Enterprising Agriculture:

Enterprising Agriculture Gant, Thornthwaite Bannerman, Sally Bannerman, 2001 This book will suit all junior to middle Agriculture courses in Australia but is directed to the NSW course The NSW Agriculture stages 4 5 syllabus adopts a new approach through the use of Agricultural Enterprises as the basis of the course Agricultural Enterprises can be classified into broad groups of plants and animals and are characterised by the production and sale or exchange of agricultural goods and services Enterprising Agriculture is a balanced selection of 10 agricultural enterprises

Enterprising Agriculture Sharmistha Banerjee, Mohua Banerjee, Suneel Kunamaneni, Alfred Chinta, 2021 Agriculture is not merely a simple way of living anymore The primary sector employs more than 30% of the country's labour force and contributes about 15 % to India's GDP Moreover India being an avid exporter of agricultural production it also brings in foreign exchange of 35 Billion Therefore engagement of farmers is not as simple an activity as we would like to believe Being a state subject private sector engagement along with state support would bring in advancement of agricultural cooperation modernization and digitalization for effective innovation in the field The agricultural value chain ranging from inputs to marketing has a lot of gaps which in turn can be utilized as opportunities for entrepreneurial interventions This book comprises articles and research papers that deal extensively in three key focus areas which is its unique proposition A novel collection it brings together writings on i Entrepreneurial Innovations that Impact Agriculture ii Government Policies and Interventions in Entrepreneurship and iii Farmers Development and Welfare through Agriculture For Entrepreneurial Innovations that Impact Agriculture the authors discuss BOP Model for Satellite data Vertical and Sustainable Farming Innovations in Agriculture and Solar Water Pump Packaging and Harvest Post harvest Wastages The section on Government Policies and Interventions in Entrepreneurship has articles on Agricultural Insurance Staple Food Pricing Intellectual Property Rights in agriculture Corporate Governance Organic Farming and Women farmers Farmers Development and Welfare through Agriculture has authors writing about Infrastructure Investment and Rural Entrepreneurship Food Processing Marketing Intelligence Crop Insurance and Market Performances The articles in this book aim to bring to the reader a heterogeneous collection about entrepreneurial opportunities in agriculture

Entrepreneurship Management and Technology in Agriculture

Prashant S. Bodake, Srinivasan Iyengar, Amit A. Deogirakar, 2023-12-28 This book is an insightful examination of the intersection between Entrepreneurship Management and Technology in Agriculture highlighting the essential aspects of the subject matter The introduction sets the stage for a comprehensive discussion recognizing the dynamic nature of entrepreneurship in the agricultural industry The book delves into the concept of Entrepreneurial Success and the significance of a Unique Selling Proposition USP in the context of Entrepreneurship Management and Technology in Agriculture It explores how effectively integrating entrepreneurship management with technology driven USPs can result in a competitive edge fostering success and resilience in the ever evolving agricultural landscape The book further emphasizes

