Tiempo, texto y contexto teatrales Grupo de Estudios de Teatro Argentino, 2006 **Ensayo de un crimen** Rodolfo Usigli, 2015 **Bunuel and Mexico** Ernesto R. Acevedo-Muñoz, 2025-03-18 Though Luis Buñuel one of the most important

filmmakers of the twentieth century spent his most productive years as a director in Mexico film histories and criticism invariably pay little attention to his work during this period The only book length English language study of Buñuel's Mexican films this book is the first to explore a significant but neglected area of this filmmaker's distinguished career and thus to fill a gap in our appreciation and understanding of both Buñuel's achievement and the history of Mexican film Ernesto Acevedo Muñoz considers Buñuel's Mexican films made between 1947 and 1965 within the context of a national and nationalist film industry comparing the filmmaker's employment of styles genres character types themes and techniques to those most characteristic of Mexican cinema In this study Buñuel's films emerge as a link between the Classical Mexican cinema of the 1930s through the 1950s and the new Cinema of the 1960s flourishing in a time of crisis for the national film industry and introducing some of the stylistic and conceptual changes that would revitalize Mexican cinema **Bored to Distraction**

Claudia Schaefer, 2012-02-01 Popular culture in the 1990s especially cinema can be considered a showcase for the accumulated hopes and fears of the twentieth century From the promise of material goods to the profusion of despair from devastating tragedy to exaggerated rapture a dizzying array of images assaults the eye Drawing on recent films from Mexico and Spain Bored to Distraction navigates this visual terrain from melodrama to horror looking for what if anything might be excessive enough to rouse us from our comfortable everyday routines **Waxworks** Michelle E. Bloom, 2003 London 1921

The world's greatest wax sculptor watches in horror as flames consume his museum and melt his uncannily lifelike creations

Twelve years later he opens a wax museum in New York Crippled disfigured and driven mad by the fire he resorts to body snatching and murder to populate his displays preserving the bodies in wax In a thousand years you will be as lovely as you are now he assures one victim In *The Mystery of the Wax Museum* 1933 director Michael Curtiz perfectly captures the macabre essence of realistic wax figures that have excited the darker aspects of the public's imagination ever since Madame Tussaud established her famous museum in London in 1802 Artists too have been fascinated by wax sculptures seeing in them and in the unique properties of wax itself an eerie metaphoric power with which to address sexual anxiety fears of mortality and other morbid subjects In *Waxworks* Michelle E Bloom explores the motif of the wax figure in European and American literature and art In particular she connects the myth of Pygmalion to the obsession with wax statues of women in the nineteenth century fetishization of prostitutes and female corpses and as depicted in such wax fictions as Dickens's *The Old Curiosity Shop* 1841 Filmmakers too have sought inspiration from wax museums and Bloom analyzes works from the silent era to such waxwork themed Hollywood horror films as *Mad Love* 1935 and *House of Wax* 1953 Bringing her discussion to the present Bloom examines the work of contemporary artists who use the medium of wax in ways never imagined by Madame Tussaud As extravagant new wax museums open in Las Vegas Times Square and Paris Waxworks offers a provocative cultural history of this enduring and disturbing art form *Luis Bunuel* Raymond Durnat, 1964 **Queering Buñuel** Julian Daniel Gutierrez-Albill, 2008-05-30 As the father of cinematic Surrealism extensive critical attention has been devoted to Luis Bunuel's cinema Much has been written about his first Surrealist films of the 1920s and 1930s and the French art movies of the 1960s and 1970s However here for the first time is a queer re-reading of Bunuel's Spanish language films allowing us to view Bunuel's cinema through a lens of queer spectatorship Focusing on the films Bunuel produced in Mexico and Spain during the 1950s and 1960s Julian Daniel Gutierrez Albilla argues not that Bunuel's films have a homosexual subplot but that there are multiple forms of identity subjectivity and sexuality present in these films *Queering Bunuel* brings together the fields of film studies feminist and queer theory Hispanic studies psychoanalysis and art theory Gutierrez Albilla succeeds in reconceptualizing Bunuel's Mexican and Spanish films beyond geographical historical and disciplinary boundaries questioning not just how we see Bunuel but also how we see cinema **Mimetic Theory and Film** Paolo Diego Bubbio, Chris Fleming, 2019-02-21 The interdisciplinary French American thinker Ren Girard 1923 2015 has been one of the towering figures of the humanities in the last half century The title of Ren Girard's first book offered his own thesis in summary form romantic lie and novelistic truth mensonge romantique et verité romanesque And yet for a thinker whose career began by an engagement with literature it came as a shock to some that in *La Conversion de l'art* Girard asserted that the novel may be an outmoded form for revealing humans to themselves However Girard never specified what if anything might take the place of the novel This collection of essays is one attempt at answering this question by offering a series of analyses of films that aims to test mimetic theory in an area in which relatively little has so far been offered Does it make any

