ECONOMIC GROWTH AND POLITICAL CHANGE IN ASIA

Economic Growth And Political Change In Asia

Robert P. Weller

Economic Growth And Political Change In Asia:

Economic Growth and Political Change in Asia Graham Field, 2016-07-27 This book looks at the main factors which have contributed to the strikingly strong growth of Asian economies in the last twenty five years It considers the economic policies adopted to promote such growth arguing that it will become increasingly difficult to sustain this The author then examines the inequalities generated by economic growth before considering the dynamics of the four different types of political system which have evolved in Asia veiled authoritarianism market Stalinism emerging bourgeois democracy and elite democracy

Driven by Growth James William Morley, 1998-10-29 A thoroughly revised and updated edition of the highly regarded 1993 book Driven by Growth this work presents the political economic evolution of the Asia Pacific countries with overviews of the impact of economic development on political change This new edition now includes chapters on Burma and Vietnam New authors have been added and all the original chapters have been revised

Civil Life, Globalization and Political Change in Asia Robert P. Weller, 2004-08-02 Written by a team of international experts in the field the chapters in this book question whether and how NGOs actually lead to democratization and discuss the ways NGOs relate to broader global forces

Asian Development Gerald Tan, 2000 **Growth, Distribution and Political Change** Malcolm Falkus, Kwan S. Kim, Ryoshin Minami, 1999-09-17 Continuing the inequality and development debate originally ushered in by Kuznets this book extends to the possible sociopolitical disruptions of growing inequality and its ramifications for growth and development Comparing a range of countries in Asia and beyond the book examines the relationships between growth distribution and politics Theoretical and empirical studies are backed up by discussion of historical developments in this interdisciplinary study which will interest political scientists sociologists historians and economists

The Media and Political Change in Southeast Asia Jonathan Woodier, 2009-01-01 the book is in a comprehensive readable format the book is logically organised rich in data and statistics regarding the issues that it covers as well as accessibly written such that its points would not be lost on the average upper level undergraduate student with some preparation in Asian studies and the social sciences Jane M Ferguson South East Asia Research a serious academic work that should be on the official reading list of every media studies course Chris Roberts Presenter Sky News Jonathan Woodier has written an excellent book on the politics of media control in Southeast Asia He shows how political elites in the region are using major events such as the 1997 Asian Financial Crisis and the 2001 September 11 terror attacks as well as innovations in media tools such as public relations and the internet to control information flow to their citizens This book is a must read for anyone interested in an explanation why Southeast Asian models of authoritarian models are surviving A brilliant analysis it combines media theory with a critical discussion of contemporary developments in Asia James Gomez Keio University Japan True to the old Chinese adage kill a chicken scare a monkey the few who once challenged Southeast Asia's ruling elites disappeared and the majority were silent Crude but effective Modern times however demand a more sophisticated approach Ruling elites now strip cultures naked and micro

manage people's minds. Their preferred tools of penetration and manipulation are a compliant media and a money hungry PR industry. Jonathan Woodier's insights will ensure that you will never read a newspaper or watch TV news in quite the same way again. Trevor Watson Professional Public Relations Pty Ltd Australia. This is an engaging and informative analysis of the media landscape in South East Asia. It uncovers the pervasive impact of the global media on the political process and raises important academic and policy issues in the process. This book is timely and will be a must read for policymakers, academics and students across communications, media studies, politics and democratization as well as for everyone with an interest in current day developments in South East Asia. Joep Cornelissen, Leeds University Business School, UK. Jonathan Woodier's latest work considers what impact the media has upon the democratization process in Southeast Asia. Has the media had a liberalizing effect or become subject to elite control in Southeast Asia and if so why? What role does the global media play in this process, particularly given its conglomerization and commoditization? By examining the communications media and its relationship to political change in Southeast Asia, this fascinating study will endeavour to provide both a regional comparative analysis and a more balanced interpretation of the mass communication media in the wake of September 11, 2001. The book also investigates the durability of authoritarian regimes and the enduring capacity of the media controlled state alongside the growing sophistication of political communications, particularly the use of PR consultants. The author provides an insider's view with unique insights into the practice of political communication and its development throughout the strategically important region of Southeast Asia, with its large Moslem states as well as much further afield to countries such as China and post industrial Europe. As such, the book will be warmly welcomed by academics of politics, international relations, media, communications and PR. It will also appeal to researchers interested in political change, the rise of the global media giants and the influence of authoritarian states such as China. *Political Change in Southeast Asia*, Jacques Bertrand, 2013-07-11. Southeast Asia is a vast and complex region comprising countries with remarkably diverse histories and cultures. Jacques Bertrand provides a fresh and highly original survey of politics and political change in this area of the world. Against the backdrop of rapid economic development and social transformation in several countries, he explores why some countries have adopted democratic institutions while others have maintained stable authoritarian systems or accepted communist regimes. Bertrand presents a historically grounded account of capitalist countries and state socialist countries, delving into the historical experience of individual countries whilst simultaneously providing a comparative framework with which to draw parallels and foster a better understanding of the political and economic dynamics both within and between the countries. With powerful yet accessible analysis and detailed coverage, this book offers students and scholars a thorough and thought provoking introduction to the political landscape of Southeast Asia. *Civil Society and Political Change in Asia*, Muthiah Alagappa, 2004. A systematic investigation of the connection between civil society and political change in Asia, change toward open, participatory and accountable politics. Its findings suggest that the link between a vibrant civil society and democracy is