the transformative role of drones in agriculture within the broader context of Entrepreneurship Management and Technology in Agriculture while also addressing the Challenges in Adoption of Drones in the Agriculture Sector Additionally it covers the role of Blockchain in Agriculture within the same context The Handbook of Research on Entrepreneurship in Agriculture and Rural Development Gry Agnete Alsos, S. Carter, E. Ljunggren, 2011-01-01 The agriculture sector around the world has experienced profound changes in recent years This unique and path breaking Handbook draws together the best current research in the area of entrepreneurship in agriculture food production and rural development Agriculture policy reforms have impacted farm incomes while demand side changes have required the development of sophisticated market driven strategies Farmers have demonstrated uneven abilities to adapt and adjust to these ongoing changes The ability and propensity of farmers to engage in entrepreneurial behaviors is a key explanation of the different patterns of responses within the sector This book examines these issues through three main themes The first theme focuses on the firm and the individual entrepreneurs exploring entrepreneurship within the farm sector The second takes a sector and industry perspective exploring new developments in food production and distribution systems The third theme explores the inter relationship between agricultural entrepreneurship and its spatial context Contributions are drawn from international research settings Scandinavia Europe Asia North America Australasia and offer an interdisciplinary approach to the subject This astute Handbook which will challenge and enrich the current literature will appeal to academics in entrepreneurship small business studies agriculture rural studies rural sociology and agricultural economics as well as food industry economists policymakers and all those interested in supporting agricultural and rural businesses Information and Communication Technology for Agriculture and Rural Development R. Agyapong, Gideon Maas, 2020-12-30 *Enterprising Africa* explores the future opportunities, challenges, growth areas and key themes that will shape entrepreneurship in the African continent over the next decade. Entrepreneurship can be the key to unlock resilient growth but only if it is driven by both socially productive and growth-oriented new businesses. The book considers entrepreneurship as an enabler for socio-economic growth and development in Africa, especially in the context of youth unemployment and increasing youth population for which the traditional and indeed emerging industrial sectors will not be able to produce sufficient jobs to meet demand. Organised around three thematic parts, Part I covers the notion of inclusive growth and the role that entrepreneurs can play supporting this. Part II considers the dynamic between entrepreneurs and the environment since social, economic and environmental concerns need to build upon each other rather than vie for recognition. Finally, Part III offers chapters exploring policy contexts and the wider institutional ecosystems that need to be developed and enhanced to ensure a strong and vibrant environment for the future entrepreneurs of Africa to thrive. Edited and authored by leading experts in the field, this fascinating text will be of interest to academics as well as students of International Transformational and Social Entrepreneurship and International and African Business.

Agriculture, peasantry and poverty in Turkey in the neo-liberal age Murat Öztürk, 2023-09-04 This book investigates recent policies introduced into Turkey which are designed to reduce state activities and open up the country to international investment and trade. This is done in the context of the UN's Millennium Development Goals continuing to stretch into the distant future amid the ongoing instability of the global financial system and economic pressures on the West. The focus is on agriculture and the major effects of a deliberate restructuring of an agrarian economy as seen through the lens of the peasant, the village and poverty. This unique socioeconomic review of Turkey, which is generally thought to be a contemporary success story of the neo-liberal paradigm, argues for a new understanding of the destructive effects of global capitalism. Some issues addressed are the effects on Turkey's countryside as its agricultural sector has been catapulted onto the world market, how farming has changed and what this has meant for small-scale enterprises. Also discussed is how rural communities have fared, capital relations have been transformed in the process and the impact this has had on the nation's poor. Finally, the ways in which neo-liberalism has guided government's response to the new social needs is discussed along with how Turkey's experience parallels similar developments worldwide. This serves as a window to the reality of development at a time when the philosophy for growth underpinning development is facing an increasingly profound crisis of confidence worldwide.

Arafat, Mohd Yasir,Saleem, Imran,Ali, Jabir,Khan, Adil,Balhareth, Hamad Hussain,2021-10-22 The literature on entrepreneurship research has generally ignored the agricultural sector Few entrepreneurship scholars who are mostly agricultural economists and rural sociologists have contributed in parallel with an isolated body of work without much integration and a larger research agenda Most of the work in agriculture entrepreneurship focuses on the traditional operations of the sector but lacks the theoretical framework required for a broader conceptual understanding of entrepreneurship in the agriculture sector There is not much alliance between these two parallel research streams Theoretical and methodological differences have constrained the interdisciplinary collaboration **Driving Factors for Venture Creation and Success in Agricultural Entrepreneurship** assesses the main themes of agripreneurship discusses important contextual aspects of the agriculture sector to enhance the understanding of entrepreneurship and highlights how the key contextual dimensions of the agricultural sector can elucidate some of the less understood aspects of entrepreneurship theory and practice Covering topics such as agribusiness and farm entrepreneurship it is ideal for entrepreneurs agriculturalists professionals researchers students academicians and policymakers working in the field of entrepreneurship in various disciplines management education agriculture education sociology economics psychology and technology *The Naturalist* ,1831 Resources of South-West Virginia: Showing the Mineral Deposits of Iron, Coal, Zinc, Copper and Lead.
