Authority, Piracy, and Captivity in Colonial Spanish American Writing Emiro Martínez-Orsorio,2016-03-24 Authority Piracy and Captivity in Colonial Spanish American Writing examines the intricate bond between poetry and history writing that shaped the theory and practice of empire in early colonial Spanish American society The book explores from diverse perspectives how epic and heroic poetry served to construe a new Spanish American elite of original explorers and conquistadors in Juan de Castellanos s Elegies of Illustrious Men of the Indies Similarly this book offers an interpretation of Castellanos s writings that shows his critical engagement with the reformist project postulated in Alonso de Ercilla s LaAraucana and it elucidates the complex poetic discourse

Castellanos created to defend the interests of the early generation of explorers and conquistadors in the aftermath of the promulgation of the New Laws and the mounting criticism of the institution of the *encomienda*. Within the larger context of a new poetics of imperialistic expansion this book shows how the *Elegies* offers one of the earliest examples of the reconfiguration of some of the main tenets of Petrarchism, Garcilacism, as well as the bold transmutation of dominant poetic discourses that had until then been typically associated with the nobility. Focusing on the practice of poetic imitation, imitation and the themes of authority, piracy and captivity, this book shows the transformation undergone by heroic poetry owing to Europe's encounter with America and illustrates the contribution of learned heroic verse to the emergence of a Spanish American literary tradition.

Spanish Female Writers and the Freethinking Press, 1879-1926 Christine Arkinstall, 2014-03-21 Christine Arkinstall's historical and literary study of female freethinking intellectuals in fin de siècle Spain examines the contributions of three intellectuals: Amalia Domingo Soler, Angeles López de Ayala, and Belén Srraga to the development of feminist consciousness and democracy. These women wrote for, edited and published radical and feminist periodicals that until now have been left unstudied. This significant gap in the scholarship has left us without an accurate sense of Spanish women's involvement in the public realm. *Spanish Female Writers and the Freethinking Press, 1879-1926* recovers the lost history and literary contributions these women made to the so-called Generation of 1898. Using their extensive published works, Arkinstall not only illuminates the lives of Domingo Soler, López de Ayala, and Srraga but traces the connections between feminism, freethinking, republicanism, freemasonry, anarchism, and socialism. By placing these women's work in the broader literary, social and political context of the period, Arkinstall's study makes a major contribution to our understanding of the central role of women in late nineteenth and early twentieth century democracy in Spain.

A New Spanish Reader ... Mariano Velázquez de la Cadena, 1879 *The Battle over Spanish between 1800 and 2000* Luis Gabriel-Stheeman, José del Valle, 2003-09-02 This book examines the way in which a group of key Spanish and Latin American intellectuals of the nineteenth and twentieth centuries discussed the concept of the Spanish language. The contributors analyse the ways in which these discussions related to the construction of national identities and the idea of an Hispanic culture. This book will be essential reading for sociolinguists, scholars of the Spanish language, historians of the Hispanic culture, and all those with an interest in the relationship between language and culture.

Ollendorff's New Method of Learning to Read, Write, and Speak: the Spanish Language Heinrich Gottfried Ollendorff, 1882

Writers of the Spanish Colonial Period David William Foster, Daniel Altamiranda, 1997 These critical studies propose innovative readings and overall reformulations of the texts and authors that stand as representative of the period for the contemporary reader The first group of articles refers to reports chronicles and Renaissance epics a vast block of texts that fall in most cases halfway between history and narrative fiction and examine the experiences of the discovery the conquest and the colonization of the

new territories The second group concentrates on regionally marked texts from the Baroque period especially those of the central figure of the Mexican nun poet and intellectual Sor Juana In s de la Cruz Finally there are some essays on representative texts of the latter part of the colonial period Publisher s description
