Intercultural Modes of Philosophy, Volume One Eli Kramer, 2021-08-30 Until rather recently philosophy when practiced as a way of life was for most a communal enterprise of mutually reinforced personal cultivation In these times of social isolation including in academic philosophy itself it is time yet again to revitalize this lost but vital intercultural mode of philosophy This volume characterizes a neglected communal mode of philosophy the philosophical community by describing the constellation of metaethical principles general axiological cultural and dialectical that cultivates its values The book draws on examples from across the globe and history including interviews of adherents of living philosophical communities

Triune Well-Being Jacqueline Service, 2024-07-08 That God is the perfection of all blessed abundance and the source and context for creation s well being tends merely to be assumed in theology Yet how does God enact all blessedness and actualize God s own abundantly enriched life And how might such a reality be relevant to human well being Addressing these questions in *Triune Well Being The Kenotic Enrichment of the Eternal Trinity* Jacqueline Service traces the dynamics of Divine well being through Scripture Christian metaphysics and a synthesis of Orthodox Bulgakov Catholic Von Balthasar and

Protestant Pannenberg Trinitarian theologies to argue that God's all-blessed life, the glory of well-being, is symbiotic with triune self-giving kenosis, a concept identified as kenotic enrichment or enriching kenosis. Such a trinitarian exploration not only offers a fresh perspective on the contested topic of kenosis but goes to the heart of a doctrine of God that implicates the possibility of the well-being of all life.
