Trust Osho, 2017-05-02 In *Trust Living Spontaneously and Embracing Life* one of the greatest spiritual teachers of the twentieth century discusses the importance of believing in our own ideals and truths and not giving in to the powerful societal influences that govern the world. We live in times where trust in old institutions and their relevance to our lives have evaporated. Religions, ideologies, political systems, morals, family, marriages, none of these traditional institutions are working anymore. Osho's insight is that the institutions of the past have used the false substitutes of belief and faith as control mechanisms of society. Whereas authentic trust comes from within, belief systems are imposed from the outside by religious and social institutions. Osho encourages readers to rediscover and reclaim the innate trust that is born with each individual. No more demands to trust in an other. No more faith and belief with their demands that we drop all questioning and doubt but rather a willingness to honor our questions and doubts so fully that they will lead us to our unique authentic and individual truth. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the 1000 Makers of the 20th Century and by Sunday Mid Day India as one of the ten people along with Gandhi, Nehru and Buddha who have changed the destiny of India. Since his death in 1990 the influence of his teachings continues to expand reaching seekers of all ages in virtually every country of the world.

The Poetic Heart of God Sophia Nicole Barrett-Benton, 2012-09 This book is a must read. Don't let the word poetry fool you. This book is inspiring, encouraging, empowering, life changing, powerful, profound, prophetic poetry that points to Christ. This is not your average book of poems. These words are God inspired. You must be careful how you speak over your life and who you allow to speak into your life. Words live. Words have the ability to create, produce, form and construct. The words in this book do that and more. They give life to lifeless situations. Words can also destroy, demolish, tear down, remove and eliminate. Ultimately, death can occur because of spoken words. How many of you need some things to die out of your life like sickness, disease, pain and turmoil? There is absolutely no way you can read this book and the words not come alive in your spirit. To read this book is to be healed, to be restored, to be revived, to be delivered, to be set free from strongholds and addictions. This book will create fresh vision for your life, birth new revelation in your spirit and produce fruit in your life that will remain. This book was written to create new spiritual levels in your life. It will inspire you to transform your mind to think like Christ, remove your stony heart and refashion you a heart of flesh. The words in this book are anointed by God and will destroy completely, demolish the works and ploys of Satan, pull down strongholds and generations' curses in your life will be removed as well as barriers that try to hinder your progress in God. To read this book you will experience God's supernatural power in your life. These words bring about a change, a spiritual birthing; they will transform your life even as you read them. This book is full of the Word of God. It will challenge you to re-evaluate your life and make positive life long.

Beyond EGO Attila Mády, 2022-05-03

Content A word about the Book and myself
3 Recommendation 5 0 FOREWORD 6 More and more people are looking for answers to life's big questions. Who this way, who that way? Some are desperate and some are easily. However, this is not really important because we are all different. The type of person who wants to spiritually solve the problems that arise and already has the connections can begin to smile. He knows that things happen for a reason that he is not where he is by chance; that he is not by chance with the people he is with and even if he does not know all the answers, he becomes richer and more balanced with each recognition. This is the force that always pushes man through his own limitations and makes himself more complete day by day.

6 Dear Friend 7 I'd like to draw your attention to a few things 7 What does this book want 8 I EGO 10 I see that all suffering, all spiritual anguish has the same original cause: the unbridled EGO. This damn little jerk who always invents something to make our lives miserable as soon as we're not on guard enough 10 What is EGO 11 Why there is EGO 17 What can someone do about controlling his EGO 25 Ego and workplace 32 EGO and money 34 EGO and success 36 EGO and art 37 EGO and health 38 EGO and GOD 39 EGO and pure LOVE 40 EGO and family 42 II THE DEVELOPMENT OF CONSCIOUSNESS 44 We are born, we grow up, we grow old and we die. This is the development cycle of our body. The same can be observed with everything that is part of the physical universe. Even with our thoughts, our emotions. Although we ourselves are static, that is, we cannot determine our extent, our place as spiritual beings, our beliefs, our characteristics placed on us and our EGO are constantly changing. What changes we are going through, what stages of development we are going through and where we are now can be easily determined by the following 44 III RELATIONSHIP 46 About the conflict of interest between the WOMAN and the MALE EGO, their game against each other, the bitters and pleasures of love, the difficulties of relationships and I could list the labels how much you have written, books, poems, music, songs, how many films we have seen on the subject. But to this day, the problem has remained in the field of mysticism. Yet how many wise and sound solutions have been found to find a way out of the maze of relationships for poor mortals on earth 46 EGO and love 47 The fundamental EGO differences between man and woman 49 Christmas tree effect 49 IV DETERMINATION 52 Stepping out of the shadow of my EGO, I am illuminated by the light of infinite goodness, beauty and creativity. It's not an easy task, but I'm grateful that I've decided not to give up and take back control of my life, even if I have to do without a comfortable bed, a big house or a luxury yacht for a while 52 Changes 53 V ENLIGHTENMENT 55 Enlightenment is the realization of how you are. The question who am I can be answered with an almost infinite number of answers. Each answer, however, ends in one ultimate truth. Finding this ultimate truth will end your life so far and you can start living a true conscious life. What is the ultimate truth? That you are EVERYTHING AND NOTHING. In the moment of enlightenment, you realize that you are all the answers that have come to mind to the question and at the same time you are neither. You are the option of any answer. You can be anything. And at the same time you don't have to be

anything You decide who you are at every moment what personality traits you have and what kind of person you live as 55 To live in an enlightened life 56 VI DISCOVERING OURSELVES 58 You have certainly heard the good advice to be yourself and not to worry about other people's value judgments I'm sure they've told you to be true to yourself I see that people of mortal faith have no idea what this means exactly 58 The first step the need for self knowledge 59 Step two find a way 60 Meditation 60 Spiritual recreation 60 Opening up to the world 61 Self acceptance and change 61 Acceptance and change of our interior 61 Acceptance and change of our appearance 62 Acceptance and change of others 62 Fruition 62 Vigilance 62 Summary 63 VII MEDITATIONS 64 Consciously no one wants to harm themselves or anyone else no one wants to kill rule or fear Consciously we all want to live in peace calm happy rich The following meditations help us to find unconscious moments in our lives to make our unconscious decisions and thoughts conscious so that we can transform our fears into loved ones our desires into goals our unconscious moments into conscious moments 64 Listing technique 65 Meditations for being in PRESENT 67 Simple breathing meditation to unravel the EGO 67 Contemplation 67 Constant presence meditation 68 Mind relaxing meditation 69 Release meditation 69 Creation meditation 70 Love meditations 71 Love your friends meditation 71 Love yourself meditation 71 Love your money meditation 72 Glossary 73 VIII YOU ARE WHAT YOU THINK OF YOURSELF 74
