**Oceans of Consolation** David Fitzpatrick, 2019-06-30 An ocean of consolation was what one young Irish emigrant in rural Australia called a letter from his father in County Clare in 1855 Similar strength of feeling is often found in the intriguing letters that David Fitzpatrick has unearthed for this extraordinary collection Oceans of Consolation offers historians and family researchers novel and sophisticated ways of reading old letters It opens to us the daily preoccupations of ordinary women and men with little education and fewer material possessions as they try to overcome the separation from family and friends created by emigration Fitzpatrick includes the personal correspondence of fourteen families of Irish emigrants in the Australian colonies giving equal attention to letters to and from Australia He reproduces in full more than one hundred letters dating from 1843 to 1906 and includes a generous selection of contemporary engravings and photographs Fitzpatrick's detailed commentaries offer biographical narratives for all of these emigrants tracing their Irish backgrounds and Australian careers Parting company with editors of comparable collections he pays special attention to the words and idiom by which letterwriters expressed their everyday concerns and sought or offered reassurance and advice He believes that personal letters provide not only unique evidence of the hopes and fears of emigrants but also an important avenue for exploring popular Irish culture

Ireland's New Worlds Malcolm Campbell, 2007-11-14 In

the century between the Napoleonic Wars and the Irish Civil War more than seven million Irish men and women left their homeland to begin new lives abroad While the majority settled in the United States Irish emigrants dispersed across the globe many of them finding their way to another New World Australia Ireland's New Worlds is the first book to compare Irish immigrants in the United States and Australia In a profound challenge to the national histories that frame most accounts of the Irish diaspora Malcolm Campbell highlights the ways that economic social and cultural conditions shaped distinct experiences for Irish immigrants in each country and sometimes in different parts of the same country From differences in the level of hostility that Irish immigrants faced to the contrasting economies of the United States and Australia Campbell finds that there was much more to the experiences of Irish immigrants than their essential Irishness America's Irish for example were primarily drawn into the population of unskilled laborers congregating in cities while Australia's Irish like their fellow colonialists were more likely to engage in farming Campbell shows how local conditions intersected with immigrants Irish backgrounds and traditions to create surprisingly varied experiences in Ireland's new worlds Outstanding Book selected by the American Association of School Librarians and Best Books for Special Interests selected by the Public Library Association Well conceived and thoroughly researched This clearly written thought provoking work fulfills the considerable ambitions of comparative migration studies Choice **Irish Economic and Social History**, 1987 Australian National Bibliography, 1976 Religion in Australian Life Georgina Fitzpatrick, Michael C. Mason, 1982 *Historical Studies, Australia and New Zealand*, 1976 **Historical Studies**, 1976 Includes section Reviews *Australian Books in Print*, 1981

**Entrepreneurs in Family Business Dynasties** Laura Hougaz, 2015-02-23 This book is a longitudinal story of seven Italian Australian family business dynasties spanning over a hundred years across three generations and starting with the founding generation who migrated to Australia in the first half of the 20th century With hard work and sacrifices they set the foundations of a long lasting family culture and the values that form the glue of a multigenerational family business The book focuses on the personal family and business values that keep family members across generations continuing to engage together and successfully as a family and a business The book elaborates on the complexity of what is a family business what it represents for the generational members that are part of it how these family businesses have emerged consolidated and expanded and finally how they continue to survive into the third generation enabling the dynasty to flourish Irish Historical Studies, 1990 Vols 1 include the sections Writings on Irish history 1936 Research on Irish history in Irish universities varies slightly 1937 38 *Australian Books*, 1976 **Australian Books** National Library of Australia, 1973

The Irish in Australia James Francis Hogan, 1887 Bibliography of Imperial, Colonial, and Commonwealth History Since 1600 Andrew N. Porter, 2002 The twentieth century witnessed an unprecedented growth of research and publication on the history of Britain's empire the Commonwealth and British expansion overseas Historical work by area specialists has transformed the state of knowledge concerning colonial North America India the Caribbean sub Saharan Africa South and

South East Asia the Pacific and Australasia Much has been written about Britain's interests and presence in areas and societies never formally subjected to British rule such as Latin America and the Middle and Far East Most recently a preoccupation with the reciprocal impact of overseas expansion and colonial possessions on Britain itself has produced a rapidly growing historiography Publication on this scale has made it virtually impossible for anyone either to keep track of the results or to follow up particular interests Britain's overseas history has never been well supplied with comprehensive bibliographical aids and despite extensive public interest in the subject the position has steadily worsened Following the recent Oxford History of the British Empire this volume is therefore designed to provide a general source of reference and bibliographical guidance at once wide ranging up to date and accessible
