 outcome of an idea and the idea is very simple It is that the best way to understand the dramatic transformation any idea can
 bring and to successfully bring ideas across is to think of them as profound insights and moments of clarity often disguised as
 wit captured in one single Quote Ideas and products and messages and behaviors spread faster when they carry your
 message in a single line or paragraph a Quote To feel the impact a Quote can have here are three Enthusiasm Quotes from
 this book I have no enthusiasm for nature which the slightest chill will not instantly destroy George Sand Indeed there is an
 eloquence in true enthusiasm that is not to be doubted Washington Irving Common sense is compelled to make its way
 without the enthusiasm of anyone E W Howe Three characteristics one contagiousness two the fact that little words can have
 big effects and three that insight happens not gradually but at one dramatic moment using the right profound words are the
 same three principles that define how an idea takes off or a product goes viral Of the three the third profound trait is the
 most important because it is the principle that makes sense of the first two and that permits the greatest insight into why
 some ideas stick some changes last some words leave an impression and others don't This book will give you the opportunity
