Foundations of the Market Economy

Entrepreneurial Theory Of The Firm

Sharon Alvarez, Jay B. Barney

Entrepreneurial Theory Of The Firm:

An Entrepreneurial Theory of the Firm Frederic Sautet, 2000-05-11 This original provocative work encompasses a wealth of existing literature and leads it in a new direction It will inspire economic scholars particularly within the fields of Austrian economies and the theory of the firm **An Entrepreneurial Theory of the Firm**, Printbegr nsninger Der kan printes kapitelvis **The Entrepreneurial Theory of the Firm and the Theory of the Entrepreneurial Firm**, 2005

The Entrepreneurial Theory of the Firm, 2007 *Entrepreneurial Theory of the Firm*, 2007 **The Entrepreneurial Theory of the Firm** Sharon Alvarez, Jay B. Barney, 2010 There is often great power in an interesting question Some 70 years ago Ronald Coase Coase 1937 posed just such a question Why do firms exist And here we are 70 years later struggling to understand the answer to this question for one particularly important class of firms entrepreneurial firms This special issue brings together some leading scholars scholars who study entrepreneurship and scholars who study the theory of the firm to begin a conversation about why entrepreneurial firms exist This represents a theoretical challenge for both these group

Handbook of Entrepreneurship Research Zoltán J. Ács, David B. Audretsch, 2003 Introduction to entrepreneurship The entrepreneurial process Opportunity and the nature of exploitation The emergence of new ventures Financing the new venture The social context Entrepreneurship economic growth and policy **Handbook on Organisational**

Entrepreneurship Daniel Hjorth, 2012-01-01 Daniel Hjorth is justifiably famous for thinking differently about those things we all know and this Handbook adds fuel to that fire The Handbook reasserts the intellectual and practical primacy of organizational creation as the driving force of entrepreneurship By getting some of the best minds in entrepreneurship to explore and speculate on the organizational aspects of entrepreneurship this Handbook reframes and repositions entrepreneurship as the organizing trope for the postindustrial age Jerome Katz Saint Louis University US This Handbook brings together pioneering original work on organisational entrepreneurship It provides a broad coverage and rich agenda for future research and teaching on the entrepreneurship organisation relationship Organisational entrepreneurship represents an interdisciplinary field of research that relates organisation entrepreneurship and innovation studies in new ways This Handbook establishes the scope of this interdisciplinary domain challenges our perception of relationships between organisation s and entrepreneurship and asks new questions central to our capacity to describe analyse and understand organisational entrepreneurship Providing a broad and rich set of examples of interdisciplinary research and bridging the fields of strategic management organisation studies entrepreneurship innovation art and aesthetics this important compendium will prove invaluable to graduate students and scholars in these fields **Subjectivism and**

Interpretative Methodology in Theory and Practice Fu-Lai Tony Yu, 2020-02-15 Contemporary social science in general and economics in particular are dominated by the method of logical positivism in the British tradition In contrast to the British philosophy Subjectivism and Interpretative Methodology in Theory and Practice adopts subjectivism and

interpretation methodology to understand human behavior and social action Unlike positivism this subjectivist approach with its root in German idealism takes human experience as the sole foundation of factual knowledge All objective facts have to be interpreted and evaluated by human minds In this approach experience knowledge expectation plans errors and revision of plans are key elements Specifically this volume uses the subjectivist approach originated in Max Weber s interpretation method Alfred Schutz s phenomenology and Peter Berger and Thomas Luckmann s sociology of knowledge to understand economic and social phenomena The method brings human agency back into the forefront of analysis adding new insights not only in economics and management but also in sociology politics psychology and organizational behavior

The Need for an Entrepreneurial Theory of the Firm Nicolai J. Foss, Peter G. Klein, Copenhagen Business School. CBS., 2008

Entrepreneurship and the theory of the firm are two of the fastest growing fields in economics and management The two fields developed largely in isolation and are only now beginning to be brought together We argue that each field has much to learn from the other and that combining them yields a better theory of the firm and a fuller understanding of the nature and effects of entrepreneurship in the economy Specifically the Knightian concept of entrepreneurship as judgment combined with the Austrian approach to capital heterogeneity leads to a number of unconventional insights about the nature boundaries and internal organization of the firm The judgment perspective also shifts attention from the discovery or recognition of entrepreneurial opportunities to the exploitation of those opportunities through the acquisition combination and recombination of resources adding to our understanding of the causes and consequences of entrepreneurship

Family Entrepreneurship Kathleen Randerson, Cristina Bettinelli, Giovanna Dossena, Alain Fayolle, 2015-12-22 Family business is the most prominent form of business organization and its importance to the global economy cannot be underestimated Until recently the impact of the family on entrepreneurial firms has been under researched leading to a conceptual gap between the two areas of study and an underestimation of the contribution of family systems to entrepreneurial success Starting from the consideration that family is an intimate and essential aspect of entrepreneurship this book considers connections between family family members entrepreneurial behavior family business society and the economy Bringing together a unique range of international contributions it offers new theoretical perspectives and empirical insights as well as an in depth consideration of the diversity of contexts and processes associated with entrepreneurship in family settings Above all this book opens up a comprehensive research agenda on the linkages between family family firms and entrepreneurship and will be of interest to researchers educators and advanced students of entrepreneurship small firms and family business

