Garvey, Shannon Tushingham**

Economic Anthropology Topics And Theories:

Economic Anthropology Sutti Ortiz,1983 Theory in Economic Anthropology Jean Ensminger,2002 Comprising 13 contributions mostly based on papers presented at the annual conference of the Society for Economic Anthropology in 1998 at Northwestern University this volume focuses several themes the new institutionalism wealth exchange and the evolution of social institutions small producers interactions with the wider world commodity chains and the formal informal sector distinction and the role for big theory in economic anthropology Annotation copyrighted by Book News Inc Portland OR

Political Economy, Neoliberalism, and the Prehistoric Economies of Latin America Ty Matejowsky,Donald C. Wood,2012-10-24 Continues on going presentation of highly engaging anthropological research This title contains a range of broad based and localized topics economic anthropologists that explore from various critical perspectives It addresses questions of how political economy is articulated through processes of consumption production and evolution The Routledge Handbook on Karl Polanyi Michele Cangiani,Claus Thomasberger,2024-02-05 Karl Polanyi is one of the most influential social scientists of our era A report of the United Nations Conference on Trade and Development UNCTAD begins by noting that we are in a Polanyi era a time of dangerously unregulated markets where the greatest need for decisive political action is matched by the least trust in politics This handbook provides a comprehensive of recent research on Polanyi s work and ideas including the central place occupied by his thinking on the relationship between economics and politics The stellar line up of contributors to this book explore Polanyi s work reflecting the intrinsic interdisciplinarity of Polanyi s approach to understanding our society its place in history its fundamental dynamics and its contradictions as well as the methodological issues he raises The handbook broadly follows a chronological structure beginning with influences on Polanyi his formative experiences and early works A significant section is dedicated to Polanyi s seminal work The Great Transformation and its impact Further sections also look at Polanyi s wider influence on various disciplines and methodological debates and his ongoing relevance for present day issues including debates on populism neoliberalism and low carbon transitions This handbook is a vital resource for students and scholars of economics politics sociology and other social sciences **Economies across Cultures** Rhoda H. Halperin,1988-11-29 A study containing a combination of theory ethnography and history focusing upon critical issues of economic organization and change Labour organization land tenure and the division of labour by age and sex are treated in the context of both practical and theoretical problems **The New Palgrave Dictionary of Economics** ,2016-05-18 The award winning The New Palgrave Dictionary of Economics 2nd edition is now available as a dynamic online resource Consisting of over 1 900 articles written by leading figures in the field including Nobel prize winners this is the definitive scholarly reference work for a new generation of economists Regularly updated This product is a subscription based product **Economic Development** Jeffrey Harris Cohen,Norbert Dannhaeuser,2002 This volume presents analyses on the theory and practice of economic development in rural and urban

communities around the world The 13 contributions cover topics including market systems agricultural knowledge modernization population growth conservation strategies participatory culturally sustainable and urban development globalization and privatization tourism and financial markets Of interest for comparative research in the fields of anthropology development agricultural research geography and the environment Edited by Cohen anthropology Pennsylvania State U and Dannhauser anthropology Texas A M U who are also contributors Annotation copyrighted by Book News Inc Portland OR

Migration and Economy Lillian Trager, 2005-10-13 Trager and her coauthors focus on migration not as a single event but as a dynamic process that responds to and is shaped by broader economic cultural and social forces Individual essays consider issues of international and internal migration of voluntary migration and forced movements due to civil conflicts and environmental degradation and of macro level forces and micro level institutions The authors investigate a wide variety of types of mobility describe transnational and multilocal networks through which remittances and other flows take place focus on migrants as active agents and examine the impacts of ethnicity and assimilation They offer original studies on Mexico Puerto Rico West Africa Kazakstan and Mozambique This new volume will be a valuable resource for researchers and practitioners in development anthropology migration studies and international planning and policy

Encyclopedia of Political Economy Phillip O'Hara, 1999-02-04 Content Description Includes bibliographical references and index

