

In *An Enquiry Concerning Human Understanding*, published in 1748, the Scottish philosopher David Hume reduced the principles of association to three: resemblance, contiguity in time and place, and causality. Our concept of association has changed radically since Hume's days, but his three principles still provide a good start.

**An Enquiry Concerning the Principles of Morals** David Hume, 2021-01-13 An Enquiry Concerning the Principles of Morals EPM is a book by Scottish enlightenment philosopher David Hume In it Hume argues among other things that the foundations of morals lie with sentiment not reason Hume's An Enquiry Concerning the Principles of Morals Esther Engels Kroecker, Willem Lemmens, 2021-01-07 Examines each section of Hume s second Enquiry in detail and considers its place within Hume s philosophy as a whole Enquiries Concerning the Human Understanding and Concerning the Principles of Morals David Hume, 1902 Enquiry concerning the principles of morals Hume David 1711 1776 **Enquiries Concerning the Human Understanding** David Hume, 1902 Enquiry concerning the principles of morals Hume David 1711 1776 **A Treatise Concerning the Principles of Human Knowledge** George Berkeley, 1887 *Reading Hume on the Principles of Morals* Jacqueline Taylor, 2020 Hume s Enquiry concerning the Principles of Morals 1751 is a landmark work in the history of moral philosophy This volume presents new interpretative essays which offer a section by section study of the Enquiry and of its relation to Hume s other writings on ethics epistemology religion aesthetics and emotion Hume James A. Harris, 2015-10-06 This is the first intellectual biography of the British philosopher and historian David Hume **A Treatise concerning the Principles of Human Knowledge ... With prolegomena, and with annotations, select, translated and original, by Charles P. Krauth** George Berkeley, 1874 **Philosophies of Gratitude** Ashraf H. A. Rushdy, 2020 Ashraf H A Rushdy examines gratitude as a philosophical concept In the first half of the book he outlines its history and significance in western philosophical history specifically in classical antiquity the early modern era and the Enlightenment The second half of the book is focused on contemporary meanings of gratitude as a sentiment action and disposition how we feel grateful act grateful and cultivate grateful being Rushdy argues that gratitude is a virtue that we practice in moral recognition of our dependency and connectedness with our families friends communities environments and universe **Thomas Reid and the Defence of Duty** James Foster, 2024-03-05 Is morality a subjective matter dependent on our desires and interests or are there objective moral truths And if the latter can we explain the objectivity of morality without appeal to metaphysics a robust teleology or divine command This book argues that we find just such an account of moral objectivity in Thomas Reid s defence of duty To make this case this book provides an explanation of Reid s way of philosophy and his reasons for rejecting moral subjectivism presents Reid s account of the concept perception and motivational force of duty and responds to contemporary challenges of moral subjectivism and moral pessimism from the perspective of his moral philosophy Further this book argues that if Reid is correct then there is an urgent need to reform current pedagogical practice and return to the teaching of practical ethics *The Routledge Companion to Eighteenth Century Philosophy* Aaron Garrett, 2014-03-21 The Eighteenth century is one of the most important periods in the history of Western philosophy witnessing philosophical scientific and social and political change on a vast scale In spite of this there

Surprenant,2017-06-26 Most academic philosophers and intellectual historians are familiar with the major historical figures and intellectual movements coming out of Scotland in the 18th Century These scholars are also familiar with the works of Immanuel Kant and his influence on Western thought But with the exception of discussion examining David Hume s influence on Kant s epistemology metaphysics and moral theory little attention has been paid to the influence of the Scottish Enlightenment thinkers on Kant s philosophy This volume aims to fill this perceived gap in the literature and provide a starting point for future discussions looking at the influence of Hume Thomas Reid Adam Smith and other Scottish Enlightenment thinkers on Kant s philosophy **The Idea of the Self** Jerrold Seigel,2005-02-17 What is the self The question has preoccupied people in many times and places but nowhere more than in the modern West where it has spawned debates that still resound today In this 2005 book Jerrold Seigel provides an original and penetrating narrative of how major Western European thinkers and writers have confronted the self since the time of Descartes Leibniz and Locke From an approach that is at once theoretical and contextual he examines the way figures in Britain France and Germany have understood whether and how far individuals can achieve coherence and consistency in the face of the inner tensions and external pressures that threaten to divide or overwhelm them He makes clear that recent postmodernist accounts of the self belong firmly to the tradition of Western thinking they have sought to supersede and provides an open ended and persuasive alternative to claims that the modern self is typically egocentric or disengaged **Reading David Hume's 'Of the Standard of Taste'** Babette Babich,2019-05-06 This collection on the Standard of Taste offers a much needed resource for students and scholars of philosophical aesthetics political reflection value and judgments economics and art The authors include experts in the philosophy of art aesthetics history of philosophy as well as

the history of science This much needed volume on David Hume will enrich scholars across all levels of university study and research     *Reason and Cause* Richard Ned Lebow,2020-03-12 A cultural history of the concepts of reason and cause showing that they are culturally and historically local     The Principles of Descartes' Philosophy Benedictus de Spinoza,1905     *The Great Guide* Julian Baggini,2022-08-23 Invaluable wisdom on living a good life from one of the Enlightenment s greatest philosophers David Hume 1711 1776 is perhaps best known for his ideas about cause and effect and his criticisms of religion but he is rarely thought of as a philosopher with practical wisdom to offer Yet Hume s philosophy is grounded in an honest assessment of nature human nature in particular The Great Guide is an engaging and eye opening account of how Hume s thought should serve as the basis for a complete approach to life In this enthralling book Julian Baggini masterfully interweaves biography with intellectual history and philosophy to give us a complete vision of Hume s guide to life He follows Hume on his life s journey literally walking in the great philosopher s footsteps as Baggini takes readers to the places that inspired Hume the most from his family estate near the Scottish border to Paris where as an older man he was warmly embraced by French society Baggini shows how Hume put his philosophy into practice in a life that blended reason and passion study and leisure and relaxation and enjoyment The Great Guide includes 145 Humean maxims for living well on topics ranging from the meaning of success and the value of travel to friendship facing death identity and the importance of leisure This book shows how life is far richer with Hume as your guide     Mill's Principle of Utility: Origins, Proof, and Implications Necip Fikri Alican,2022-01-17 Mill s Principle of Utility Origins Proof and Implications is a defense of John Stuart Mill s utilitarianism with a particular emphasis on his proof of the principle of utility Supplemented by a comprehensive historical background as well as salient philosophical assumptions and implications its primary contribution is an analysis interpretation and defense of the controversial proof which has yet to attract a scholarly consensus on how it works and whether it succeeds The overarching aim of the book is the vindication of Mill s reasoning in the proof and the restoration of his reputation as one of the clearest thinkers of his time     *The Principles of German Civil Law* Ernest Joseph Schuster,1907
