**What America Means to Me** Albert F. Chestone, 2009-03 This book speaks loud and clear about the meaning of American Patriotism It is my sincere belief that if we are to remain a free and strong democracy as one Nation under God we must without the slightest doubt Pledge Allegiance to America We must stand united determined to identify and expose the Anti Americans within our country who have total disregard for the labors of Our Founding Fathers The enemy exists within our society as both individuals and as well funded organizations constantly chipping away at our Declaration of Independence and Constitution with fierce determination to change our form of government They are intent on eliminating any reference to GOD regardless of how when and where knowing that the majority of our citizens are of the Judeo Christian belief We are Christians and Jews and people of every faith who believe in God who will unite to resist the enemies whose purpose it is to deny us of our freedom and strip us of our freedom to worship God as we desire As united believers in God we must make certain that our lawmakers do not succumb to the demands of the enemy within and their constant rabble rousing methods aimed at the destruction of Our Heritage Our Culture and Our Form of Government      A New Kind of Conservative Joel C. Hunter, 2008-01-02 Conservative spokesman author and pastor Dr Joel C Hunter forges a new path with A New Kind of

Conservative Hunter takes a provocative look at how faith and politics have interacted in America giving civic minded people a balanced and biblically based approach to political involvement The author speaks as a conservative Christian with traditional biblical stances regarding abortion and homosexuality but expands it to include other biblical concerns such as the environment poverty justice issues AIDS and more This is not the ideology and rhetoric associated with the extreme religious right but rather a broader look at politics that the Bible would have us address Hunter shows how religion and politics do not have to be at odds with one another and offers the information and motivation needed to take responsible action Can a biblical worldview effectively mesh with postmodern society and secular government Should Christians be involved in political action and if so how How can Christians more effectively relate and present their faith in the context of contemporary and political society Readers regardless of their beliefs will find this thoughtful helpful and compelling reading

The Christian Librarian ,1995      *Rethinking Christ and Culture* Craig A. Carter,2006 I am aware that the thesis of this book that we must move from a Christendom to a post Christendom way of thinking about the Christ and culture problem will be judged by many individuals to be far too radical for their tastes That is perfectly understandable so far as I am concerned I know that not everyone feels the pressure of the post Christendom trend equally at the same time Western Christendom was not built in a single day and it will take a long time for it to die out everywhere So I hope it does not sound arrogant when I say that I have not written this book for yesterday but for tomorrow and perhaps for today      Called to Be - Discovering Purpose Dennis L. Marshall,2008 Mile markers along life s highway may appear to be a series of disconnected events However the miraculous encounter on Texas FM1960 and the author s nearly 40 year journey suggest otherwise Buckle up for a journey into a collection of events that provide great insight into the discovery of purpose The author s apparently disconnected mile markers formed waypoints targeting PURPOSE as his final destination with God being the Guide Each leg of his trip when considered as a whole produced an incredible life map The crooked roadways winding as circuitous pathways led uphill towards the summit of his calling in life His journey revealed in stories processes and related Scriptures illustrate the many ways God speaks to us Further the writings encourage readers to prayerfully thoughtfully and truthfully examine their own mile markers A chapter is included to assist this discovery process Why publish this discovery process Is it vanity Is it therapeutic According to the author he makes public his personal experiences to encourage inspire and share hope peace joy to illustrate that God is real and plays a visible role in our lives It is God that calls us to purpose equips us for service and guides us to completion      **My Revision Notes OCR A Level Religious Studies: Developments in Christian Thought**

**Just Policing, Not War** Gerald Schlabach, 2007 2008 Catholic Press Association Honorable Mention For decades the Catholic Church and historical peace churches such as the Mennonites have come together in ecumenical discussions about war and peace The dividing point has always been between pacifism the view held by Mennonites and other peace churches and the just war theory that dominates Catholic thinking on the issue Given the transformation of global relations over this period increased interdependency and

communication as well as the fall of the Soviet Union emerging nationalism movements and the slow development of international courts the time is right to rethink the Christian response to war Gerald Schlabach has proposed just policing theory as a way to narrow the gap between just war and pacifist traditions If the world can address problems of violence through a police model instead of a conventional military model there may be a role for Christians from all traditions In this volume Schlabach presents his theory and has invited a number of scholars representing Catholic Mennonite and other traditions to respond to the theory and address a number of key questions What do we mean by policing Can policing solve conflicts beyond one s own borders How does just policing theory address terrorism Is international policing possible and what would it look like Is just policing a Christian solution that meets the criteria of both traditions This important volume offers a fresh and meaningful discussion to help Christians of all traditions navigate the difficult questions of how to live in these times of violence and war