Labor in Cross-Cultural Perspective E. Paul Durrenberger, Judith E. Martí, 2005-12-22 This excellent new volume in the series from the Society for Economic Anthropology focuses on the role of labor in contrasting world economies The contributors offer a diverse collection of case studies illustrating labor processes in a wide range of contexts in both western and nonwestern societies The volume presents a detailed portrait of how the mobilization of labor changes dramatically with variations in social political and economic conditions as well as location and time period reaffirming the unique contribution of anthropology to economic research Individual sections include discussions on household labor firms and corporations and state and transnational conditions This book will be a valuable resource for scholars students and interested readers of international economics anthropology development issues labor studies and sociology

Economies and the Transformation of Landscape Lisa Cliggett, Christopher A. Pool, 2008 Economies and the Transformation of Landscape explores both the general and specific ways in which local economic ventures around the world such as mining ranching and farming affect the environment

Values and Valuables Cynthia Werner, Duran Bell, 2004-01-13 In this exciting new volume from the Society for Economic Anthropology Cynthia Werner and Duran Bell bring together a group of distinguished anthropologists and economists to discuss the complex ways in which different cultures imbue material objects with symbolic qualities whose value cannot be reduced to material or monetary equivalents Objects with sacred or symbolic qualities are valued quite differently than mundane objects and the contributors to this volume set out to unravel how and why In the first of three sections the authors consider the extent to which sacred objects can or cannot be exchanged between individuals e g

ancestral objects and dreaming stories In the next section contributors discuss the value and power of markets money and credit They consider theoretical models for understanding money transactions competing currencies and the power of credit among marginalized groups around the globe The last section examines the ways in which contemporary people bestow symbolic value on some objects e g family heirlooms pre Columbian artifacts fashion goods and finally how some individuals themselves are valued in monetary and symbolic ways With its emphasis on the interplay of cultural and economic values this volume will be a vital resource for economists and economic anthropologists Published in cooperation with the Society for Economic Anthropology Visit their web page

Gender at Work in Economic Life Gracia Clark, 2003 This new volume from SEA illuminates the importance of gender as a frame of reference in the study of economic life The contributors are economic anthropologists who consider the role of gender and work in a cross cultural context examining issues of historical change the construction of globalization household authority and entitlement and entrepreneurship and autonomy The book will be a valuable resource for researchers in anthropology and in the related fields of economics sociology of work gender studies women's studies and economic development Published in cooperation with the Society for Economic Anthropology Visit their web page

Readings for A History of Anthropological Theory Paul A. Erickson, Liam Donat Murphy, 2010-01-01 This comprehensive anthology presents 40 readings that are critical to an understanding of anthropological theory and the development of anthropology as an academic discipline The readings have broad anthropological appeal emphasizing social and cultural anthropology The third edition has been completely revised throughout and organized to work more closely alongside the companion overview text *A History of Anthropological Theory* It includes six new readings as well as two original essays written by contemporary anthropologists on Why Theory Matters These new essays help ground the more abstract readings in the collection The glossary has been significantly expanded and the discussion questions have been revised The result is a volume that offers not only a strong foundation in the history of the discipline but also a good overview of developments in twentieth and twenty first century anthropological theory including feminist anthropology postmodernity medical anthropology globalization postcolonialism and public anthropology

Political Economy from Below Rob Knowles, 2017-07-05 Communitarian anarchism is a generic form of socialism that denies the need for a state or any other authority over the individual from above and which requires absolute belief that the individual cannot exist outside of a community of others This book suggests that the communitarian anarchists of the nineteenth century developed and articulated a distinct tradition of economic thought The period of this study begins with the first major writing of the French communitarian anarchist Pierre Joseph Proudhon in 1840 and ends with the temporary burial of anarchist theorizing at the beginning of the First World War in 1914 However the tradition of communitarian anarchist economic thought did not end in 1914 The economic thought explored in this book provides a fresh perception of the fragmentation evident in many societies today especially where there is a substantial informal economy

