Maritime Logistics in the Global Economy Thorsten Blecker, Carlos Jahn, Wolfgang Kersten, 2011

Transport and the economy Great Britain: Parliament: House of Commons: Transport Committee, Louise Ellman, 2011-03-02 In this report the Transport Committee calls on the Government to publish a White Paper on its transport strategy explaining in particular how spending on transport will deliver economic growth and development Such a strategy must set objectives for all transport spending and explain the criteria Ministers will use to decide between different claims on limited financial resources The report welcomes the commitment to undertake transport investment that will deliver sustainable growth and enterprise including green industries balanced across all sectors and in a manner that will reduce regional disparities Ministers must however ensure that this vision for transport investment is backed up by a pro active and fully integrated economic development strategy This is so far absent The current Government has swept away the regional tier of planning and many institutions that played a key role in the development of strategic priorities for transport spending in support of economic development This has created a vacuum that has left regions without the institutions and arrangements they need to plan and prioritise sub national transport schemes and other significant transport infrastructure The Coalition also needs a much stronger strategy for developing the UK's major ports and airports The Government must also do more to correct regional disparities in transport investment The Department for Transport's New Approach To Appraisal process which plays such a major role in deciding which transport schemes get Government funding is highly controversial Small schemes including sustainable transport projects may be cut disproportionately under new transport funding arrangements

Freight Transport and the Modern Economy Michel Savy, June Burnham, 2013-06-26 Freight Transport and the Modern Economy adapts a well known textbook by Michel Savy revising extending and updating it for British European and international readers It deals not only with the technical aspects of transport logistics and supply chain management but also the interactions between transport professionals and the public authorities in the modern social political economic and environmental context The transport of freight is presented as a system mixing empirics and theory showing how transport itself functions and also its strong influence on the modern economy with a growing volume of production turnover and employment The nature of freight transport an industrial process widely marketed as a service is analysed in depth explaining the main characteristics of the transport operation its market and the regulatory context The main actors the professional actors carriers shippers and other agents and the public authorities are introduced and their behaviour and interactions are clarified This comprehensive approach allows the reader to go further and consider in particular the approaches and practices of transport by carriers customers logistics managers political decision makers and citizens to tackle long range issues such as the decoupling of production and transport recommended by some institutions and experts and to explore the need for more infrastructure or the capacity of the freight

transport industry to reduce its contribution to pollution and climate change This book treats freight transport as a whole system in its technical economic social political and environmental context in contrast to existing transport literature focused on individual aspects such as transportation planning usually for cars or passengers logistics essentially management issues or individual transport modes This book is comprehensive in its treatment of freight transport and in its use of multiple disciplinary perspectives

Changes and Challenges in the Modern World Economy Tomasz Rynarzewski, Maciej Szymczak, Marian Gorynia, Krzysztof Fonfara, Adam Dymitrowski, Łukasz Małys, Katarzyna Appelt, Ewa Cieślík, Katarzyna Nawrot, Ewa Mińska-Struzik, Dorota Czyżewska-Misztal, Łukasz Wróblewski, Ida Musiałkowska, Piotr Idczak, Henryk Mruk, Barbara Jankowska, Aleksandra Kania, Piotr Trąpczyński, Marcin Soniewicki, Aleksandra Hauke-Lopes, Wiesław Łuczyński, Anna Matysek-Jędrych, Piotr Banaszyk, Elżbieta Gołemska, Hubert Igliński, Mariusz Szuster, Zbigniew Bentyn, Justyna Majchrzak-Lepczyk, Agnieszka Niezgoda, Ewa Markiewicz, Justyna Majewska, Szymon Truskolaski, Marlena A. Bednarska, Marcin Olszewski, Małgorzata Bartosik-Purgat, Bartosz Deszczyński, Miłosz Łuczak, Marcin Wieczerzycki, 2016 The

book was prepared by the academics and doctoral students of the Faculty of International Business and Economics of the Pozna University of Economics and Business to celebrate the 90th anniversary of the University and the 10th anniversary of the Faculty itself. The subject of this Volume reflects the variety of issues that are researched by academics from all departments of the Faculty. The rationale for publishing this Volume was to signal current work and research progress in the area of international economics business and management. As the title of the Volume suggests we need to anticipate changes and implement a new approach to face the challenges in the world economy for it is transforming in an unprecedented way now at a fast pace and the global economic map is constantly redrawing. Papers published in this Volume are written by individual authors and workgroups. They are results of research conducted in departments and have been assigned to eight chapters discussing crucial aspects of the world economy. The deliberations are held on a micro and macroeconomic level in both theoretical and empirical terms. We hope that the contents of individual papers will inspire both readers and authors themselves to make further studies to carry out follow up research to network with one another in order to find answers to the most important problems of the world economy and international business.

Road Freight and Privatisation Nabil Abdel-Fattah, Richard Gray, Sharon Cullinane, 2019-05-23. First published in 1999 this volume forms part of the Plymouth Studies in Contemporary Shipping series and focuses on Egyptian road freight privatisation. The series represents a unique collection of papers and edited texts from the leading maritime institute in Western Europe at the University of Plymouth. It covers all aspects of the industry from operations through to the logistical framework that supports the sector. Designed both for practising academics and the shipping and ports industry itself the series combining the output from some of the leading academic commentators in the world from the UK, Korea, Germany and Poland is an original and novel contribution to the maritime debate.
