Sinderen, João Moreira**

Enterprise Computing Conference Edoc Proceedings:

Ninth IEEE International EDOC Enterprise Computing Conference, 2005 **IEEE 18th International Enterprise Distributed Object Computing Conference** Georg Grossmann, Stefanie Rinderle-Ma, Manfred Reichert, 2014

Annotation IEEE EDOC 2014 is the eighteenth conference in a series that provides the key forum for researchers and practitioners in the field of enterprise computing EDOC conferences address the full range of models methodologies and engineering technologies contributing to intra and inter enterprise application systems Since 1997 EDOC has brought together leading computer scientists IT decision makers enterprise architects solution designers and practitioners to discuss enterprise computing challenges models and solutions from the perspectives of academia industry and government The IEEE EDOC conference series emphasizes a holistic view on enterprise applications engineering and management fostering integrated approaches that address and relate business processes people and technology EDOC 2014 welcomes high quality scientific submissions as well as experience papers on enterprise computing from industry *Enterprise Design, Operations, and Computing* Henderik A. Proper, Luise Pufahl, Dimka Karastoyanova, Marten van Sinderen, João Moreira, 2023-10-19 This book constitutes the refereed proceedings of the 27th International Conference on Enterprise Design Operations and Computing EDOC 2023 held in Groningen The Netherlands during October 30 November 3 2023 The 12 full papers included in this book were carefully reviewed and selected from 36 submissions They were organized in topical sections as follows Enterprise Modeling Enterprise Architecture Engineering Model Based Software Engineering Enterprise Analysis with Process Mining Process Improvement Engineering and Modeling in an Enterprise Context **Enterprise Interoperability IV** Keith Popplewell, Jenny Harding, Chalmeta Ricardo, Raul Poler, 2010-05-30 Enterprise Interoperability is the ability of an enterprise or organisation to work with other enterprises or organisations without special effort It is now recognised that interoperability of systems and thus sharing of information is not sufficient to ensure common understanding between enterprises Knowledge of information meaning and understanding of how is to be used must also be shared if decision makers distributed between those enterprises in the network want to act consistently and efficiently Industry's need for Enterprise Interoperability has been one of the significant drivers for research into the Internet of the Future EI research will embrace and extend contributions from the Internet of Things and the Internet of Services and will go on to drive the future needs for Internets of People Processes and Knowledge *19th IEEE International Enterprise Distributed Object Computing Conference* Sylvain Hallé, Wolfgang Mayer, 2015 **Adaptive Control Approach For Software Quality Improvement** W Eric Wong, Bojan Cukic, 2011-06-30 This book focuses on the topic of improving software quality using adaptive control approaches As software systems grow in complexity some of the central challenges include their ability to self manage and adapt at run time responding to changing user needs and environments faults and vulnerabilities Control theory approaches presented in the book provide some of the answers to these challenges The book weaves together diverse

research topics such as requirements engineering software development processes pervasive and autonomic computing service oriented architectures on line adaptation of software behavior testing and QoS control into a coherent whole Written by world renowned experts this book is truly a noteworthy and authoritative reference for students researchers and practitioners to better understand how the adaptive control approach can be applied to improve the quality of software systems Book chapters also outline future theoretical and experimental challenges for researchers in this area

Empirical Studies on the Development of Executable Business Processes Daniel Lübke,Cesare Pautasso,2019-07-26 This book collects essential research on the practical application of executable business process modeling in real world projects i e model driven solutions for the support and automation of digital business processes that are created using languages such as BPEL or BPMN It mainly focuses on empirical research but also includes an up to date cross section of case studies in order to assess examples of BPM s practical impact in the industry On the one hand executable models are formally and precisely defined so that computers can interpret and execute them on the other they are visualized so that humans can describe document and optimize business processes at a higher level of abstraction than with traditional textual programming languages While these important research areas have long been separated from one another this book is an attempt at cross fertilization driven by the insight that business processes are the software behind today s digital organizations and that achieving a precise representation of such processes is key to their reliable execution Consequently the book presents various case studies and experiments that investigate questions of interest to both academia e g identifying challenges for which no solution exists sharing new insights into how existing approaches are actually used and industry e g guidelines on using certain technologies and on modeling comprehensible and executable processes Both researchers and practitioners will benefit from the presentation of how concepts are transformed into working solutions The studies are presented in a structured manner and with sufficient rigor to be considered empirical research further enhancing the book s value for the research community while practitioners will find concrete guidance on making the right decisions for their projects