Institutional Economics Charles J. Whalen, 2021-10-27

Institutional economics is a sociocultural discipline and policy science which draws on the idea that economies are best understood through an appreciation of history real world institutions and socioeconomic interrelations This book brings together leading institutionalists to examine the tradition s most essential perspectives and methods The contributors to the book draw on a broad range of institutional thought from the classic work of Thorstein Veblen John R Commons and Karl Polanyi to the newer viewpoints of post Keynesian institutionalism feminist institutionalism and environmental institutionalism Methods range from frameworks used to analyze public policy and institutional change to modes of analysis including myth busting historically grounded narratives and computer based simulations Each chapter surveys the origins development key features applications and frontiers of a particular viewpoint framework or mode of analysis Due consideration is given to both strengths and weaknesses and woven into the chapters is attention to core institutionalist concepts including technology institutions culture and complexity The book provides economists with promising starting points for new research students with contributions refreshingly in touch with the real world and policymakers and social scientists with compelling reasons for engaging further with the institutionalist tradition

Hunter-Gatherers Robert L. Bettinger, Raven Garvey, Shannon Tushingham, 2015-06-30 Hunter gatherer research has played a historically central role in the development of anthropological and evolutionary theory Today research in this traditional and enduringly vital field blurs lines of distinction between archaeology and ethnology and seeks instead to develop perspectives and theories broadly applicable to anthropology and its many sub disciplines In the groundbreaking first edition of *Hunter Gatherers Archaeological and Evolutionary Theory* 1991 Robert Bettinger presented an integrative perspective on hunter gatherer research and advanced a theoretical approach compatible with both traditional anthropological and contemporary evolutionary theories *Hunter Gatherers* remains a well respected and much cited text now over 20 years since initial publication Yet as in other vibrant fields of study the last two decades have seen important empirical and theoretical advances In this second edition of *Hunter Gatherers* co authors Robert Bettinger Raven Garvey and Shannon Tushingham offer a revised and expanded version of the classic text which includes a succinct and provocative critical synthesis of hunter gatherer and evolutionary theory from the Enlightenment to the present New and expanded sections relate and react to recent developments some of them the authors own particularly in the realms of optimal foraging and cultural transmission theories An exceptionally informative and ambitious volume on cultural evolutionary theory *Hunter Gatherers* second edition is an essential addition to the libraries of anthropologists archaeologists and human ecologists alike

[Readings for a History of Anthropological Theory, Sixth Edition](#) Paul A. Erickson, Liam D. Murphy, 2021-11-01 *Readings for a History of Anthropological Theory* curates and collects many of the most important publications of anthropological thought spanning the last hundred years building a strong foundation in both classical and contemporary theory The sixth edition includes seventeen new readings with a sharpened focus on public anthropology gender and sexuality race and ethnicity linguistic

anthropology archaeology and the Anthropocene Each piece of writing is accompanied by a short introduction key terms study questions and further readings that elucidate the original text On its own or together with A History of Anthropological Theory sixth edition this anthology offers an unrivalled introduction to the theory of anthropology that reflects not only its history but also the changing nature of the discipline today

Method and Theory in Paleoethnobotany John M. Marston, Jade d'Alpoim Guedes, Christina Warinner, 2015-02-15 Paleoethnobotany the study of archaeological plant remains is poised at the intersection of the study of the past and concerns of the present including agricultural decision making biodiversity and global environmental change and has much to offer to archaeology anthropology and the interdisciplinary study of human relationships with the natural world Method and Theory in Paleoethnobotany demonstrates those connections and highlights the increasing relevance of the study of past human plant interactions for understanding the present and future A diverse and highly regarded group of scholars reference a broad array of literature from around the world as they cover their areas of expertise in the practice and theory of paleoethnobotany starch grain analysis stable isotope analysis ancient DNA digital data management and ecological and postprocessual theory The only comprehensive edited volume focusing on method and theory to appear in the last twenty five years Method and Theory in Paleoethnobotany addresses the new areas of inquiry that have become central to contemporary archaeological debates as well as the current state of theoretical methodological and empirical work in paleoethnobotany

Market and Society C. M. Hann, Keith Hart, 2009-05-14 This volume considers how the work of Polanyi can contribute to our understanding of the relationship between market and society
