Torquato Tasso C. P. Brand,1965-01-02 This 1965 volume was a comprehensive study in English of the life and work of Torquato Tasso Dr Brand here reassesses his writings to illustrate the essential qualities of his poetry and estimates his contribution to English literature on which particularly on Spenser and Milton his influence was profound A catalogue of a miscellaneous collection of books John and Arthur Arch,1815 Zeitgeist - How Ideas Travel Maïke Oergel,2019-03-18 This book investigates the emergence of the modern concept of zeitgeist the notion of a pervasive contemporary coherence in the late 18th century It traces zeitgeist s descent from genius saeculi and investigates its association with public spirit and public opinion before surveying its prominence around the Wars of Liberation in Germany and during the politically restless 1820s in England This trajectory shows that zeitgeist emerged from the 18th century discourses about culture and the public functioning of social collectives Under the impact of the French Revolution the term came to describe social processes of political and cultural challenge Zeitgeist was discussed as a social dynamic in which emerging elites disseminate new ideas which find enough public approval to influence cultural and political behaviour and practice These findings modify the view that zeitgeist eludes critical grasp and is mainly invoked for manipulative purposes by showing that the zeitgeist discussions around 1800 contributed to the formation of modern politics and capture key aspects of how ideas are disseminated within societies and across borders providing a way of reading history horizontally A catalogue of the libraries of ... catalogue for the year 1764, of the libraries of ... mr. Wood ... dr. Umfrevile [&c.]. Which will continue selling to 1st Jan. 1765 T. Osborne,1764 **A New and General Biographical Dictionary Containing an Historical and Critical Account of the Lives and Writings of the Most Eminent Persons in Every Nation ... a New Edition, in Twelve Volumes Greatly Enlarged and Improved ,1784** **A New and General Biographical Dictionary ,1784** **A Higher World** Michael Fry,2014-11-01 Engaging and very readable an essential read for those wanting to get under the skin of modern Scottish history from the author of Glasgow Scottish Field Michael Fry here applies his uniquely wide ranging procedures of Scottish historical analysis to the eighteenth century which gave this small nation its one era of truly global significance He adds Never again was it to be so exemplary unless perhaps in the twenty first century In his journey from the Union of 1707 to its centenary and beyond Fry takes in vivid scenes from all over the country ranges up and down the social scale from peeresses to prostitutes from lairds to lunatics and covers every major aspect of national life from agriculture to philosophy Most other Scottish histories published in recent times concentrate on social and economic history but Fry insists that any true understanding of the nation in the past as in the present needs to pay at least as much attention to politics and culture The social history and the economic history show us how Scotland was integrated into Britain The political history and the cultural history show us why the integration was never complete In this book readers will see both sides surveyed In that way they will come also to understand how the nation s rebirth in our own day remained possible Has the usual Fry merits of being elegantly written and the product of an incisive and original mind The Herald Ambitious and well produced The Scotsman **A New and General Biographical Dictionary** William Owen,William Johnston,1784
