Isham, Msi, 2013-09-15 The Yoga Sutras of Maharshi Patanjali are an elegant description of the expansion of consciousness and the psychological emotional and physical transformations involved Many commentators have mistaken the sutras for steps to enlightenment believing it necessary to renounce normal life and force the mind into silence Nothing could be further from the truth This translation and commentary corrects this unfortunate distortion clearly revealing the power of the sutras to illuminate the nature of the Self and brings to light the true purpose and meaning of Patanjali s words The Yoga Sutras do not contain the actual techniques to achieve enlightenment but do describe what happens when proper tools are correctly applied The techniques themselves have always been passed on through personal instruction one enlivened heart to another **Enlightenment!** ,2013 The Yoga Sutras of Maharshi Patanjali are an elegant description of the expansion of consciousness and the psychological emotional and physical transformations involved Many commentators have mistaken the sutras for steps to enlightenment believing it necessary to renounce normal life and force the mind into silence Nothing could be further from the truth This translation and commentary corrects this unfortunate distortion clearly revealing the power of the sutras to illuminate the nature of the Self and brings to light the true purpose and meaning of Patanjali s words The Yoga Sutras do not contain the actual techniques to achieve enlightenment but do describe what happens when proper tools are correctly applied The techniques themselves have always been passed on through personal instruction one enlivened heart to another *Enlightened Living* Swami Venkatesananda, 2014-09-25 There are many spiritually elevated people in the world but not many levitating yogis and the Yoga Sutra of Patanjali Maharishi are meant to elevate the spirit of every man not to teach him how to levitate This is clearly the gospel of enlightened living neither an escape from life nor a hallucinatory light The attempt in this little book has been to expose that gospel to avoid technicalities and to relate the whole yoga philosophy to the ordinary and simple daily life of everyone **The Yoga Sutras Of Patanjali** Swami Venkatesananda, 2008 There are many spiritually elevated people in the world but not many levitating yogis and The Yoga Sutras of Patanjali are meant to elevate the spirit of every man not to teach him how to levitate This is clearly the gospel of enlightened living neither an escape from life nor a hallucinatory light The attempt in this little book has been to expose that gospel to avoid technicalities and to relate the whole yoga philosophy to the ordinary and simple daily life of everyone There are many excellent translations of the Sutras this however is an interpretative translation There are several scholarly and erudite commentaries too this is definitely not one of them This book is not meant for the research scholar but for one who is in search of truth which shall free him from self ignorance Yoga Sutras of Patanjali Patañjali, Swami Venkatesananda, 2001 Summary Yoga sutras of Patanjali Maharshi are meant to elevate the spirit of every person This is clearly the gospel of enlightened living
