At the book's heart though is spiritual direction at its best. Edwards examines new methods to nurture the soul, ways to recognize a true spiritual experience and suggestions for being truly present during the process. Practical guidelines are also given for getting started with new directees, running group spiritual direction, evaluating sessions and setting up a spiritual director peer group. In addition, Edwards gives a brief history of this special ministry and a view of its future. He also considers spiritual companionship in other religious traditions and their relation to a Christian framework. This new title offers enormous insight and support for both spiritual directors and directees, anyone considering entering spiritual direction and all those ministers from pastors to Christian counselors who so often unexpectedly find themselves in the role of spiritual director.