indeterminate certain civil society organizations support democracy others could undermine it **Parliaments and Political Change in Asia** Clemens Jürgenmeyer, Michael H. Nelson, Patrick Ziegenhain, 2005 This study of the national parliaments of India Indonesia the Philippines South Korea and Thailand is inspired by four major theoretical discourses neo institutionalism parliamentarianism versus presidentialism majoritarian versus consensus democracy and transition theory The book examines the specific role of parliaments in political decision making regime change democratization and consolidation of democracy in a comparative perspective It argues that parliaments play a greater part in the political decision making than is often asserted and that there is no cogent causal relationship between parliamentary performance and system of government

Political Change, Democratic Transitions and Security in Southeast Asia Mely Caballero-Anthony, 2009-12-16 This book examines the nature of political transitions in Southeast Asia and why political transitions toward political liberalisation and democracy have failed to take off It considers political systems in the region that have gone through significant periods of transition but continue to face serious challenges toward democratic consolidation *Asia-Pacific* Raymond Frederick Watters, T. G. McGee, Ginny Sullivan, 1997 The great processes reshaping our world today can be summed up by the term globalisation Together with the communications revolution and massive urbanisation it is reshaping the organisation of global space It is illustrated by technological change pronounced economic growth the dominance of giant corporations ever more open markets and universal consumption Dramatic developments have occurred in Asia Pacific trade investment labour movements and political cooperation marked for example by APEC a giant free trade area designed to encompass about 60% of the world's population and half the world's economy But the processes also create social tension political reaction and local resistance as a result of regional restructuring widening regional disparities the neglect of backward areas or imposed modernisation Asia Pacific New Geographies of the Pacific Rim written by leading scholars from the region examines the extent to which Pacific Rim economies especially East Asia and Southeast Asia are increasingly integrated and considers the economic political and cultural forces at work In the process many new geographies are being created or reconstructed At the same time the local global dialectic whereby local forces react to negotiate with resist or capitulate to global forces is examined Part I analyses globalisation and the emergence of sub global regions Part II the processes of change in Asia Pacific and Part III the national responses to globalisation Part IV addresses local reactions to global forces resistance negotiations or capitulation Finally the editors enumerate the challenges to the region which centre on the crucial need to manage this era of globalisation so that sustainable societies can continue This vast region needs careful management of globalisation in which the forces of free trade and economic growth are the central determinants For the time being these forces seem to be in the ascendant **The Philippines in a Changing Southeast Asia** Steven R. Dorr, 1989 **Social Change in South East Asia** Jacques Hersh, Johannes Dragsbaek Schmidt, Niels Fold, 2018-10-08 Provides a comprehensive and in depth examination of the ongoing process of development and societal transformation in a dynamic region of the Third World Written by a team

