Nation of Cowards David H. Ikard, Martell Lee Teasley, 2021-12-22 An argument for intense and organized activism from the African American community to generate discussion on race in the United States In a speech from which Nation of Cowards derives its title Attorney General Eric Holder argued forcefully that Americans today need to talk more not less about racism This appeal for candid talk about race exposes the paradox of Barack Obama's historic rise to the US presidency and the ever increasing social and economic instability of African American communities David H Ikard and Martell Lee Teasley maintain that such a conversation can take place only with passionate and organized pressure from Black Americans and that neither Obama nor any political figure is likely to be in the forefront of addressing issues of racial inequality and injustice The authors caution Blacks not to slip into an accommodating and self defeating post racial political posture settling for the symbolic capital of a Black president instead of demanding structural change They urge the Black community to challenge the social terms on which it copes with oppression including acts of self imposed victimization A clarion call to our nation's conscience Free from overly academic jargon but full of powerful wordplay and brilliant juxtapositions this book is a fascinating tour de force from start to finish Those seeking a clear and concise explanation of the state of African America and the ongoing need for a black agenda during and even after the administration of the first African American president need look no further Reiland Rabaka author of The Hip Hop Movement and Du Bois A Critical Introduction Nation of Cowards offers an analysis of the Obama administration as thorough as it is compact Here are the hard questions that must be asked of the first black presidency and an insightful draft of how history may regard it Ikard and Teasley are well ahead of that curve Jelani Cobb author of The Substance of Hope Barack Obama the Paradox of Progress

**Racisms in a Multicultural Canada** Augie Fleras, 2014-04-29 In acknowledging the possibility that as the world changes so too does racism this book argues that racism is not disappearing despite claims of living in a post racial and

multicultural world To the contrary racisms persist by transforming into different forms whose intent or effects remain the same to deny and disallow as well as to exclude and exploit Racisms in a Multicultural Canada is organized around the assumption that race is not simply a set of categories and that racism is not just a collection of individuals with bad attitudes Rather racism is as much a matter of interests as of attitudes of property as of prejudice of structural advantage as of personal failing of whiteness as of the other of discourse as of discrimination and of unequal power relations as of bigotry This multi dimensionality of racism complicates the challenge of formulating anti racism and anti colonialist strategies capable of addressing it Employing a critical framework that puts politics and power at the centre of analysis this book focuses on why racisms proliferate how they work in contemporary societies and how the way we think and talk about racism changes over time Specifically it examines the working of contemporary racisms in a multicultural Canada that claims to abide by principles of multiculturalism and a commitment to a post racial society **Stars, Stripes and Diamonds**