Information Modelling and Knowledge Bases XVII Yasushi Kiyoki,2006 Provide research communities in information modelling and knowledge bases with scientific results and experiences achieved by using innovative methodologies in computer science and other disciplines related to linguistics philosophy and psychology

Groupware: Design, Implementation, and Use Robert O. Briggs,Pedro Antunes,Gert-Jan de Vreede,Aaron S. Read,2009-03-27 This book constitutes the refereed post conference proceedings of the 14th International Workshop on Groupware Design Implementation and Use held in Omaha Nebraska USA during September 14 18 2008 The 30 papers presented were carefully reviewed and selected from numerous submission The topics covered are groupware solutions co located groups groupware for health care collaborative systems development collaborative emergency response groupware approaches patterns of collaboration thinklets based process design mobile applications knowledge and learning groupware technologies

and collaborative modeling **Global Implications of Modern Enterprise Information Systems: Technologies and Applications** Gunasekaran, Angappa, 2008-12-31 This book presents useful strategies techniques and tools for the successful design development and implementation of enterprise information systems Provided by publisher **Pervasive Computing** Aboul-Ella Hassanien, Jemal H. Abawajy, Ajith Abraham, Hani Hagra, 2009-09-23 The main objective of pervasive computing systems is to create environments where computers become invisible by being seamlessly integrated and connected into our everyday environment where such embedded computers can then provide information and exercise intelligent control when needed but without being obtrusive Pervasive computing and intelligent multimedia technologies are becoming increasingly important to the modern way of living However many of their potential applications have not yet been fully realized Intelligent multimedia allows dynamic selection composition and presentation of the most appropriate multimedia content based on user preferences A variety of applications of pervasive computing and intelligent multimedia are being developed for all walks of personal and business life Pervasive computing often synonymously called ubiquitous computing palpable computing or ambient intelligence is an emerging field of research that brings in revolutionary paradigms for computing models in the 21st century Pervasive computing is the trend towards increasingly ubiquitous connected computing devices in the environment a trend being brought about by a convergence of advanced electronic and particularly wireless technologies and the Internet Recent advances in pervasive computers networks telecommunications and information technology along with the proliferation of multimedia mobile devices such as laptops iPods personal digital assistants PDAs and cellular telephones have further stimulated the development of intelligent pervasive multimedia applications These key technologies are creating a multimedia revolution that will have significant impact across a wide spectrum of consumer business healthcare and governmental domains **Enterprise Interoperability** Raúl Poler, Marten van Sinderen, Raquel Sanchis, 2009-09-29 This book constitutes the proceedings of the Second IFIP WG 5.8 International Workshop on Enterprise Interoperability IWEI 2009 held in Valencia Spain in October 2009 The 11 contributions included in the volume were carefully reviewed and selected from 25 submissions The papers are representative of the current research activities in the area of enterprise interoperability They cover a wide range of enterprise interoperability issues from foundational theories frameworks architectures methods and guidelines to project results and case studies *Business Information Systems Workshops* Witold Abramowicz, Rafael Corchuelo, 2019-12-16 This book constitutes revised papers from the nine workshops and one accompanying event which took place at the 22nd International Conference on Business Information Systems BIS 2019 held in Seville Spain in June 2019 There was a total of 139 submissions to all workshops of which 57 papers were accepted for publication The workshops included in this volume are AKTB 2019 11th Workshop on Applications of Knowledge Based Technologies in Business BITA 2019 10th Workshop on Business and IT Alignment BSCT 2019 Second Workshop on Blockchain and Smart Contract Technologies DigEX 2019 First International Workshop on transforming the Digital Customer

