Enough Is As Good As A Feast Huntington:

The Triumph of Realism in Elizabethan Drama, 1558-1612 Willard Thorp, 1965 Discusses the decline of didacticism as a concomitant of the triumph of realism in Elizabethan drama *The Bodleian Quarterly Record*, 1923 **Marlowe and the Popular Tradition** Ruth Lunney, 2002 Lunney explores Marlowe's engagement with the traditions of the popular stage in the 1580s and early 1590s and offers a new approach to his major plays in terms of staging and audience response as well as providing a new account of English drama in these important but largely neglected years Nonsense and Other Senses Elisabetta Tarantino with the collaboration of Carlo Caruso, 2020-07-24 This book deals with a topic that is gaining increasing critical attention the literature of nonsense and absurdity The volume gathers together twenty one essays on various aspects of literary nonsense according to criteria that are deliberately inclusive and eclectic Its purpose is to offer a gallery of nonsense practices in literature across periods and countries in the conviction that important critical insights can be gained from these juxtapositions Most of the cases presented here deal with linguistic nonsense but in a few instances the nonsense operates at the higher level of the interpretation of reality on the part of the subject or of the impossibility thereof The contributors to the volume are established and younger scholars from various countries Chronologically the chapters range widely from Dante to Václav Havel and offer a large span of national literatures Czech English Finnish French German Italian Japanese and literary genres poetry prose and drama inviting the readers to trace their own pathway and draw their own lines of connection One point that emerges with particular force is the notion that what distinguishes literary nonsense is its somehow regulated nature Literary nonsense thus sounds like a deliberate last ditch attempt to snatch order from the jaws of chaos the speech of the Fool as opposed to the tale told by an idiot It is this kind of post Derridean retrieval of choice as the defining element in semantic transactions which is perhaps the most significant insight bequeathed by the study of nonsense to the analysis of poetry and literature in general **Sale** Anderson Galleries, Inc, 1922 Catalogue Bernard Quaritch (Firm), 1920 **Sale** American Art Association, Anderson Galleries (Firm), 1922 *The Publishers Weekly*, 1921 *English Dramatic Interludes, 1300-1580* Darryll Grantley, 2004-04-05 Darryll Grantley has created a comprehensive guide to the interlude the extant non cycle drama in English from the late fourteenth century up to the period in which the London commercial theatre began As precursors of seventeenth century drama not only do these interludes shed important light on the technical and literary development of Shakespearean theatre but many are also works of considerable theatrical or cultural interest in themselves This accessible reference guide provides an entry for each of the extant interludes and fragments c 100 typically containing an account of early editions or manuscripts authorship and sources modern editions plot summary and dramatis personae list of social issues present in the plays verbal and dramaturgical features songs and music allusions and place names stage directions and comments on staging and modern productions among other valuable and informative details There are full bibliographies indexes of characters and songs and appendices A Catalogue of Books in
