Walther G. Von Krenner,Damon Apodaca,Ken Jeremiah,2013-05-14 Aikido Ground Fighting presents effective ground techniques that remain true to aikido founder Morihei Ueshiba's teachings while addressing a potential weakness in the system while aikido is renowned for its submission and compliance techniques as well as grappling from a standing position it is not known for its effectiveness when it comes to ground fighting. Aikido Ground Fighting is a unique look at the roots of aikido techniques in particular the kneeling practices of suwari waza and how they might be applied to defense on the ground. Written by a direct student of Morihei Ueshiba in collaboration with other aikido teachers this book remains steadfastly true to the founder's teachings while presenting innovative and effective techniques. Containing never before published pictures of Ueshiba as well as step by step photographs clearly demonstrating techniques. Aikido Ground Fighting is designed for aikido students looking to become more well rounded martial artists as well as practitioners of all martial arts seeking effective self defense techniques.
