## Entering The Way:

*Entering the Way of the Bodhisattva* Shantideva, 2021-04-13 This modern translation of an essential Mahayana Buddhist text captures the meaning and musicality of Shantideva's original verse and provides readers with an accessible guide to its profound depths. This is a fresh translation of and commentary on *Entering the Way of the Bodhisattva*, perhaps the most renowned and thorough articulation of the bodhisattva path. Written by the eighth century Indian monk Shantideva, *Entering the Way of the Bodhisattva* is a guide to becoming a bodhisattva, someone who is dedicated to achieving enlightenment in order to benefit all beings. Accomplished translator Khenpo David Karma Choephel communicates the power of Shantideva's insights through careful attention to both the meaning and the rhythmic pulse of each stanza, all the while providing necessary context and practical advice for modern readers. After presenting the full translation, Khenpo David Karma Choephel then introduces readers to the text, explaining the key points of each chapter with clarity and wisdom. Combining a uniquely poetic translation with detailed analysis, this book is a comprehensive guide to developing oneself in service of others. Teachings that have been at the heart of Mahayana practice for centuries are given new life, and the supporting commentary makes the text accessible and applicable to practitioners. Readers interested in the bodhisattva path will find this a comprehensive resource filled with captivating verse and incisive interpretations.

*Entering the Way of the Great Vehicle* Rongzom Chokyi Zangpo, 2017-01-17 The first English translation of a classic treatise on how the Tibetan practice of Dzogchen or Great Perfection is in fact the culmination of the path of Mahayana Buddhism. Rongzom Chokyi Zangpo wrote this treatise in the eleventh century during the renaissance of Buddhism in Tibet that was spurred by the influx of new translations of Indian Buddhist texts, tantras, and esoteric transmissions from India. For political and religious reasons, adherents of the new schools of Tibetan Buddhism fostered by these new translations cast the older tradition of lineages and transmissions as impure and decadent. Rongzompa composed the work translated here in order to clearly and definitively articulate how Dzogchen was very much in line with the wide variety of sutric and tantric teachings espoused by all the Tibetan schools. Using the kinds of philosophic and linguistic analyses favored by the new schools, he demonstrates that the Great Perfection is indeed the culmination and maturation of the Mahayana. The central topic of the work is the notion of illusory appearance: for when one realizes deeply that all appearances are illusory, one realizes also that all appearances are in that respect equal. The realization of the equality of all phenomena is said to be the Great Perfection approach to the path, which frees one from both grasping at and rejecting appearances. However, for those unable to remain effortlessly within the natural state, in the final chapter Rongzompa also describes how paths with effort are included in the Great Perfection approach.

*A Balanced Christian Life* Watchman Nee, 1981-12-01 Ephraim is a cake not turned. Hosea 7:8. This is a figurative way of saying not balanced. The cake is burned on the one side, uncooked on the other. On one side it is overdone, on

the other totally undone The cake is unfit to be eaten and is thus destined to be cast out Our God is most balanced He is love and He is light Our Lord Jesus is full of grace and full of truth The Holy Spirit is the Spirit of wisdom as well as of revelation In creation God hath measured the waters in the hollow of his hand and meted out heaven with a span and comprehended the dust of the earth in a measure and the hills in a balance Is 40 12 Concerning redemption it is said that mercy and truth are met together righteousness and peace have kissed each other Truth springeth out of the earth and righteousness hath looked down from heaven Ps 85 10 11 The new creation therefore must be well balanced In this present volume Watchman Nee attempts to show from God s word the perfect equilibrium of divine truth Human nature however is prone to emphasize one side to the exclusion of the other side of truth This has caused much confusion and many problems among God s people It is essential that we know the balance of truth and hold on to both sides so that our Christian life may be well rounded as God has ordained The contents of the book opens with a treatment of the balance between the gate and the way continues with a presentation of the balance between the objective and the subjective includes a discussion on the work inward and the work outward in the Christian life as well as on the rest given and the rest found as promised by Christ contemplates the other side of prayer frequently neglected namely to watch and concentrates on the other less emphasized aspect of the trespass offering that of restoration The book then provides a commentary on the contrast between the truly meek and the spiritually poor and finally concludes with a consideration of the equilibrium that is so necessary between the believer s faith and the believer s walk May all who read this volume be brought into a balanced Christian life     Ways to Nurture the
