and His Generation Steven D. Fraade, 1984 A Companion to Biblical Interpretation in Early Judaism Matthias Henze, 2012-01-09 Presents eighteen commissioned articles on biblical exegesis in early Judaism covering the period after the Hebrew Bible was written and before the beginning of rabbinic Judaism from publisher description **From Tradition to**

Commentary Steven D. Fraade, 2012-02-01 This book examines Torah and its interpretation both as a recurring theme in the early rabbinic commentary and as the very practice of the commentary It studies the phenomenon of ancient rabbinic scriptural commentary in relation to the perspectives of literary and historical criticisms and their complex intersection The author discusses extensively the nature of ancient commentary comparing and contrasting it with the antecedents in the pesharim of the Dead Sea Scrolls and the allegorical commentaries of Philo of Alexandria He develops a model for a dynamic understanding of the literary structure and sociohistorical function of early rabbinic commentary and then applies this model to the Sifre to the oldest extant running commentary to Deuteronomy and one of the oldest rabbinic collections of exegesis Fraade examines the commentary s representation of revelation and its reception at Mt Sinai with particular attention to its fractured refiguration and interrelation of Scripture tradition and history He discusses the commentary s discursive empowering of the class of sages in their collective self understanding as Israel s authorized teachers leaders legislators and judges The author also probes the tension between Torah and nature as witnesses to Israel s covenant with God Defining

Jewish Difference Beth A. Berkowitz, 2012-03-19 Berkowitz shows that interpretation of Leviticus 18 3 provides an essential backdrop for today s conversations about Jewish assimilation and minority identity **Cain and Abel in Text and**

Tradition John Byron, 2011-02-14 The Cain and Abel story is riddled with linguistic ambiguities and narrative gaps Jewish and Christian interpreters often expanded the story in an attempt to fill the gaps and answer questions This book traces the interpretive history of Genesis 4 The Old Testament Pseudepigrapha Matthias Henze, Liv Ingeborg Lied, 2019-11-01 A history of research that changed scholarly perceptions of early Judaism This collection of essays by some of the most important scholars in the fields of early Judaism and Christianity celebrates fifty years of the study of the Old Testament Pseudepigrapha at the Society of Biblical Literature and the pioneering scholars who introduced the Pseudepigrapha to the

Society Since its early days as a breakfast meeting in 1969 the Pseudepigrapha Section has provided a forum for a rigorous discussion of these understudied texts and their relevance for Judaism and Christianity Contributors recount the history of the section s beginnings critically examine the vivid debates that shaped the discipline and challenge future generations to expand the field in new interdisciplinary directions Features Reflections from early members of the Pseudepigrapha Group Essays that examine a methodological shift from capturing and preserving traditions to exploring the intellectual and social world of Jewish antiquity Evaluations of past interactions with adjacent fields and the larger academic world **A New Glimpse of Day One** S. D. Giere,2009-12-15 Informed by the understanding that all texts are intertexts this work develops and employs a method that utilizes the concept of intertextuality for the purpose of exploring the history of interpretation of a biblical text With Day One Genesis 1 1 5 as the primary text the intertextuality of this biblical text is investigated in its Hebrew Masoretic Text and Greek Septuagint contexts The study then broadens to take up the intertextuality of Day One in other Hebrew and Greek texts up to c 200 CE moving from Hebrew texts such as Ben Sira and the Dead Sea Scrolls to Greek texts such as Josephus Philo the New Testament and early Christian texts What emerges from this is a new glimpse of the intertextuality of Day One that provides insight into the complexity of the intertextuality of a biblical text and the role that language plays in intertextuality and interpretation In addition to the methodological insights that this approach provides to the history of interpretation the study also sheds light on textual and theological questions that relate to Day One including the genesis of creatio ex nihilo ***Ben Sira in Conversation with Traditions*** Francis M. The Golden Calf between Bible and Qur'an Michael Pregill, 2020-05-30 This book explores the story of the Israelites worship of the Golden Calf in its Jewish Christian and Muslim contexts from ancient Israel to the emergence of Islam It focuses in particular on the Qur'an's presentation of the narrative and its background in Jewish and Christian retellings of the episode from Late Antiquity Across the centuries the interpretation of the Calf episode underwent major changes reflecting the varying cultural religious and ideological contexts in which various communities used the story to legitimate their own tradition challenge the claims of others and delineate the boundaries between self and other The book contributes to the ongoing reevaluation of the relationship between Bible and Qur'an arguing for the necessity of understanding the Qur'an and Islamic interpretations of the history and narratives of ancient Israel as part of the broader biblical tradition The Calf narrative in the Qur'an central to the quranic conception of the legacy of Israel and the status of the Jews of its own time reflects a profound engagement with the biblical account in Exodus as well as being informed by exegetical and parascriptural traditions in circulation in the Qur'an's milieu in Late Antiquity The book also addresses the issue of Western approaches to the Qur'an arguing that the historical reliance of scholars and translators on classical Muslim exegesis of scripture has led to misleading conclusions about the meaning of quranic episodes

Enoch from Antiquity to the Middle Ages, Volume I John C. Reeves, Annette Yoshiko Reed, 2018-02-22 Across the ancient and medieval literature of Judaism Christianity and Islam one finds references to the antediluvian sage Enoch Both the Book of the Watchers and the Astronomical Book were long known from their Ethiopic versions which are preserved as part of Mashafa Henok Nabiyy Book of Enoch the Prophet an Enochic compendium known in the West as 1 Enoch Since the discovery of Aramaic fragments among the Dead Sea Scrolls these books have attracted renewed attention as important sources for ancient Judaism Among the results has been the recognition of the surprisingly long and varied tradition surrounding Enoch Within 1 Enoch alone for instance we find evidence for intensive literary creativity This volume provides a comprehensive set of core references for easy and accessible consultation It shows that the

rich afterlives of Enochic texts and traditions can be studied more thoroughly by scholars of Second Temple Judaism and early Christianity as well as by scholars of late antique and medieval religions. Specialists in the Second Temple period, the era in which Enochic literature first appears, will be able to trace or discount the survival of Enochic motifs and mythemes within Jewish literary circles from late antiquity into the Middle Ages, thereby shedding light on the trajectories of Jewish apocalypticism and its possible intersections with Jewish mysticism. Students of Near Eastern esotericism and Hellenistic philosophies will have further data for exploring the origins of gnosticism and its possible impact upon sectarian currents in Judaism, Christianity, and Islam. Those interested in the intellectual symbiosis among Jews, Christians, and Muslims in the Middle Ages, and especially in the transmission of the ancient sciences associated with Hermeticism (e.g., astrology, theurgy, divinatory techniques, alchemy, angelology, demonology), will be able to view a chain of tradition reconstructed in its entirety for the first time in textual form. In the process, we hope to provide historians of religion with a new tool for assessing the intertextual relationships between different religious corpora and for understanding the intertwined histories of the major religious communities of the ancient and medieval Near East.