of specialists from the fields of development studies sociology and political economy the book looks at some of the fundamental problems facing South East Asia by addressing the following issues the social constellations class culture and political legitimation and industrialisation and labour regulation *Capitalist Development and Economism in East Asia* Kui-Wai Li,2003-08-29 Taking a conceptual approach this book studies the economic development of the four East Asian economies since 1950 The author summarizes and reconsiders many of the arguments and findings that supported and explained the economic miracles of Hong Kong Singapore Taiwan and South Korea analysing the relationship between economic development growth and political economy This pioneering book will stimulate further analysis of East Asian development It will be of essential interest to scholars in East Asian economics and all those interested in modern economic development **The Political Economy of East Asia** Ming Wan,2007-10-17 For students of international political economy it is hard to ignore the growth dynamism and global impact of East Asia Japan and China are two of the largest economies in the world in a region now accounting for almost 30 percent more trade than the United States Canada and Mexico combined What explains this increasing wealth and burgeoning power In his new text Ming Wan illustrates the diverse ways that the domestic politics and policies of countries within East Asia affect the region s production trade exchange rates and development and are in turn affected by global market forces and international institutions Unlike most other texts on East Asian political economy that are essentially comparisons of major individual countries Wan effectively integrates key thematic issues and country specific examples to present a comprehensive overview of East Asia s role in the world economy The text first takes a comparative look at the region s economic systems and institutions to explore their evolution a rich and complex story that looks beyond the response to Western pressures Later chapters are organized around close examination of production trade finance and monetary relations While featuring extended discussion of China Japan South Korea and Taiwan Wan is inclusive in his analysis with coverage including Myanmar Thailand Laos Vietnam Cambodia Malaysia Singapore Indonesia Brunei and the Philippines The text is richly illustrated with more than fifty tables figures and maps that present the latest economic and political data to help students better visualize trends and demographics Each chapter ends with extensive lists of suggested readings Domestic Political Change and Grand Strategy National Bureau of Asian Research (U.S.),2007 Based upon work supported by the Department of Energy National Nuclear Security Administration under Award Number DE FG52 03SF22724 **Politics in Southeast Asia** William Case,2013-09-13 This volume provides an introduction to the politics of the five key southeast Asian states Malaysia Singapore Indonesia Thailand and the Philippines and is intended as a textbook for undergraduate and graduate students taking courses on this subject Using a comparative politics and political economy perspective the author focuses in particular on the degree of democracy in the five countries arguing that in all the countries considered democracy is to varying degrees imperfect The book synthesises a wide range of scholarship and presents the material in a concise and accessible way **Economic Crises and the**

Breakdown of Authoritarian Regimes Thomas B. Pepinsky, 2009-08-17 Why do some authoritarian regimes topple during financial crises while others steer through financial crises relatively unscathed In this book Thomas B Pepinsky uses the experiences of Indonesia and Malaysia and the analytical tools of open economy macroeconomics to answer this question Focusing on the economic interests of authoritarian regimes supporters Pepinsky shows that differences in cross border asset specificity produce dramatically different outcomes in regimes facing financial crises When asset specificity divides supporters as in Indonesia they desire mutually incompatible adjustment policies yielding incoherent adjustment policy followed by regime collapse When coalitions are not divided by asset specificity as in Malaysia regimes adopt radical adjustment measures that enable them to survive financial crises Combining rich qualitative evidence from Southeast Asia with cross national time series data and comparative case studies of Latin American autocracies Pepinsky reveals the power of coalitions and capital mobility to explain how financial crises produce regime change

Japan And Asia: Economic Development And Nation Building Shinichi Ichimura, 2015-06-22 The book is a precious reference book for development economics or the political economy of development in Asia or anywhere else Unlike other books first it deals with all the East Asian countries including Japan and other Asian countries Second it offers some empirical research findings based on surveys conducted by the author's group Research on developing countries has been limited by individual scholars observations particularly about the value related issues like politics or religions Thirdly the book digs into the nation building problems which are often neglected by economists It bridges the politics sociology and economics in East Asian countries and is an important reference book for graduate students

Political Change in Thailand Kevin Hewison, 2002-09-11 This book provides an assessment of approaches to studying Thai politics the various forces reshaping the forms of political activity and their roles in the fluid contemporary political environment This volume will be of particular interest to those who require an understanding of the complex and rapidly changing political realities of contemporary Thailand Political Change in Thailand will be of particular interest to those who require an understanding of the complex and rapidly changing political realities of contemporary Thailand