Experience iCRM 2019 4th International Workshop on Intelligent Data Analysis in Integrated Social CRM iDEATE 2019 4th Workshop on Big Data and Business Analytics Ecosystems ISMAD 2019 Workshop on Information Systems and Applications in Maritime Domain QOD 2019 Second Workshop on Quality of Open Data SciBOWater 2019 Second Workshop on Scientific Challenges and Business Opportunities in Water Management

Principles and Applications of Distributed Event-Based Systems Hinze, Annika M., Buchmann, Alejandro, 2010-06-30 Principles and Applications of Distributed Event Based Systems showcases event based systems in real world applications Containing expert international contributions this advanced publication provides professionals researchers and students in systems design with a rich compendium of latest applications in the field

Hagenberg Business Process Modelling Method Felix Kossak, Christa Illibauer, Verena Geist, Christine Natschläger, Thomas Ziehermayr, Bernhard Freudenthaler, Theodorich Kopetzky, Klaus-Dieter Schewe, 2016-04-27 This book presents a proposal for designing business process management BPM systems that comprise much more than just process modelling Based on a purified Business Process Model and Notation BPMN variant the authors present proposals for several important issues in BPM that have not been adequately considered in the BPMN 2.0 standard It focusses on modality as well as actor and user interaction modelling and offers an enhanced communication concept In order to render models executable the semantics of the modelling language needs to be described rigorously enough to prevent deviating interpretations by different tools For this reason the semantics of the necessary concepts introduced in this book are defined using the Abstract State Machine ASM method Finally the authors show how the different parts of the model fit together using a simple example process and introduce the enhanced Process Platform eP2 architecture which binds all the different components together The resulting method is named Hagenberg Business Process Modelling H BPM after the Austrian village where it was designed The motivation for the development of the H BPM method stems from several industrial projects in which business analysts and software developers struggled with redundancies and inconsistencies in system documentation due to missing integration The book is aimed at researchers in business process management and industry 4.0 as well as advanced professionals in these areas

Handbook on Business Process Management 1 Jan vom Brocke, Michael Rosemann, 2014-08-29 Business Process Management BPM has become one of the most widely used approaches for the design of modern organizational and information systems The conscious treatment of business processes as significant corporate assets has facilitated substantial improvements in organizational performance but is also used to ensure the conformance of corporate activities This Handbook presents in two volumes the contemporary body of knowledge as articulated by the world's leading BPM thought leaders This first volume focuses on arriving at a sound definition of BPM approaches and examines BPM methods and process aware information systems As such it provides guidance for the integration of BPM into corporate methodologies and information systems Each chapter has been contributed by leading international experts Selected case studies complement their views and lead to a summary of BPM expertise that is unique in

its coverage of the most critical success factors of BPM The second edition of this handbook has been significantly revised and extended Each chapter has been updated to reflect the most current developments This includes in particular new technologies such as in memory data and process management social media and networks A further focus of this revised and extended edition is on the actual deployment of the proposed theoretical concepts This volume includes a number of entire new chapters from some of the world s leading experts in the domain of BPM

Business Process Management: Blockchain, Robotic Process Automation, and Central and Eastern Europe Forum Andrea Marrella,Raimundas Matulevičius,Renata Gabryelczyk,Bernhard Axmann,Vesna Bosilj Vukšić,Walid Gaaloul,Mojca Indihar Štemberger,Andrea Kó,Qinghua Lu,2022-09-06 This book constitutes the proceedings of the Blockchain Robotic Process Management RPA and Central and Eastern Europe CEE Forum which were held as part of the 20th International Conference on Business Process Management BPM 2022 which took place in Münster Germany during September 11-15 2022 The Blockchain Forum is dealing with techniques for and applications of blockchains distributed ledger technologies and related topics The RPA Forum brings together researchers from various communities to discuss challenges opportunities and new ideas related to robotic process automation and its application to business processes in private and public sectors The CEE Forum provides a discussion platform for BPM academics from Central and Eastern Europe to disseminate their research compare results and share experiences The 20 papers presented in this volume were carefully reviewed and selected from a total of 40 submissions

