemes. The career profile section is supplemented by lists of Poets Laureate, Oxford University professors of poetry, poet winners of the Nobel Prize for Literature, winners of the Pulitzer Prize for American Poetry, and of the King's Queen's Gold medal and other poetry prizes. *STYLISTICS OF POETRY* Dr. D. GNANASEKARAN, 2018-02-28 Stylistics is a branch of Applied Linguistics and deals with the various levels of language: graphological, phonological, lexical, syntactic, and semantic discourse. In this book, each level is lucidly explained with relevant theoretical concepts, and they are practically applied to two poems as model exercises. With the evidences explicitly available and insinuations implicitly conveyed in the text, each poem is insightfully examined through a linguistics lens to explore the stylistic nuances embedded in it. It can be exciting and interesting to anyone interested in the English language and poetic style, in addition to students of literature.

The Columbia Granger's Guide to Poetry Anthologies William A. Katz, Linda Sternberg Katz, Esther Crain, 1994 Reference guide to poetry anthologies with descriptions and evaluations of each anthology. *The Columbia Granger's Dictionary of Poetry Quotations* Edith P. Hazen, 1992 Why do smokers claim that the first cigarette of the day is the best? What is the biological basis behind some heavy drinkers' belief that the hair of the dog method alleviates the effects of a hangover? Why does marijuana seem to affect one's problem-solving capacity? *Intoxicating Minds* is in the author's words a grand excavation of drug myth. Neither extolling nor condemning drug use, it is a story of scientific and artistic achievement, war and greed, empires and religions, and lessons for the future. Ciaran Regan looks at each class of drugs, describing the historical evolution of their use, explaining how they work within the brain's neurophysiology, and outlining the basic pharmacology of those substances. From a consideration of the effect of stimulants such as caffeine and nicotine, and the reasons and consequences of their sudden popularity in the seventeenth century, the book moves to a discussion of more modern stimulants such as cocaine and ecstasy. In addition, Regan explains how we process memory, the nature of thought disorders, and therapies for treating depression and schizophrenia. Regan then considers psychedelic drugs and their perceived mystical properties, and traces the history of placebos to ancient civilizations. Finally, *Intoxicating Minds* considers the physical consequences of our co-evolution with drugs, how they have altered our very being, and offers a glimpse of the brave new world of drug therapies.
