Erotic Art Eugene C. Burt, 1989      Love and Limerence Dorothy Tennov, 1998-12-29 Excellent Of universal interest It deals with the subject in an entirely new way Simone de Beauvoir Originally released twenty years ago Love and Limerence has become a classic in the psychology of emotion As relevant today as it was then this book offers insight into love infatuation madness and all flavors of emotion in between      *How to Make Love All Night (And Drive a Woman Wild)* Lance Candella, 2015-12-27 Daniel and Allison have been making love on a rainy Sunday morning and they are both totally turned on It started in the shower with a slow massage and moved to the bedroom where they have been having intercourse for the past ten minutes Daniel knows that Allison needs at least another five minutes of intercourse before she can climax Here s the problem Daniel doesn t think he has five minutes left in him If Daniel continues having intercourse the way he has for the past ten minutes it may be only a matter of seconds before he has an orgasm He thinks about slowing down or stopping but to break the rhythm now would only make it more difficult for Allison to climax He knows that Allison is at that stage where any kind of change in his movement would only frustrate her Besides if he tried to stop or to change the rhythm Daniel could lose strength in his erection which would complicate matters even further This dilemma is making the whole experience a lot less pleasurable for Daniel The first few minutes of sex were pure excitement but now he is worried and conflicted It is hard to enjoy sex when you re fighting your own body Truth is you really can t enjoy sex when you re fighting your own body And neither can your partner What Daniel does not yet know is that he has another option male multiple orgasm The multi orgasmic man has staying power He doesn t have to hold back He doesn t have to fight his own body and deny himself his own pleasure He can enjoy all of the erotic sensations of intercourse have a full orgasm and keep going If he wishes he can have a second orgasm and keep going He can last as long as his partner wishes experience all of the excitement and release and keep going For the multi orgasmic man the sky is truly the limit Daniel is not the only man who has this exciting option Today techniques have been perfected to make male multiple orgasm an option for almost every man Age doesn t matter Previous experience doesn t matter Young or old virgin or veteran all you need is the desire your penis and a few minutes a day So don t stop now Turn the page and cross the threshold into a whole new sense of your own sexuality and a whole new relationship for you and your partner Enjoy your ebook Sex how to make love all night      Fantasies of Femininity Jane M. Ussher, 1997 In *Fantasies of Femininity* Jane Ussher focuses on unraveling the contradictory visions of feminine sexuality the fact that representations of the definition of woman seethe with sexuality yet for centuries women have been condemned for exploring their own sexual desires In her quest for the sources of feminine representation Ussher interviewed dozens of women as well as some men and combed popular media from *Seventeen* to *Cosmopolitan* and *Dallas* to *Donahue* to identify what shapes women s symbolic images of sex and femininity Ussher argues that women have effectively resisted and subverted these archetypal fantasies of femininity and in the process of so doing reframed the very boundaries of sex In this

way she exposes as myth much of what we think we know about woman and about sex      *Women, Sexuality and the Political Power of Pleasure* Susie Jolly, Andrea Cornwall, Kate Hawkins, 2013-06-13 This pioneering collection explores the ways in which positive pleasure focused approaches to sexuality can empower women Gender and development has tended to engage with sexuality only in relation to violence and ill health Although this has been hugely important in challenging violence against women over emphasizing these negative aspects has dovetailed with conservative ideologies that associate women s sexualities with danger and fear On the other hand the media the pharmaceutical industry and pornography more broadly celebrate the pleasures of sex in ways that can be just as oppressive often implying that only certain types of people young heterosexual able bodied HIV negative are eligible for sexual pleasure *Women Sexuality and the Political Power of Pleasure* brings together challenges to these strictures and exclusions from both the South and North of the globe with examples of activism advocacy and programming which use pleasure as an entry point It shows how positive approaches to pleasure and sexuality can enhance equality and empowerment for all      **How Sex Got Screwed Up: The Ghosts that Haunt Our Sexual Pleasure - Book Two** Jon Knowles, 2019-03-31

