Era: 1945-91 Nicholas Eberstadt,2010-03-16 In Policy and Economic Performance in Divided Korea during the Cold War Era 1945 91 Eberstadt presents an impressive compilation of hard to find comparative data on economic performance for the Democratic People s Republic of Korea DPRK or North Korea and the Republic of Korea ROK or South Korea over two critical generations By a number of indicators Eberstadt argues Kim Il Sung s North Korea actually outperformed South Korea for much of this period not only in the years immediately following partition but perhaps also into the 1970s An Agenda for Economic Reform in Korea Kenneth Judd,Young-Ki Lee,2013-11-01 An Agenda for Economic Reform in Korea looks at Korea s economic problems from the perspective of the American experience with economic reforms and sheds new light on the problems of economic reform facing nations all over the world The authors examine such issues as corporate governance social welfare labor relations and other pressing challenges and suggest a new vision for the Korean economy **Policy and Economic Performance in Divided Korea During the Cold War Era** Nick Eberstadt,2010 Nicholas Eberstadt presents an impressive compilation of hard to find comparative data on economic performance for North Korea and South Korea over two critical generations **Korea's Democratization** Samuel S. Kim,2003-05-19 Table of contents *Funeral Rites in Contemporary Korea* Gil-Soo Han,2019-05-22 This book explores 21st century Korean society on the basis of its dramatically transforming and rapidly expanding commercial funeral industry With insights into contemporary Confucianism shamanism and filial piety as well as modernisation urbanisation the division of labour and the digitalisation of consumption it is the first study of its kind to offer a sophisticated integrated sociological analysis of how the commodification of death intersects with capitalism popular culture and everyday life in contemporary Korea Through innovative analyses of funeral advertising and journalism screen and literary representations of funerals online media consumer accounts of using funeral services and other sources it offers a complex picture of the widespread effects of economic development urbanisation and modernisation in South Korean society over the past quarter century In the aftermath of the Korean economic miracle novel ways of paying respect to deceased kin have emerged using Max Weber s concept of pariah capitalism Gil Soo Han shows how the heightened obsession with and boom in the commodification of death in Korea reflects radical transformations in both capital and culture Winner of Korean Education Minister s Book Prize 2020 North Korea in a Nutshell Kongdan Oh,Ralph Hassig,2021-06-11 Explore North Korea one of the most secretive countries in the world This thoughtful book provides a concise introduction to North Korea Two leading experts Kongdan Oh and Ralph Hassig trace the country s history from its founding in 1948 and describe the many facets of its political economic social and cultural life The authors illuminate a

hidden nation dominated by three generations of the secretive Kim regime a family dynasty more suited to the Middle Ages than the contemporary era North Korea has a robust if outmoded military force including a growing arsenal of weapons of mass destruction to deter and defend against foreign attacks and to maintain independence and isolation from the rest of the world The struggling economy disconnected from the global marketplace operates under harsh international sanctions All North Koreans from the highest party cadres to the youngest children living in prison camps are essentially servants of the leader Despite Kim Jong un s despotic control the authors argue that North Korea cannot continue on its current path indefinitely Kim treats even his closest associates harshly and the gap is widening between his elite supporters numbering a million or so and the other twenty four million North Koreans The economic and technological gap between South Korea and North Korea is increasing as well and younger people are becoming disenchanted as they gradually learn more about the outside world

South Korea Andrea Matles Savada, William Shaw, 1997-07 Describes and analyzes South Korea s political economic social and national security systems and institutions Examines the inter relationships of those systems and the ways they are shaped by cultural factors Provides a basic understanding of the observed society striving for a dynamic portrayal Particular attention is devoted to the people who make up the society their origins dominant beliefs and values their common interests and the issues on which they are divided the nature and extent of their involvement with national institutions and their attitudes toward each other and toward their social system and political order

One Korea Shepherd Iverson, 2013-09-06 Peaceful Korean reunification would end a growing nuclear threat ease regional and geopolitical tensions and bring about significant economic growth and cooperation in resource rich Northeast Asia The central assumption of this book is that peace and reunification can be achieved by changing the underlying incentive structure for all North Koreans and by offering its leaders a safe honorable and profitable way out of a deteriorating situation Economic stagnation and increased awareness of the better life beyond their borders has led to growing dissent inside North Korea while dynastic transition and the rise of a new generation of leaders may have opened a new opportunity for political acquiescence The book outlines a Korean Peace Fund strategy that provides for global elites corporations and governments to raise 300 billion to give to North Korean power elites military officers and common people if they agree to reunify under South Korean political leadership Kim Jong un would likely be hailed worldwide for participating in a win win face saving resolution
