**Economic Survey of Europe in 1996-1997** Economic

Commission for Europe,1997      **The Economics of International Integration** Miroslav N. Jovanović,2007-01-01  
 International economic integration has played a significant part in economic policy decisions for most countries and regions throughout the world over decades This text looks at why the success of integration schemes has been so variable and what the prospects are for integration in the future      **Economia Dell'allargamento Dell'Unione Europea** Franco Praussello,2003      *OECD Economic Surveys: Ireland 1999* OECD,1999-06-17 This 1999 edition of OECD s periodic review of Ireland s economy examines recent economic developments policy and prospects It includes a special feature on structural policy reform      **The Kazakstan Economy** Yelena Kalyuzhnova,2016-01-13 The Kazakstan Economy deals with the last years of the planned economy in Kazakstan and goes on to explore the beginning of national sovereignty the introduction of the new national currency and the first steps by the Kazakstani government on a course of reform The author covers the most important elements of economic changes privatization and industrial transformation A view of the methods of reform in different sectors of the economy is also provided the oil and gas industry agrarian sector banking system foreign economic activity and military complex The final analysis is upon the socio economic implications of transition      *OECD Economic Surveys: European Union 2007* OECD,2007-09-20 This survey of the European Union economy reviews the EU s economic performance and discusses the main challenges including pushing ahead with the internal market opening up network industries to competition removing barriers to labour mobility      *Foreign Investment and Privatization in Eastern Europe* Patrick Artisien,Matija Rojec,Marjan Svetlicic,2016-01-03 Written in a clear and straightforward style and well grounded in succinct and pertinent analysis It will prove a boon to students and practitioners alike as moves proceed towards European integration British Book News This volume identifies and analyses the extent to which the countries of Central and Eastern Europe are likely to attract inward foreign direct investment FDI to the turn of the century Although these countries have been growing recipients of FDI Western multinationals remain cautious and are slow to commit large investment sums The book covers the contextual and thematic aspects of FDI as well as empirical country studies including the Commonwealth of Independent States Hungary Poland and Slovenia which address the legal environment for FDI its magnitude and motives and industrial breakdown The final section discusses the potential for closer economic and political integration in Europe

**The Economics of Transition** Marie Lavigne,1999-02-15 Substantially revised and updated the second edition of this highly acclaimed text is both a vital guide and a valuable critical analysis The book provides a contemporary comparative approach to the process of transformation of the economies of Eastern Europe and Russia Supplying a large amount of factual and statistical information it also includes consideration of recent progress in the areas of macro economic stabilisation micro economic restructuring and integration into the world economy      **A Handbook of Comparative Social Policy, Second Edition** Patricia Kennett,2013-01-01 This extensively revised edition of A Handbook of Comparative Social Policy provides up to date and valuable insights on key concepts and issues such as globalization crime diversity housing

child poverty gender inequality and social policy regimes To write about these topics editor Patricia Kennett has gathered an excellent team of researchers who deal with both the developing and the advanced industrial world Students of comparative social policy would benefit from engaging with this illuminating Handbook Daniel B land JohnsonShoyama Graduate School of Public Policy Canada The current context of social policy is one in which many of the old certainties of the past have been eroded The predominantly inward looking domestic preoccupation of social policy has made way for a more integrated international and outward approach to analysis which looks beyond the boundaries of the state It is in this context that this Handbook brings together the work of key commentators in the field of comparative analysis in order to provide comprehensive coverage of contemporary debates and issues in cross national social policy research Organized around five themes this thoroughly revised and updated second edition explores the contextual conceptual analytical and processual aspects of undertaking comparative social research The contributions highlight specific areas of comparative social policy including child poverty and well being patterns of housing provision and housing inequalities and social protection in East Asia as well as crime and criminology in a global context The authors of the Handbook explore continuing and emerging themes as well as issues which are of particular relevance to understanding the contemporary social world International in scope this authoritative Handbook presents original cutting edge research from leading specialists and will become an indispensable source of reference for anyone interested in comparative and international social research It will also prove a valuable study aid for undergraduate and postgraduate students from a range of disciplines including social policy sociology politics urban studies and public policy

