Entertaining Angel:

The Entertaining Angel Samuel Merwin, 1926 **Entertaining Angels** Joanna Bell, 2012-05-31 Joshua Gilfoyle has decided there are two things he wants from life before he dies to find his lost son and to commission an artist to produce his lasting legacy a new angel for Foxbarton church His family can't understand why he's already bidding his life farewell but Joshua is not a man used to opposition However Julia the artist he's employed doesn't believe in angels unlike her daughter Hebe Although she's desperate for the commission she's frightened her artistic inspiration has run dry and is beginning to wonder whether making the angel is beyond her ability But as Hebe's extraordinary gift begins to affect everyone around her including even irascible old Joshua himself there seems to be more than a touch of magic in the air as the mysteries of the past finally begin to reveal themselves

Entertaining Judgment Greg Garrett, 2015 Nowadays references to the afterlife angels strumming harps demons brandishing pitchforks God enthroned on heavenly clouds are more often encountered in New Yorker cartoons than in serious Christian theological reflection Speculation about death and its sequel seems to embarrass many theologians however as Greg Garrett shows in Entertaining Judgment popular culture in the U S has found rich ground for creative expression in the search for answers to the question What lies in store for us after we die The lyrics of Madonna Los Lonely Boys and Sean Combs the plotlines of TV s Lost South Park and The Walking Dead the implied theology in films such as The Dark Knight Ghost and Field of Dreams the heavenly half light of Thomas Kinkade s popular paintings the ghosts shades and after life way stations in Harry Potter and the characters situations and locations in the Hunger Games saga all speak to our hopes and fears about what comes next In a rich survey of literature and popular media Garrett compares cultural accounts of death and the afterlife with those found in scripture Denizens of the imagined afterlife whether in heaven hell on earth or in purgatory speak to what awaits us at once shaping and reflecting our deeply held if often somewhat nebulous beliefs They show us what rewards and punishments we might expect offer us divine assistance and even diabolically attack us Ultimately we are drawn to these stories of heaven hell and purgatory and to stories about death and the undead not only because they entertain us but because they help us to create meaning and to learn about ourselves our world and perhaps the next world Garrett s deft analysis sheds new light on what popular culture can tell us about the startlingly sharp divide between what modern people profess to believe and what they truly hope and expect to find after death and how they use those stories to help them understand this life