Linguistic Refactoring of Business Process Models Fabian Pittke,2016-03-02 In the past decades organizations had to face numerous challenges due to intensifying globalization shorter innovation cycles and growing IT support Business process management is seen as a comprehensive approach to address these challenges For this purpose business process models are increasingly utilized to document and redesign relevant parts of the organization s business operations Since organizations tend to have a huge number of such models analysis techniques are required that ensure the quality of these process models in an automatic fashion The goal of this doctoral thesis is the development of model refactoring techniques by integrating and applying concepts from the three main branches of theoretical linguistics syntax semantics and pragmatics The syntactical refactoring technique addresses linguistic issues that arise by expressing process behavior with natural language The semantic refactoring technique reworks terminology with overlapping and synonymous meaning The pragmatic refactoring technique provides recommendations for incompletely specified process models All of the presented techniques have been evaluated with real world process model repositories from various industries to demonstrate their applicability and efficiency

Goal-oriented Business Process Modeling Ilia Bider,Paul Johannesson,2005 The objective of this e book is to try to clarify the connection between the notions of goal and business process The issue is a follow up to the discussions at the Workshop on Goal Oriented Business Process Modelling held in London on 2 September 2002 The papers cover a wide spectrum of topics related to the notions of goals in the business process domain

Enterprise

Interoperability Guy Doumeingts, Jörg Müller, Gérard Morel, Bruno Vallespir, 2007-08-24 Composed of over 50 papers Enterprise Interoperability ranges from academic research through case studies to industrial and administrative experience of interoperability The international nature of the authorship continues to broaden Many of the papers have examples and illustrations calculated to deepen understanding and generate new ideas This is a concise reference to the state of the art in software interoperability

Embark on a transformative journey with Explore the World with is captivating work, **Enterprise Computing Conference Edoc Proceedings** . This enlightening ebook, available for download in a convenient PDF format , invites you to explore a world of boundless knowledge. Unleash your intellectual curiosity and discover the power of words as you dive into this riveting creation. Download now and elevate your reading experience to new heights .

Enterprise Computing Conference Edoc Proceedings Introduction

Enterprise Computing Conference Edoc Proceedings Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Enterprise Computing Conference Edoc Proceedings Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Enterprise Computing Conference Edoc Proceedings : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Enterprise Computing Conference Edoc Proceedings : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Enterprise Computing Conference Edoc Proceedings Offers a diverse range of free eBooks across various genres. Enterprise Computing Conference Edoc Proceedings Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Enterprise Computing Conference Edoc Proceedings Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Enterprise Computing Conference Edoc Proceedings, especially related to Enterprise Computing Conference Edoc Proceedings, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Enterprise Computing Conference Edoc Proceedings, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Enterprise Computing Conference Edoc Proceedings books or magazines might include. Look for these in online stores or libraries. Remember that while Enterprise Computing Conference Edoc Proceedings, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Enterprise Computing Conference Edoc Proceedings eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Enterprise Computing Conference Edoc Proceedings full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Enterprise Computing Conference Edoc Proceedings eBooks, including some popular titles.

FAQs About Enterprise Computing Conference Edoc Proceedings Books

What is a Enterprise Computing Conference Edoc Proceedings PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Enterprise Computing Conference Edoc Proceedings PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Enterprise Computing Conference Edoc Proceedings PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Enterprise Computing Conference Edoc Proceedings PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Enterprise Computing Conference Edoc Proceedings PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
