Entering the Silence Thomas Merton, 1997-01-10 The second volume of Thomas Merton's gusty passionate journals Thomas Moore chronicles Merton's advancements to priesthood and emergence as a bestselling author with the surprise success of his autobiography *The Seven Storey Mountain* Spanning an eleven year period *Entering the Silence* reflects Merton's struggle to balance his vocation to solitude with the budding literary career that would soon established him as one of the most important spiritual writers of our century

Journals of Thomas Merton: Entering the silence Thomas Merton, 1995

Thomas Merton's Gethsemani Monica Weis, 2014-10-17 For twenty seven years renowned and beloved monk Thomas Merton 1915-1968 belonged to Our Lady of Gethsemani a Trappist monastery established in 1848 amid the hills and valleys near Bardstown Kentucky In Thomas Merton's Gethsemani dramatic black and white photographs by Harry L Hinkle and artful text by Merton scholar Monica Weis converge in a unique experience for lovers of Merton Hinkle was allowed unprecedented access to many areas inside the monastery and on its grounds that are generally restricted His photographs invite the reader to experience the various knobs lakes woods and hermitages Merton sought out for times of solitude and contemplation and for reading and writing These unique images each accompanied by a passage from Merton's writings evoke personal reflection and a deeper understanding of how and why Merton came to recognize himself as a part of his Kentucky landscape Woven throughout the book Weis's text explores Merton's fascination with nature not only at Gethsemani but during his early childhood throughout his spiritual conversion to Roman Catholicism and while a member of the Trappist community She examines how Merton's lifelong interaction with nature subtly revealed and informed his profound spiritual experiences and his writing about contemplation Thomas Merton's Gethsemani replicates Merton's path on his solitary hikes in the woods and conveys the wonder of the landscapes that inspired him

Thomas Merton's Encounter with Buddhism and Beyond Jaechan Anselmo Park, 2019-03-07 Thomas Merton recognized the value and possibility of contemplative dialogue between monastics and contemplatives of other religious traditions and hoped that through such dialogue monastics would strive for inter monastic communion and a bonding of the broader spiritual family He held out hope that this bond would demonstrate the fundamental unity of humanity to a world that was becoming ever more materialistic and divided Among other themes and topics this book explores Thomas Merton's role as a pioneer of Buddhist Christian dialogue and monastic interreligious dialogue It delves into the process of Merton's self transformation through contemplative experiences explores his encounter with Zen and Tibetan Buddhists and his

pioneering engagements in Buddhist Christian dialogue and presents and responds to the criticisms of those who raise questions about Merton's understanding of Buddhism. Fr. Jaechan Anselmo Park OSB articulates and analyzes the influences of Buddhist theory and practice on Thomas Merton's contemplative spirituality and shows how Merton's legacy has influenced and continues to inspire interreligious and inter-monastic dialogue particularly in an Asian monastic context.

Medieval Cistercian History Thomas Merton, 2019-03-28 Thomas Merton's deep roots in his own Cistercian tradition are on display in the two sets of conferences on the early days of the Order included in the present volume. The first surveys the relevant monastic background that led up to the foundation of the Abbey of Cîteaux in 1098 and goes on to consider the contributions of each of the first three abbots of the New Monastery that would become the epicenter of the most dynamic religious movement of the early twelfth century. The second set investigates the arc of medieval Cistercian history in the two centuries following the death of Saint Bernard in which the Order moves from being ahead of its time in its formative stages to being representative of its time in its most powerful and influential phase to becoming regressive with the rise of new religious currents that begin to flow in the thirteenth century. Merton stresses the need to respect the complexity of the actual lived reality of Cistercian life during this period to beware of easy generalizations and instead consider the full range of factual data. The result is a richly nuanced picture of the development of early Cistercian life and thought that serves as a fitting concluding volume to the series of Merton's novitiate conferences providing a thorough initiation into the Monastic Tradition.

The Cistercian Fathers and Their Monastic Theology Thomas Merton, 2016-05-12 These conferences presented by Thomas Merton to the novices at the Abbey of Gethsemani in 1963-1964 focus mainly on the life and writings of his great Cistercian predecessor St. Bernard of Clairvaux 1090-1153. Guiding his students through Bernard's Marian sermons, his treatise *On the Love of God*, his controversy with Peter Abelard, and above all his great series of sermons on the Song of Songs, Merton reveals why Bernard was the major religious and cultural figure in Europe during the first half of the twelfth century and why he has remained one of the most influential spiritual theologians of Western Christianity from his own day until the present. As James Finley writes in his preface to this volume, Merton is teaching us in these notes how to be grateful and amazed that the ancient wisdom that shimmers and shines in the eloquent and beautiful things that mystics say is now flowing in our sincere desire to learn from God how to find our way to God.

Thomas Merton--Evil and Why We Suffer

David E. Orbertson, 2018-06-18 Thomas Merton is one of the most important spiritual voices of the last century. He has never been more relevant as new generations look to him for guidance in addressing some of life's biggest questions: how can we find God? how should we engage with other faiths? and how can we oppose violence and injustice? Looking carefully, one can find tucked away in Merton's prodigious writings his response to another timeless question: Why do we suffer? Why does an all-powerful and all-loving God permit evil and suffering? By carefully examining all of Merton's work, we find that he repeatedly confronted this question throughout most of his adult life. Intriguingly, Merton's approach to this question changed

dramatically a few years before he died in 1968 An examination of all aspects of his life yields evidence that Merton's immersion in Zen during this time contributed most to that change *The Blue Sapphire of the Mind* Douglas E.