sense to talk of vrit filmique In addition Mimetic Theory and Film is a response to the widespread objection that there is no viable Girardian aesthetics One of the main questions that this collection considers is can we develop a genre specific mimetic analysis of film and are we able to develop anything approaching a Girardian aesthetic Each of the contributors addresses these questions through the analysis of a film **Italian Giallo in Film and Television** Roberto

Curti,2022-06-02 Since the release in 1929 of a popular book series with bright yellow covers the Italian word giallo yellow has come to define a whole spectrum of mystery and detective fiction and films Although most English speakers associate the term giallo with the violent and erotic thrillers popular in the 1960s and 1970s from directors like Mario Bava Dario Argento Lucio Fulci and others the term encompasses a wide range of Italian media such as mysteries thrillers and detective stories even comedies and political pamphlets As films like *Blood and Black Lace* 1964 and *Deep Red* 1975 have received international acclaim giallo is a fluid and dynamic genre that has evolved throughout the decades This book examines the many facets of the giallo genre narrative style themes and influences It explores Italian films made for TV films and miniseries from the dawn of sound cinema to the present discussing their impact on society culture and mores **Latin**

American Films, 1932-1994 Ronald Schwartz,2015-09-17 In 1931 Antonio Moreno completed Santa Mexico s first true sound film In it he established one of the foremost genres of Latin American cinema the popular melodrama which continues to this day Latin American filmmakers came to the fore in the fifties and sixties and as 1992 s *Como agua para chocolate* Like *Water for Chocolate* showed Latin American films continue to be a major part of the international film scene In this work over 300 of the most significant films from Argentina Brazil Cuba Mexico Bolivia Colombia Ecuador Peru and other Latin American countries are covered Each entry includes the English title director year of release running time language country and a detailed plot synopsis Notes about the production and the filmmakers are also provided for many entries **The**

Taste for Beauty Eric Rohmer,1989 A collection of essays by the film maker and critic Eric Rohmer written between 1948 1979 *A History of Infamy* Pablo Piccato,2017-04-25 *A History of Infamy* explores the broken nexus between crime justice and truth in mid twentieth century Mexico Faced with the violence and impunity that defined politics policing and the judicial system in post revolutionary times Mexicans sought truth and justice outside state institutions During this period criminal news and crime fiction flourished Civil society s search for truth and justice led paradoxically to the normalization of extrajudicial violence and neglect of the rights of victims As Pablo Piccato demonstrates ordinary people in Mexico have made crime and punishment central concerns of the public sphere during the last century and in doing so have shaped crime and violence in our times **Mexican Cinema** Carl J. Mora,1989 The author s main reason for writing this book however is simply to provide an introduction to the Mexican commercial cinema for American and other English speaking readers Although the United States has been and continues to be a major foreign market for Mexican movies the overwhelming majority of Americans are unaware of them Mexican films are restricted to the Hispanic theater circuits and shown without

English subtitles therefore anyone wishing to see a Mexican movie would have to be fairly fluent in Spanish Such a requisite effectively eliminates almost the entire general audience in the United States from exposure to Mexican cinema

