The Zen Teaching of Bodhidharma Bodhidharma, 2009-11-01 A fifth century Indian Buddhist monk Bodhidharma is credited with bringing Zen to China Although the tradition that traces its ancestry back to him did not flourish until nearly two hundred years after his death today millions of Zen Buddhists and students of kung fu claim him as their spiritual father While others viewed Zen practice as a purification of the mind or a stage on the way to perfect enlightenment Bodhidharma equated Zen with buddhahood and believed that it had a place in everyday life Instead of telling his disciples to purify their minds he pointed them to rock walls to the movements of tigers and cranes to a hollow reed floating across the Yangtze This bilingual edition the only volume of the great teacher's work currently available in English presents four teachings in their entirety Outline of Practice describes the four all inclusive habits that lead to enlightenment the Bloodstream Sermon exhorts students to seek the Buddha by seeing their own nature the Wake up Sermon defends his premise that the most essential method for reaching enlightenment is beholding the mind The original Chinese text presented on facing pages is taken from a Ching dynasty woodblock edition

Nothing Holy about It Tim Burkett, 2015-04-28 When Bodhidharma the legendary first ancestor of Zen was asked about the main principle

of his holy teaching he said to have replied A vast emptiness with nothing holy about it A millennium and a half later Tim Burkett finds that the answer still applies you don't need to go looking for something holy buddha nature is right here in front of you The concise summary of Zen teaching he presents in this book is expressed precisely in terms of what he found right in front of him beginning with the delightful non-holiness he experienced in the presence of his original teacher Shunryu Suzuki and continuing through a lifetime of further teaching experiences

Enlightenment Is an Accident Tim Burkett, 2023-05-16 A warm-hearted guide to Buddhist practice for those ready to contend with the reality that enlightenment the realization of non-self can't be achieved by the self A well-known spiritual saying goes Enlightenment is an accident But we can make ourselves more accident-prone As an authentic American Zen takes shape enlightenment continues to be misunderstood as a project to be completed a goal to be achieved or a prize to be awarded Tim Burkett's new book unhooks enlightenment from the hot air balloon of ego and brings it back down to earth Drawing on stories of his first teacher the Zen master Shunryu Suzuki author of *Zen Mind Beginner's Mind* and Burkett's decades of practice and teaching he reveals how to live in the world with a deep joy that comes from embracing the work and play of this very moment With the wisdom and humor of a seasoned practitioner familiar with all manner of eccentric fixations and silly dead ends he offers views and practices we can use to support the paradoxical process of letting enlightenment happen on its own
