Comunicación de instituciones públicas Núria Escalona, 2015-07-31

La concreción del título de este libro se encuentra en cada una de sus páginas, pero para empezar un matiz importante: comunicación de instituciones públicas no es comunicación institucional. A lo específico traje a medida para quienes se dedican a la comunicación de gobiernos locales, autónomos y municipios. No hablamos de comunicación de clubs deportivos o de grandes empresas que se han convertido en instituciones de referencia. En este libro se desgrana y se ayuda a entender y a practicar una comunicación en multimedia protagonista en las instituciones de todos. Cómo comunicar estratégicamente con rumbo definido, las instituciones públicas. Con qué perfiles profesionales para conformar equipos. Identidad, imagen y reputación. Y en definitiva, cómo conectar con los ciudadanos, el gran objetivo y justificación de la existencia de una institución pública. Para lo cual cada día el frente digital y las redes sociales en Internet deben ser un aliado en la conexión con las nuevas generaciones.
