## **Enlightenment Without God:**

*Enlightenment Without God* Swami Rama, 1982 It is a common misconception that a spiritual seeker must have faith in a god or divine entity to achieve self realization When one understands the teachings of the Upanishads enlightenment is possible here and now without the word God The Mandukya Upanishad is for those students who want to practice spirituality without resorting to unnecessary abstract concepts The Mandukya Upanishad provides a comprehensive map for the inward journey that shows the individual the way from the mundane to the eternal It describes this state as the ultimate reality and the goal of human existence When one understands the teachings of the Upanishads then one realizes that life itself is a sort of worship that can shine on the altar of infinity From Chapter 1 Awakening **Mandukya Upanishad** Swami

Gambhirananda, 1980-01-01 **Religion Without God** Ray Billington, 2012-11-12 This criticism of theism especially monotheism questions the assumption that rejecting God means rejecting religion Drawing on Western philosophical critiques of religion and non theistic Eastern religions Ray Billington shows how a religion without God could work The concept of religion without God has informed not only the theories of Nietzsche Kant and Spinoza but also expressions of belief in Indian and Chinese religions Hinduism Theravada Buddhism Zen and Taoism Concluding with a look at the the future of faith this is a wide ranging and lucidly written look at what it means to have faith and how this is distinct from religious belief Ray Billington is an experienced and respected author on Eastern religion and philosophy His books include *Understanding Eastern Philosophy* *Living Philosophy* and *East of Existentialism* all published by Routledge He also writes occasional journalism most notably as a contributor to The Guardian's *Face to Faith* column An ex Methodist minister and onetime chaplain with the SAS he has now retired from his post as Principal Lecturer in Philosophy at the University of the West of England Spirituality without God Peter Heehs, 2018-11-01 Spirituality without God is the first global survey of godless spirituality Long before spiritual but not religious became the catchphrase of the day there were religious and spiritual traditions in India China and the West that denied the existence of God Peter Heehs begins by looking at godless traditions in the ancient world Indian religions such as Jainism and Buddhism showed the way to liberation through individual effort In China Confucians and Daoists taught how to live in harmony with nature and society Philosophies of the Greco Roman world such as Epicureanism Stoicism and Skepticism focused on enhancing the quality of life rather than buying the favor of the gods through sacrifice or worship Heehs shows how these traditions rediscovered during the Renaissance helped jump start the European Enlightenment and opened the way to the atheism and agnosticism of the eighteenth and nineteenth centuries The personal inner approach to religion became known as spirituality Spirituality without God is a counterbalance to theistic narratives that have dominated the field as well as an introduction to modes of spiritual thought and practice that may appeal to people who have no interest in God Is Goodness Without God Good Enough? Robert K. Garcia, Nathan L. King, 2009 Morality and religion intimately wed violently opposed or something else

Discussion of this issue appears in pop culture the academy and the media\_often generating radically opposed views At one end of the spectrum are those who think that unless God exists ethics is unfounded and the moral life is unmotivated At the other end are those who think that religious belief is unnecessary for\_and even a threat to\_ethical knowledge and the moral life This volume provides an accessible charitable discussion that represents a range of views along this spectrum The book begins with a lively debate between Paul Kurtz and William Lane Craig on the question Is goodness without God good enough Kurtz defends the affirmative position and Craig the negative Following the debate are new essays by prominent scholars These essays comment on the debate and advance the broader discussion of religion and morality The book closes with final responses from Kurtz and Craig

**Living without God: A Multicultural Spectrum of Atheism** Sanjit Chakraborty,Anway Mukhopadhyay,2022-11-16 This book deals with the intricate issue of approaching atheism methodologically as well as conceptually from the perspective of cultural pluralism What does atheism mean in different cultural contexts Can this term be applied appropriately to different religious discourses which conceptualize God gods Goddess goddesses and also godlessness in hugely divergent ways Is my God the same as yours If not then how can your atheism be the same as mine In other words this volume raises the question Is it not high time that we proposed a comparative study of atheism s alongside that of religions rather than believing that atheism is centered in the Western

experience Apart from answering these questions the book highlights the much needed focus on the philosophical negotiations between atheism theism and agnosticism The fine chapters collected here present pluralist negotiations with the notion of atheism and its ethical theological literary and scientific corollaries Previously published in Sophia Volume 60 issue 3 September 2021 Chapters Religious Conversion and Loss of Faith Cases of Personal Paradigm Shift and On Being an Infidel are available open access under a Creative Commons Attribution 4 0 International License via link [springer.com](https://www.springer.com)
