## **Entrepreneurship A Comparative And Historical Study:**

**Entrepreneurship** Paul H. Wilken, 1979 This major study of the phenomenon of entrepreneurship focuses on the significance of entrepreneurship in the socioeconomic development of a society and the economic and noneconomic factors which promote its emergence Comparatively and analytically it looks at five societies that achieved industrialization during the 18th and 19th century England France Prussia Germany Japan and the U S and one that did not Russia **Journal of Small Business and Entrepreneurship** ,1985 *Entrepreneurship in Theory and History* Y. Cassis, I. Minoglou, 2005-01-31 In the study of entrepreneurship there has been little interaction between economic theory and history For the first time a single volume combines analyses of leading specialists from both disciplines It examines the ways theory and historical evidence can be linked how economic theory can contribute to improving the historical interpretation of entrepreneurship and significant thematic aspects of the history of entrepreneurship Conceptual analyses are fused with historical archive based work reflecting the current state of the art and new directions in research Entrepreneurship Norris F. Krueger, 2002 This new collection provides a much needed retrospective view of the key academic work published in this area The papers here highlight the importance of studying entrepreneurship from a wide range of perspectives including research that derives from economics history sociology psychology and from different business disciplinary bases such as marketing finance and strategy The overall focus in this set is on entrepreneurial activity rather than specifically small or family owned business and favours research articles over those that deal purely with practice

**Entrepreneurship and Economic Development in Hong Kong** Tony Fu-Lai Yu, 1997-07-31 This is the first systematic economic study of the nature operation and contribution of entrepreneurship to the growth of Hong Kong The author argues that the success of Hong Kong is due to adaptive entrepreneurship **Entrepreneurship in Imperial Russia and the Soviet Union** Gregory Guroff, Fred V. Carstensen, 2014-07-14 This multidisciplinary study of entrepreneurship in Russian society from the sixteenth to the twentieth century demonstrates the crucial influence of central government on economic initiative Originally published in 1983 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 Entrepreneurship and Business Innovation in the Middle East Zgheib, Philippe W., 2017-01-10 In the modern globalized business world entrepreneurial success can be more difficult to achieve Innovativeness effective decision making and a drive for success are just a few factors influencing entrepreneurial behavior Entrepreneurship and Business Innovation in the Middle East is a comprehensive reference source for the latest scholarly material on the analysis of entrepreneurial activities in the framework of cultural diversity

Highlighting crucial perspectives and topics in business contexts such as job satisfaction intrapreneurship and corporate governance this book is ideally designed for academics professionals practitioners and students interested in business enterprises in the Arab culture

**Race, Ethnicity, and Entrepreneurship in Urban America** Ivan Hubert Light, Carolyn Nancy Rosenstein, The authors have assembled a vast body of census data to address cutting edge issues in entrepreneurship immigration urban studies economic sociology and social policy In a novel research formulation they compare the 272 largest metropolitan regions of the United States in respect to the entrepreneurship of various ethno racial groups Such a method permits them to vary the local economic environment and resource profiles of all major categories Virtually all previously available data on these issues relied upon averages and overlooked inter local variation within and among groups Interpreting the voluminous data which summarize the economic behavior of 100 million people Ivan Light and Carolyn Rosenstein first explain resources theory a supply side formulation providing a complete review of the large theoretical literature on immigrant and ethnic entrepreneurship They then address the other major theoretical concerns in the existing literature of social science among them the interactionist theory of entrepreneurship and the possible effect of disadvantage upon entrepreneurship The latter issue an important and long standing one receives careful and decisive examination that eventuates in a theoretically elegant solution A final chapter discusses social policy The authors contrast liberal and conservative assumptions about entrepreneurship faulting both Locating entrepreneurship outside the usual framework of manpower policy the authors make a case for a supply side policy science of entrepreneurship that is neutral in political implication Light and Rosenstein then suggest how policy might proceed to integrate two generations of social science research Their closing discussion relates policy implications to the economic development of inner cities in America
