Enlightenment Intensive The Dyad Communication Method For Selfrealization:

Enlightenment Intensive Lawrence Noyes, 1998 An Enlightenment Intensive offers a distinct method of personal growth It is not a religion a branch of Zen or Yoga or part of any other system It does not offer any guarantees or promised results Instead this pure practice offers a place for people to explore the ultimate questions of existence with practical guidance at each step This book is written for those people seeking a deeper understanding of who and what they really are and is meant to help readers make an informed decision about whether an Enlightenment Intensive is right for them

spiritual guidance directed to uncompromising seekers of truth a precise elucidation of the deepest secrets of the spiritual realm and the path to self realization It is not offered as a manual of enlightenment for the ultimate truth of awakening cannot be reduced to a conceptual model Rather thisbook should serve as a guiding light for those mature enough to apply conceptual knowledge towards a non conceptual apperception of reality Anadi lives in India and teaches through the medium of meditation retreats throughout the world He is the author of three previous titles Enlightenment Beyond Traditions Transmission of Awakening and The Human Buddha which were published under the name Aziz Kristof Awakening to Infinite Presence Robert Wolfe,2015-06-01 The deeply felt recognition that the Absolute is all that is and consequently that must include you is the life changing substance of enlightenment All things are That you as well as all other human beings there is only That in the sense of ultimate permanent reality How then does one live one s life when the present awareness is I am That and all else is That when the perception of being a separate individual has dissolved and the ego Latin for I is no longer at the center of one s perspective Real i zation the enlightenment the aspirant has sought means to make real How do we make the real the essence of timeless reality the central expression of the Absolute perspective we have now discovered to be inevitably our own To make real in one s life and activities the awareness that all that is is That is unavoidably a life altering engagement Are you prepared to live with this discovery today So the real question the final question is not How am I to come to self realization but Is enlightenment what I really want **The Method** Kyle Hoobin,2017-04-15 FOR THOSE IN THE FINAL STAGES OF AWAKENING Things become much more simplified at the end of the spiritual search so much so that it s possible to identify key stages that every seeker encounters immediately preceding awakening enlightenment So in one sense these 5 steps have not been invented by me I have simply segmented the final stages that a seeker of truth encounters when they have reached the end of the spiritual search for greater clarity and guidance If you ve been on the spiritual path long enough you ve probably reached the conclusion that no technique or practice can wake you up make you free or make you enlightened You will have likely realized that all effort to attain a different state of consciousness can only ever come from a delusional state of consciousness or false self So what does one do then when one realizes such a thing If there s nothing that you can do to set yourself free then how do you become free Enter the 5 final steps of self inquiry The Method is based upon the understanding that spiritual awakening is not an attainment but a dissolution These 5 steps are intended to permanently dissolve the deeply ingrained belief that you can make yourself free If these steps are followed through with utter totality awakening will be what s left as a byproduct While no methods work when it comes to awakening all methods fail so in a way any method can be helpful to exhaust the seeker in you This method has been formed specifically for those who have tried every other method under the sun and are ready for defeat This method is intended to be the last method This is the end game my friend are you ready Feedback Those who are ripe and are exhausted with spiritual seeking and the endless questions of the mind will find a great resonance with the words herein and maybe just maybe a true catalyst

for the final step Prof Kriben Pillay Author of The Poisons greed ill will delusion Kyle Hoobin is an author and self inquiry teacher In April of 2002 Kyle experienced a profound shift in consciousness following a long battle with depression He now offers support for those seeking authentic freedom in their lives Kyle s teachings focus on practical and accessible methods of self inquiry with a focus on finding freedom through direct personal experience He has distanced himself from conventional lineage based teachings in an effort to establish a more authentic spiritual standard for spiritual seekers To learn more visit kylehoobin.com and take part in Kyle s bi weekly live streams and his self inquiry video series
