Ecological Intelligence Daniel Goleman,2010-03-30 The bestselling author of Emotional Intelligence and

Primal Leadership now brings us Ecological Intelligence revealing the hidden environmental consequences of what we make and buy and how with that knowledge we can drive the essential changes we all must make to save our planet and ourselves We buy herbal shampoos that contain industrial chemicals that can threaten our health or contaminate the environment We dive down to see coral reefs not realizing that an ingredient in our sunscreen feeds a virus that kills the reef We wear organic cotton t shirts but don't know that its dyes may put factory workers at risk for leukemia In Ecological Intelligence Daniel Goleman reveals why so many of the products that are labeled green are a mirage and illuminates our wild inconsistencies in response to the ecological crisis Drawing on cutting edge research Goleman explains why we as shoppers are in the dark over the hidden impacts of the goods and services we make and consume victims of a blackout of information about the detrimental effects of producing shipping packaging distributing and discarding the goods we buy But the balance of power is about to shift from seller to buyer as a new generation of technologies informs us of the ecological facts about products at the point of purchase This radical transparency will enable consumers to make smarter purchasing decisions and will drive companies to rethink and reform their businesses ushering in Goleman claims a new age of competitive advantage

Bulletin of the Bureau of Agricultural Intelligence and of Plant-Diseases ,1922 *Spatial Intelligence* Daniel Ness,Stephen J. Farenga,Salvatore G. Garofalo,2017-05-12 Spatial Intelligence examines public and professional conceptions of the relationships between thinking about spatial attributes and active engagement in spatially related constructions and designs Even though children's and adolescents spatial propensities in constructive activities parallel the skills needed by professionals in both established and emerging fields spatial education is often missing from K 12 curricula and is easily impeded by teachers parents or other individuals who do not provide contexts in formalized settings such as schools to nurture its potential This book bridges the gap by linking the natural spatial inclinations interests and proclivities of individuals from a variety of cultures with professional training and expertise in engineering architecture science and mathematics Educators will be better able to achieve the skills and awareness necessary to provide children and young adults with the vital opportunities inherent in spatial education **Artificial Intelligence, Finance, and Sustainability**