Christie,2013 In *The Blue Sapphire of the Mind* Douglas E. **Thomas Merton** Thomas Merton,M. Basil Pennington,2005

Plaiss,2017-07-27 A monastery is not just for monks Laypeople enjoy visiting monasteries and learning from the women and men who live there The silence of the monastery is a retreat from the clatter and bluster of city and suburb In *No End to the Search* Mark Plaiss married with a wife children and grandchildren writes of his visits to various monasteries while striving to delve into the experience and meaning of monasticism What is behind that wall What is the appeal of monastic life To what degree can such a life be lived by persons who are married and why would they wish to do so This book explores the relationship between the vowed life of monks and the life of laypersons who are unable to live such vows but desire to share just a sliver of it Slow Work of God, The Thomas P. Rausch, SJ,2017 Offers brief meditations on the mysteries of the Christian Life inspired by the Spiritual Exercises of Saint Ignatius and Pope Francis in the context of contemporary culture

Ordinary Paradise Richard Teleky,2018-04-09 While representing the best of human endeavor works of art have become ordinary features of our lives familiar and reliably present writes Richard Teleky They are however extraordinary So extraordinary in fact that in themselves they are a kind of paradise In *Ordinary Paradise* acclaimed author critic and editor Richard Teleky considers a variety of artistic forms from novels and poems to paintings and sculptures to movies and musical compositions in celebration of the creative achievements that surround us and affect our daily lives He examines as well some of the challenges and tensions in any artist's life The essays in *Ordinary Paradise* challenge conventional wisdom and exemplify a dynamic and lively critical approach pointing out troubling trends in contemporary appreciation of art and culture They reveal the rewarding complexities of the demanding art of translation the nostalgic power of re-reading in provoking self-assessment and the fraught connection between language silence and identity as they relate to marginalized voices Teleky immerses himself into ideas of truth beauty and humanity and in so doing provides a compelling exemplar for engaging with contemporary culture and learning the innumerable lessons that artistic accomplishments have to teach us

Wrestling with God Paul O. Ingram,2006-04-14 *Wrestling With God* is concerned with conceptualizing a Christian

pluralist theology of religious experience primarily in dialogue with Buddhism but also in conversation with Confucian Daoist Hindu Jewish and Islamic traditions as well as dialogue with the natural sciences It is through such dialogue as a form of theological reflection that Christians can hope for the emergence of new forms of faith and practice that are relevant to the complexities of contemporary life The author's style and openness make this accessible to the general reader as well as the scholar

Theological Reflections at the Boundaries Paul O. Ingram, 2011-11-04 The interdependence of boundary questions and the experience of cognitive dissonance reveal that knowledge in all fields of inquiry is always incomplete and tentative The issues are particularly acute for Christian theological reflection Ingram illustrates the importance of boundary questions and cognitive dissonance as a means of creatively transforming contemporary Christian theological reflection through dialogue with the natural sciences and the world's religions particularly Buddhism filtered through the lenses of Whiteheadian process philosophy

Thomas Merton's Paradise Journey Thomas Merton, William H. Shannon, 2010-07-15 A book which traces the development of the thoughts and writings of the 20th century Cistercian monk Thomas Merton on the subject of contemplation

Survival or Prophecy? Thomas Merton, Jean Leclercq, 2025-09-23 Introduction by Archbishop Rembert G. Weakland Two monks in conversation about the meaning of life and the nature of solitude Thomas Merton the American Trappist monk who wrote *The Seven Storey Mountain* spent his entire literary career 1948-68 in a cloistered monastery in Kentucky His great counterpart the French Benedictine monk Jean Leclercq spent those years traveling relentlessly to and from monasteries worldwide trying to bring about a long needed reform and renewal of Catholic religious life Their correspondence over twenty years is a fascinating record of the common yearnings of two ambitious holy men What is a monk is the question at the center of their correspondence and in these 120 letters they answer it with great aplomb touching on the role of ancient texts and modern conveniences the advantages of hermit life and community life the fierce Catholicism of the monastic past and the new openness to the approaches of other traditions the monastery's impulse toward survival and the monk's calling to prophecy Full of learning human insight and self-deprecating wit these letters capture the excitement of the Catholic Church during the run up to the Second Vatican Council full of wisdom full of promise

Opening New Horizons Joseph Quinn Raab, 2021-01-19 On the surface Christianity and Zen Buddhism can appear to be worlds apart even antithetical Christianity affirms the reality of the Tri-personal God and the eternal salvation of mortal human beings Zen denies both the existence of God and the soul Yet Thomas Merton the Catholic spiritual master and D. T. Suzuki the famous teacher of Zen engaged in an extensive dialogue and found ways of mutually affirming shared meanings of God and person that each regarded to be true This book explores that dialogue within the larger context of Merton's attraction to Buddhism and considers the implications of their achievement for contemporary theologies of religious pluralism

Thomas Merton and the Noonday Demon Donald Grayson, 2015-10-29 In *Thomas Merton and the Noonday Demon* Donald Grayson transforms a long neglected cache of letters found in an ancient monastery into a book that offers

new insight into the author of these letters Thomas Merton the renowned spiritual writer At the time of their writing the mid 1950s he was living as a Trappist monk at the Abbey of Gethsemani in Kentucky Having reached an impasse in his monastic vocation he decided to leave Gethsemani for the Monastery of Camaldoli in Italy Camaldoli at that time bucolic and peaceful outwardly was inwardly riven by a pre Vatican II culture war whereas Gethsemani which he tried so hard to leave became when he was given his hermitage there in 1965 his place to recover Eden In walking with Merton on this journey and reading the letters he wrote and received at the time we find ourselves asking as he did with so much energy and honesty the deep questions that we may well need to answer in our own lives