Antiheroes Ilan Stavans,1997 Presentation of the author's psychoanalytic beliefs and experiences in child psychoanalytic therapy **Global Genres, Local Films** Elena Oliete-Aldea, Beatriz Oria, Juan A. Tarancón,2015-12-17 The acute processes of globalisation at the turn of the century have generated an increased interest in exploring the interactions between the so called global cultural products or trends and their specific local manifestations Even though cross cultural connections are becoming more patent in filmic productions in the last decades cinema per se has always been characterized by its hybrid transnational border crossing nature From its own inception Spanish film production was soon tied to the Hollywood film industry for its subsistence but other film traditions such as those in the Soviet Union France Germany and in particular Italy also determined either directly or indirectly the development of Spanish cinema **Global Genres Local Films The Transnational Dimension of Spanish Cinema** reaches beyond the limits of the film text and analyses and contextualizes the impact of global film trends and genres on Spanish cinema in order to study how they helped articulate specific national challenges from the conflict between liberalism and tradition in the first decades of the 20th century to the management of the contemporary financial crisis This collection provides the first comprehensive picture of the complex national and supranational forces that have shaped Spanish films revealing the tensions and the intricate dialogue between cross cultural aesthetic and narrative models on the one hand and indigenous traditions on the other as well as the political and historical contingencies these different expressions responded to **Wax Museum Movies** George Higham,2020-10-16 Spanning over a century of cinema and comprised of 127 films this book analyzes the cinematic incarnations of the uncanniest place on earth wax museums Nothing is as it seems at a wax museum It is a place of wonder horror and mystery Will the figures come to life at night or are they very much dead with corpses hidden beneath their waxen shells Is the genius hand that molded them secretly scarred by a terrible tragedy longing for revenge Or is it a sinner's sanctum harboring criminals with countless places to hide in plain sight This chronological analysis includes essential behind the scenes information in addition to authoritative research comparing the creation of real wax figures to the reel ones seen onscreen Publicly accessible or hidden away in a maniac's lair wax museums have provided the perfect settings for films of all genres to thrillingly play out on the big screen since the dawn of cinema **Latin Hitchcock** Dona Kercher,2015-02-17 This study explores how five major directors Pedro Almodóvar Alejandro Amenábar Alex de la Iglesia Guillermo del Toro and Juan José Campanella modeled their early careers on Hitchcock and his film aesthetics In shadowing Hitchcock their works embraced the global aspirations his movies epitomize Each section of the book begins with an extensive study based on newspaper accounts of the original reception of Hitchcock's movies in either Spain or Latin America and how local preferences for genre glamour moral issues and humor affected their success The text brings a new approach to world film history showcasing both the commercial and artistic importance of

Hitchcock in Spain and Latin America

Ensayos reunidos. 1984-1998 Christopher Domínguez Michael, 2020-05-29

Desde 1980 cuando Christopher Domínguez Michael comenzó su labor como reseñista quedó ligado como pocos críticos literarios en nuestra historia a la literatura de México. Tratándose de una figura polémica por fuerza escasamente admite la indiferencia como respuesta y con esta obra la primera de sus Ensayos reunidos acaso no queda duda de su rigor. Siendo las letras mexicanas en esencia la narrativa y el ensayo su principal ocupación aunque no la única este volumen ofrece los hoy inaccesibles prólogos a la Antología de la narrativa mexicana del siglo xx dedicados a la lectura e interpretación de los últimos autores porfirianos hasta culminar con los novelistas y cuentistas debutantes hacia 1990. Educado en conflicto con la noción de mexicanidad y obligado a ejercerla poniéndola a prueba esta obra sólo cubre aquellos ensayos dedicados a nuestras letras aunque Domínguez Michael se concibió desde el principio como uno más de los críticos de la literatura mundial. Por último este libro recoge algunos de los provocadores artículos que compusieron Servidumbre y grandeza de la vida literaria y concluye con Elogio y vituperio del arte de la crítica la primera de las antologías que escribió y que veinte años más tarde sigue siendo aquella con la cual nuestro crítico se siente más identificado.