Special Issue: the Entrepreneurial Theory of the Firm Sharon A. Alvarez, 2007 **Entrepreneurial Orientation** Andrew C. Corbett, Patrick M. Kreiser, Louis D. Marino, William J. Wales, 2021-01-12 In a world defined by increasing uncertainty and complexity understanding the concept of Entrepreneurial Orientation EO is of critical importance This volume convenes some of the world s leading experts on EO to provide readers with an overview of the current state of

EO research and set a compelling agenda for its future **The SAGE Handbook of Family Business** Leif Melin, Mattias Nordqvist, Pramodita Sharma, 2013-11-15 The SAGE Handbook of Family Business captures the conceptual map and state of the art thinking on family business an area experiencing rapid global growth in research and education since the last three decades Edited by the leading figures in family business studies with contributions and editorial board support from the most prominent scholars in the field this Handbook reflects on the development and current status of family enterprise research in terms of applied theories methods topics investigated and perspectives on the field s future The SAGE Handbook of Family Business is divided into following six sections allowing for ease of navigation while gaining a multi dimensional perspective and understanding of the field Part I Theoretical perspectives in family business studies Part II Major issues in family business studies Part III Entrepreneurial and managerial aspects in family business studies Part IV Behavioral and organizational aspects in family business studies Part V Methods in use in family business studies Part VI The future of the field of family business studies By including critical reflections and presenting possible alternative perspectives and theories this Handbook contributes to the framing of future research on family enterprises around the world It is an invaluable resource for current and future scholars interested in understanding the unique dynamics of family enterprises under the rubric of entrepreneurship strategic management organization theory accounting marketing or other related areas

Entrepreneurship Theory and Practice Francis J. Greene, 2020-02-22 This beautifully written and thoroughly modern core textbook provides a strong bridge between entrepreneurship theory and practice and looks at the entire life cycle of a business including the often neglected area of business closure Underpinned by strong academic rigour the text takes a critical approach yet is also highly accessible and readable explaining complex concepts clearly and succinctly Research led yet practice oriented it examines the latest evidence based thinking in the field and applies this to the practice of entrepreneurship through a plethora of practical examples global cases useful tools and engaging multi faceted pedagogy Written by a recognised expert on entrepreneurship *Entrepreneurship Theory and Practice* is the ideal textbook for undergraduate postgraduate and MBA students taking modules on entrepreneurship that blend theory and practice It requires no prior knowledge of entrepreneurship Accompanying online resources for this title can be found at [bloomsburyonlineresources.com/entrepreneurship theory and practice](https://bloomsburyonlineresources.com/entrepreneurship-theory-and-practice) These resources are designed to support teaching and learning when using this textbook and are available at no extra cost *Entrepreneurial Behaviour of Family Firms* Besnik A. Krasniqi, Sascha Kraus, Veland Ramadani, Paul Jones, 2024-11-18 Offering perspectives on the entrepreneurial behaviour of family businesses in emerging economies the chapters collected here present a systematic analysis focusing on gender culture policy issues of succession growth and economic impact *Entrepreneurship and the Firm* Nicolai J. Foss, Peter G. Klein, 2002-01-01 While characteristically Austrian economic themes are clearly relevant to the business firm Austrian economists have said little about management organization and strategy The 12 chapters in this work seek to advance the

understanding of these issues by drawing on Austrian ideas The Theoretical World of Entrepreneurship Fiet, James O.,2022-03-08 The Theoretical World of Entrepreneurship contains the first and most comprehensive examination of more than 250 theories applicable to the study of entrepreneurship It includes a theoretical examination of current social and economic controversies that impact entrepreneurs Following in Weber s tradition it also compares the doctrines of 16 Christian denominations and nine world religions which offer different conceptual windows for understanding entrepreneurs

Contextualizing Entrepreneurship Theory Ted Baker,Friederike Welter,2020-02-13 As the breadth and empirical diversity of entrepreneurship research have increased rapidly during the last decade the quest to find a one size fits all general theory of entrepreneurship has given way to a growing appreciation for the importance of contexts This promises to improve both the practical relevance and the theoretical rigor of research in this field Entrepreneurship means different things to different people at different times and in different places and both its causes and its consequences likewise vary For example for some people entrepreneurship can be a glorious path to emancipation while for others it can represent the yoke tethering them to the burdens of overwork and drudgery For some communities it can drive renaissance and vibrancy while for others it allows only bare survival In this book we assess and attempt to push forward contemporary conceptualizations of contexts that matter for entrepreneurship pointing in particular to opportunities generating new insights by attending to contexts in novel or underexplored ways This book shows that the ongoing contextualization of entrepreneurship research should not simply generate a proliferation of unique theories one for every context but can instead result in better theory construction testing and understanding of boundary conditions thereby leading us to richer and more profound understanding of entrepreneurship across its many forms Contextualizing Entrepreneurship Theory will critically review the current debate and existing literature on contexts and entrepreneurship and use this to synthesize new theoretical and methodological frameworks that point to important directions for future research *International Business: Theory of the multinational enterprise* Alan M. Rugman,2002