OECD Economic Surveys: European Union 2016 OECD,2016-06-10 This 2016 OECD Economic Survey of the European Union examines recent economic developments policies and prospects The special chapter cover Priorities for completing the Single Market

**Leviathan Transformed** Theodore Caplow,2002-01-16 The authors using these goals as a checklist found that each of the seven states performs well in some areas and badly in others They discovered that all states approached these goals in a style shaped by their own history and in particular by how they have been affected by the troubles of the twentieth century Their investigations offer a new informative way of looking at these nation states and detail the social and political conditions in each state Contributors include Theodore Caplow Salustiano Del Campo Royal Academy of Political and Social Science Madrid Nikolai Genov Bulgaria Academy of Sciences Karl Otto Hondrich Goethe University Simon Langlois Universit de Laval Alberto Martinelli University of Milan and Henri Mendras OFCE Paris

**The Enlargement of the European Union** Victoria Curzon Price,Alice Landau,Richard Whitman,2012-11-12 This volume looks at the process of enlargement which the European Union is currently undertaking focusing on both the economic and political dimensions of the subject The volume examines how enlargement has evolved and looks at the roles and relations of the different actors member states applicant states and EU institutions With contributors coming from different disciplinary backgrounds the volume offers an unusually rich array of perspectives on one of the most

significant political developments of recent years      When is Transition Over? Annette N. Brown,1999 Contains six lectures which discuss criteria for determining the end of the transition process These include changes in the characteristics of the economic system outcomes of the transition process and institutional reforms      *European Industrial Policy* James Foreman-Peck,Giovanni Federico,1999 At the end of the 20th century with stagnating industrial output unemployment in many European countries has climbed to levels not seen since the 1930s Interventionist industrial policies thus find new popularity after the gentle flirtation with liberalization in the early 1990s Under the Maastricht Treaty the European Union was granted industrial policy powers for the first time The present study aims to contribute to an understanding of European industrial policy by introducing an historical perspective National policy continuities and the considerable time over which industrial performance responds to changed environments emerge with greater clarity in the long run The chapters in this book take a broad view of industrial policy including those policies that establish the framework such as competition law as well as sector for firm specific policies The overall conclusion is that improved framework policies such as liberalization and re regulation are still essential Monetary union in the core will increase tensions arising from economic inflexibility Although there are often strong political barriers blocking implementation of appropriate industrial policies they will be even more necessary under monetary union      **Transformation at Work** Anna Pollert,2000-01-13 The book is well written and clearly structured bringing together much dispersed material The most interesting part of the book is the case study of the Czech engineering firm CKD The case study gives an insight into the continuing processes of transition transition is a process rather than a jump from Socialism to capitalism The author provides solid evidence on the ways in which adjusting to the market has proved painful and in the end unsuccessful for CKD which has been merged with another firm Overall Transformation at Work provides a valuable insight into the realities of the transition process at the enterprise level

**Employee Relations** In this book Anna Pollert questions the values hidden in the burgeoning literature on transformation and addresses the main concerns arising from these In exploring the key issues of post communist transformation the author discusses important theoretical issues about the nature of change and continuity such as historical socio economic and political effects of transformation the broad problems of how workers and their organizations respond to change from command to capitalist economies and case studies of how managers workers and trade unionists experience these changes within their organizations Transformation at Work explores the key issues of post communist transformation in Eastern Europe The author discusses important aspects of the nature of change and continuity including historical socio economic and political effects how workers and their organizations respond to change from command to capitalist economies and how managers workers and trade unionists experience change within their organizations      **Unemployment in Southern Europe** Nancy G. Bermeo,2014-02-04 Unemployment is one of Southern Europe s most serious political problems Though much has been written about unemployment s causes and cures systematic attention to its consequences is lacking This

collection of original essays deals with the effects of unemployment on regimes parties immigrants economies and families highlighting the differences and the similarities among Southern European states and offering lessons about the profound human consequences of unemployment in general      **Building Capitalism** Anders Åslund, 2002
