Zen and the Horse Pamela J.G. Au, 2003-03-07 This is a very interesting and intelligent little book the author takes a unique approach to teaching centered balanced riding using Eastern philosophy as a context for mastering the art of equitation The author writes with credible authority and conveys ideas and concepts clearly and vividly Most important the book delivers what it promises It does provide specific advice for equestrians hoping to achieve this zen state in their riding As reviewed by Writers Digest 2004 I think this is the first writing that actually describes what I feel when I ride my horses I have never wanted to compete just reach that place of unity which will be an ongoing practice with the horse for the rest of my life No hurry to get somewhere only connect while there Maybe someday you will put this great book into visual movement in a video You have really taken the mechanics out and replaced with emotion awareness with motivation to feel With great respect to our patient teacher the horse Sincerely Chris in OR A must for the serious rider This book stayed on target and was easy to keep up with Most Zen horse books make me want to gag after 5 minutes but this author has both of her feet on the ground and a lot to say Buy it you and your horse will both benefit Chuck Click Here to go the authors website and more on Zen and the Horse

The Harmony Project Kate Farmer, 2003-12 The Harmony Project is a unique concept to give horse lovers a deeper insight into the equine mind The project follows the training and development of a filly foal called Harmony from 6 months and separation from the mare up to 3 and a half years and carrying her first rider Harmony's behaviour and training are explained in terms of her view of the world and show how we can present ourselves to our horses in a way that is more meaningful to them and therefore more effective Harmony is being trained primarily under the principles of natural horsemanship taught by the top American trainer Richard Thompson who is the mentor of Harmony's owner and trainer Kate Farmer Date comes from a classical British riding background and aims to show in the Harmony Project that the principles of natural horsemanship are equally relevant to all equestrian disciplines and not as many suppose mostly of help to western riders Part 1 of The Harmony Project follows harmony from 6 months to 18 months and presents the first stages of her training in a clear easy to follow way Each chapter focusses on one or two specific aspects of equine psychology and the exercises that relate to them It offers an excellent introduction of natural horsemanship for newcomers to these methods and a very useful companion for those who have already started working on NH principles
