## **Economics And Politics Of Socialism Collected Essays:**

The Economics and Politics of Socialism Wlodzimierz Brus, 2013-11-05 The volume focuses on the socio political aspects of economic transformations in the Eastern European Socialist countries Particular emphasis is laid on the problem of interrelations between the plan and the market and between economic incentives and social consumption The volume also examines economic and political factors in the wider political context particularly looking at the question of democratization within industry and politics

*The Economics and Politics of Socialism* Wlodzimierz Brus, 2013-11-05 The volume focuses on the socio political aspects of economic transformations in the Eastern European Socialist countries Particular emphasis is laid on the problem of interrelations between the plan and the market and between economic incentives and social consumption The volume also examines economic and political factors in the wider political context particularly looking at the question of democratization within industry and politics

*Polish Marxism after Luxemburg* Jan Toporowski, 2022-12-09 In *Polish Marxism after Luxemburg* Jan Toporowski and leading experts offer a unique and insightful overview of Polish political economic ideas since the early 20th century building an introduction to some key themes and figurehead political economists

*Marx, Revolution, and Social Democracy* Philip J. Kain, 2023 *Marx Revolution and Social Democracy* argues that Marx should be understood as a social democrat In response to claims that Marx is either totalitarian utopian or not a democrat Philip J Kain presents a four fold argument concerning the relationship between Marx and social democracy that Marxian socialist society is compatible with a market economy as long as markets are controlled to eliminate alienation that markets can be controlled democratically that Marx accepted a democratic electoral theory of revolution and that Marx and Engels worked actively with the Social Democratic Party of Germany

**The Defetishized Society** Chris Wyatt, 2011-09-29 *New Economic Democracy* establishes a self governing civil society unifying the private sphere of production and the public sphere of citizenship within a non statist scheme of communal ownership It provides the premises to seeking a solution to Marx s fetishism of commodities Only a thorough restructuring of the economic and political institutions can provide the social climate in which the phenomenon of fetishism can be transcended Defetishizing the commodity implies reversing the concealment of the social relations through which commodities are produced and preventing the tendency to bestow magical characteristics to commodities The key imperative to the defetishized society is a system of genuinely democratic institutions iprovides this necessary corrective and also challenges the prediction that politico economic organizations like worker cooperatives are destined to be dominated by the dictates of oligarchs The explanatory approach of Marx s concepts combined with an original argument will make the book a valuable research tools to students and researchers in political theory democratic theory and political economy

*The Vitality of Contradiction* Bruce Gilbert, 2013-12-01 In *The Vitality of Contradiction* Bruce Gilbert provides an exposition of Hegel s political philosophy to establish not only that societies fail because of their contradictions but also how the unsurpassable oppositions of social life cultivate freedom He moves beyond

Hegel's works to consider the limits of liberal capitalism and the contemporary social movements around the world that stretch us beyond the global economic system. Drawing on key Hegel texts such as *Phenomenology of Spirit* and the *Philosophy of Right*, Gilbert shows how societies outgrow themselves as they come to recognize key aspects of freedom and justice. He argues that the dialectic requires that we recognize how liberal capitalism has both cultivated freedom and yet fails to lead us to more sophisticated forms of freedom. Gilbert also highlights organizations including Brazil's Movement of Landless Workers and the Mondragon cooperative in Spain and the sophisticated ways in which they are teaching the world new and better ways to be free. Engaging and perceptive, *The Vitality of Contradiction* illuminates the basic principles behind Hegel's political thought and indicates the ways in which his work encourages people to strive for a form of socialist democracy.

**Karl Marx and Friedrich Engels** Cecil Eubanks, 2015-04-17 The project to publish the works of Marx and Engels continues and this book published in 1984 puts together a comprehensive bibliography of their works either written in or translated into English including books, monographs, articles, chapters and doctoral dissertations together with the works of their interpreters. The inclusion of the secondary literature makes this a particularly valuable bibliography and contributes greatly to the understanding of the thought of Marx and Engels.

**Strategies of Economic Development** Kurt Martin, 1991-06-18 In the aftermath of the debt crisis, disappointment with the results of structural adjustment policies is leading to a reappraisal of theories of economic development and industrialization strategies. This book comprises a collection of essays on economic development.

An Introduction to the History of Economic Thought in Central Europe Julius Horvath, 2020-12-11 This book addresses the comparative history of economic thought in Central European countries where there is a notable common historic heritage and political traits. The author explores issues of Central European identity, Habsburgian and Soviet influence and nationalistic traditions and reveals commonalities between Czech, Hungarian, Polish and Slovak economic thought. Such similarities proceed to explain aspects of contemporary economic and social policies in these countries. This book aims to highlight connections among Central European economists and will be of interest to economists, economic historians, sociologists and historians.

**Society and Economy in Venezuela** Vitor Eduardo Schincariol, 2020-10-28 This book presents an overview of the economic policies adopted by the Bolivarian governments of Hugo Chávez and Nicolás Maduro in Venezuela between 1998 and 2018 and the economic and social results of these policies. The recent history of Venezuela has attracted much attention due to Chávez's and Maduro's self-declared search for socialism since the beginning of the 21st century and the economic trajectory of the country in this period which experienced significant economic growth during the international oil boom in the first decade of the century followed by a huge economic crisis in the second decade. The volume adopts an economic history approach taking into account both economic and social variables to analyze the Venezuelan overall socio-economic performance since 1998. Drawing on official documents and statistics as well as on the available literature, it presents an empirical analysis of Venezuelan economic and social histories.

during the Bolivarian period describing and analyzing the achievements and limits of the policies adopted between 1998 and 2018 Society and Economy in Venezuela An Overview of the Bolivarian Period 1998 2018 will be a useful introduction to sociologists political economists political scientists economic historians and other social scientists interested in understanding the multiple interrelations between economy and society in Bolivarian Venezuela This book offers a thoughtful committed and illuminating analysis of the socialist experiment in Venezuela Its strengths and weaknesses are examined in unprecedented detail in order to identify the drivers and limitation of socialism in the 21st century An essential work for scholars students and citizens concerned with Venezuela Alfredo Saad Filho King s College London