The ghosts that haunt our sexual pleasure were born in the Stone Age Sex and gender taboos were used by tribes to differentiate themselves from one another These taboos filtered into the lives of Bronze and Iron Age men and women who lived in city states and empires For the early Christians all sex play was turned into sin instilled with guilt and punished severely With the invention of sin came the construction of women as subordinate beings to men Despite the birth of romance in the late middle ages Renaissance churches held inquisitions to seek out and destroy sex sinners all of whom it saw as heretics The Age of Reason saw the demise of these inquisitions But it was doctors who would take over the roles of priests and ministers as sex became defined by discourses of crime degeneracy and sickness The middle of the 20th century saw these medical and religious teachings challenged for the first time as activists such as Alfred Kinsey and Margaret Sanger sought to carve out a place for sexual freedom in society However strong opposition to their beliefs and the growing exploitation of sex by the media at the close of the century would ultimately shape 21st century sexual ambivalence Book Two of this two part publication traces the history of sex from the Victorian Era to present day Interspersed with personal hauntings from his own life and the lives of friends and relatives Knowles reveals how historical discourses of sex continue to haunt us today This book is a page turner in simple and plain language about how sex got screwed up for millennia For Knowles if we know the history of sex we can get over it

The baroque and the classical are her subjects as are Freud's Gravidia Clerambault's writings and photographs of draped  
figures the fetishistic play between veiling and revealing and the meanings of drapery in recent art from Christo's wrapped

Women Singer Songwriters in Rock A Populist Rebellion in the 1990s Ronald D Lankford Jr argues that women singer  
songwriters formed a substantial movement within popular music during the 1990s making a significant social and aesthetic  
contribution that pushed feminism into mainstream American culture Lankford examines in depth the work of several artists  
including Alanis Morissette PJ Harvey Liz Phair Courtney Love Tori Amos Sarah McLachlan and Sheryl Crow offering  
thorough descriptions and analyses of their music lyrics and album art By looking at both the broader movement and  
individual performers this book provides a comprehensive and accessible overview of the movement and its message  
Lankford introduces the singer songwriter movement and the artists and genres that paved the way for these 1990s rockers  
establishing the arch of the popular movement of women in rock as it mirrored the rise of third wave feminism and sketching  
the cultural and political landscape that served as a backdrop to the women's singer songwriter movement during the 1990s  
Drawing from resources in books journals and zines Lankford focuses on the exploration of women's issues within the music  
through analyses of its lyrics and album art and examines how the often hard edged feminist content was able to filter into  
mainstream popular culture To help illustrate this the book includes a select discography of albums and singles including  
their placement and number of weeks spent on various charts A complete bibliography and index round out this important  
study which is a must for fans and scholars of music popular culture and women's studies      **Computer Mediated**

**The Therapeutic Process, the Self, and Female Psychology** Helene Deutsch, 2019-01-22 Helene Deutsch was one of the most famous psychoanalysts to emerge from Freud's immediate circle in Vienna Best known for her writings on female psychology she was also one of the great teachers of psychoanalysis As the founding president of the Vienna Psychoanalytic Training Institute she confirmed her stature in the history of psychoanalysis by cultivating a whole younger generation of influential analysts Deutsch was tolerant and open minded both as a theoretician and teacher but as Paul Roazen remarks in his introduction independence and an absence of fanaticism can mean a temporary fading out of influence For the first time Deutsch's major professional contributions are brought together for permanent consideration This volume documents her enduringly valuable exploration of the complexities of the psychology of women's experience Deutsch remained essentially faithful to the Freudian canon Nonetheless and throughout these writings she developed ideas on the subject of femininity that were often at odds with those of her mentor Her use of Freud's theories aimed to encourage toleration of human diversity and to modify his model of sexuality according to the particular circumstances of women's lives It was Deutsch who introduced motherhood as a central concern of psychoanalysis by stressing how the psychological dimension of reproduction was different for men and women and how this uniquely feminine capacity had its effects on the entire psychology of women The same commitment to human diversity informs her much misunderstood work on the clinical problems of female sexual dysfunction While accepting the Freudian goal of sexual gratification Deutsch argues that sublimation through work was a key value in its own right This is illustrated in George Sand *A Woman's Destiny* a brilliant early example of psychobiography This volume of Deutsch's classic
